A Message from His Excellency by the Secretary;

Mr. Speaker, His Excellency is in the Council-Chamber, and requires the Attendance of the House immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and General Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which was ordered to be read; and it was read accordingly, and is as follows:

Gentlemen

Gentlemen of the Council, and of the General Assembly,

THE bold and unwarrantable Incroachments of the *French*, (with their Indians) upon His Majesty's Lands, on the River *Ohio*, with their invading the King's Territories, even from *South-Carolina* to *Nova-Scotia*, together with their barbarous Depredations, and Murders of his Majesty's Subjects, has been the chief Reason of my calling you together at this Time, when I hope you will see the absolute Necessity of the strictest Union among all his Majesty's Provinces and Colonies, not only for the common Defence, but also for the better Safety and Welfare of each particular Province; and that you will now join with the neighbouring Governments, and cheerfully exert your selves, in raising Men and Money for repelling the *French*, and for driving them from the continual Inroads they are making upon the King's Lands and People: And these Things you can be no Strangers to, while we have repeated undoubted Accounts of their constantly alarming the Frontiers of his Majesty's Provinces, from their most Southerly to their most Northerly Bounds: I therefore hope, and have no Doubt, but that these Things will fire you, (and every true *English* Heart) with a becoming Indignation, against the very extraordinary Proceedings of the *French*, contrary to the Law of Nations, and in open Violation of the Treaties of Peace between the Crown of *Great-Britain* and the *French* King, and to which the *French* ought to have a just and sacred Regard.

THE present melancholly Situation of many of our Neighbours, requires your speedy and humane Regard towards them; nor must you, *Gentlemen*, imagine yourselves exempted from these Cruelties and Barbarities; no! if there be not an effectual Stop put to them, you may soon expect the Enemy on your own Borders: I therefore lately sent, by Express, my Orders to the Colonels of the several Regiments in the Province, to muster them, and to make a thorough Inspection, that Officers and Men be furnished with Arms and Ammunition as the Law directs, and so may be ready for Service upon any sudden Occasion. And here I think proper to say, that it seems necessary to revise the Militia-Act, and to amend and strengthen it, so as to answer the End and Purpose for which it was made; and this to be done more especially at this critical Juncture.

I HAVE now also order'd to be laid before you, a Plan for the Union of the *British* Colonies on the Continent of *America*, as agreed on in the Congress of the Commissioners from a good Number of the King's Provinces, lately held in the City of *Albany*; together with a particular Account of the several Conferences held with the *Six Nations* and other *Indians*, at the said Congress. These Things you will well deliberate upon, and do therein as you shall judge reasonable and necessary.

Gentlemen of the General Assembly,

WHAT I have now mentioned, must of Course be attended with considerable Charge; and as the Provision for it most properly originates with you, I hope, not only for the King's Honour and Interest, but for the Safety and Welfare of the People you represent, you will give the needful Dispatch to every Thing to be done on your Part; and a ready Instance of your Duty in this Respect, will recommend you to the Royal Grace and Favour of the Best of Kings.

Gentlemen of the Council, and of the General Assembly,

‘ I am sensible it will soon be a very busy Time in your private Affairs ;
‘ when you have therefore gone through what I have now laid before you, I
‘ shall be willing to give you such reasonable Recess, as you may desire.

**GEORGE R.** *Additional Instruction to Our Trusty and Well-beloved Jonathan Belcher, Esq; Our Captain General and Governor in Chief in and over Our Colony of Nova Casarea or New-Jersey, in America, or in his Absence to the Commander in Chief of our said Colony, for the Time being.*

*GIVEN at our Court at St. James's, the 9th Day of April, 1754, in the Twenty-Seventh Year of Our Reign.*

**W**HEREAS an humble Petition hath been presented unto us, by the House of Representatives of our Colony of *New-Jersey*, in General Assembly met, setting forth, that by the Expiration of the Time limited for the Currency of the Paper Bills of Credit, heretofore created and issued by Virtue of Acts passed in our said Colony, and approved and confirmed by Us, a further Emission of such Paper Bills is become necessary, as well for enabling them to support Our Government, as for carrying on the Trade and Commerce of our said Colony; and therefore humbly beseeching us to grant our Royal Leave to you our Governor, to give your Assent to a Bill for making current the Sum of *Sixty Thousand Pounds*, in Bills of Credit, upon the like Footing of those formerly emitted: And whereas it hath been represented to us, that a moderate Quantity of such Bills of Credit issued upon a proper Security, and having a proper Fund for their Redemption within a limited Time, may operate in many Respects to the Advantage of our said Colony: And whereas we are at all Times desirous of giving all proper Countenance and Support, to whatever may be proposed for the Advantage and Interest of our Colonies in *America*, and which may tend to the Improvement and Extention of their Trade and Settlements; We are therefore graciously pleased, to condescend to the Request of the Inhabitants of Our said Colony of *New-Jersey*, and to permit and allow, that the Draught of a Bill be prepared by our Council and the Assembly of our said Colony, in order to be passed into an Act, for creating and issuing the Sum of *Sixty Thousand Pounds*, in Paper Bills of Credit, of the like Nature, and on the same Footing with those issued in the Years 1730, and 1733.

**PROVIDED**

‘ PROVIDED always, that the said Bills of Credit so to be issued, shall not  
 ‘ be declared by such Bill, to be legal Tenders in Discharge of any Debts,  
 ‘ Dues or Demands whatsoever.

‘ PROVIDED also, that a Clause be inserted in the said Bill, declaring, that  
 ‘ all and every Part of the Interest Money, to arise from the Loan of the said  
 ‘ Bills of Credit, shall, during their Continuance, be appropriated for and  
 ‘ towards defraying all and every the established and necessary Charges and  
 ‘ Services of our Government, and particularly to the Payment of proper  
 ‘ Salaries, to be therein allotted to our Governor and Commander in Chief,  
 ‘ and to our Judges, Justices, and other our Civil Officers within our said  
 ‘ Colony; and that the said Money shall remain in the Hands of the Treasurer  
 ‘ or Treasurers of our said Colony, to be issued and disposed of for the Services  
 ‘ aforesaid, by Warrants under the Hand of our Governor or Commander in  
 ‘ Chief for the Time being, by and with the Advice of our Council, and by  
 ‘ no other Authority whatsoever.

‘ IT is nevertheless Our WILL AND PLEASURE, that you do not give  
 ‘ your Assent to any such Draught of a Bill, for Emitting the said Sum of  
 ‘ *Sixty Thousand Pounds*, in Bills of Credit, until you shall have transmitted  
 ‘ such Draught unto our Commissioners for Trade and Plantations, in order to  
 ‘ be laid before Us, and shall have received our Royal Pleasure thereupon.

‘ AND Our further WILL AND PLEASURE is, that you do not carry into  
 ‘ Execution, this our Instruction, nor any Clause, Matter or Thing herein  
 ‘ contained, until all the Bills of Credit, which were created and issued by  
 ‘ Virtue of Acts passed in our said Colony in the Years 1730, and 1733, and  
 ‘ which are now outstanding, or such of them as have not been lost or

Whereupon Mr. Read, from said Committee, made the following Report.

E

Ordered,

Ordered,

That *Charles Read*, Esq; from the Committee appointed to inspect the Laws of *Great Britain*, and of this Colony, relating to Persons disqualified to sit in the House of Commons and General Assembly, do make the following Report to the House, viz. That by an Act of the General Assembly, pass'd in the 4th Year of his present Majesty, Chap. L. Sec. 2. its declared, That every Person, who by Reason of any Office, Pension or Salary from the Crown, was, by the Laws of *Great Britain*, disabled to sit or vote in the House of Commons, shou'd in like Manner, be disabled to sit or vote in the House of Representatives here, for Reasons suggested in the Preamble of the said Act; and particularly, because the Parliament of *Great Britain* had deemed it necessary on the like Occasions; and therefore it became expedient for us to inspect the Acts of Parliament thereon; and the rather, because its agreeable to the Directions of the House so to do; and in Compliance therewith, we have accordingly inspected the same, and do find, that by an Act of Parliament pass'd in the 4th of *Ann*, Chap. VIII. Sec. 26; and by another of the 6th of *Ann*, Chap. VII. Sec. 25, and 26, sundry Officers therein specified; and particularly Pensioners, during Pleasure, are disqualified. That by an Act of the 1st of *George* the First, Chap. LVI. Sec. 1. Pensioners for any Term or Number of Years, are disqualified; but we do not find by the abovementioned, nor any other Acts of Parliament, that the Judges of the King's Bench, or Common-Pleas, or Barons of the Exchequer in *England*, are excluded from sitting in the House of Commons; but that, on the contrary, Pensioners during Pleasure, and for any Term or Number of Years, are excluded; which Pensioners, by *Jacob's Law Dictionary*, are rendered to be a Band of Gentlemen, (so called) that attend as a private Guard on the King's Person; and that a Pension is a yearly Payment of Money in Recompence of Service; and by *Chambers*, its defined to be a yearly Appointment or Sum of Money, for Service already past.

That by the 4th Inst. Page 47, its suggested, that none of the Judges of the King's Bench, or Common-Pleas, or Barons of the Exchequer, that have judicial Places, can be chosen Knight, Citizen, or Burgefs of Parliament, as its now holden, because they are Assistants in the Lords House: And yet you may read (says the same Authority) in the Parliament Roll, *Anno*. 31. H. 6. That *Tborp*, Baron of the Exchequer, was Speaker of the Parliament: But any that have judicial Places in the Court of Wards, Courts of Duchy, or other Courts, Ecclesiastical or Civil, being no Lord of Parliament, are eligible: That all the Justices of *England*, and Barons of the Exchequer, are Assistants to the Lords, to inform them of the Common Law, and thereunto are called severally by Writ. Thus far the said Inst. above referred to, with which *Jacob's Law Dictionary*, and *Lex Parliamentaria*, page 182, 183, in Substance agree.

That by *Dewes' Journal* of the House of Lords and Commons, during the Reign of Queen *Elizabeth*, Page 67, 71, and 99, the Judges of the King's Bench, Common-Pleas, and Barons of the Exchequer, appear not only to be Assistants to the Lords, but were in sundry Instances, joint Committees with them, until the 39th of the same Queen; as by Page 142, 527, doth appear; and by Page 279 of said Journal, it further appears, that the said Queen made *Sir Robert Bell* Lord Chief Baron of the Exchequer, and so his Place of Speaker became void, as some thought, because he was to be called by Writ, as a necessary

necessary Attendant on the Lords, although others thought that the Chief Baron might be Speaker ; so that there appears to have been a Difference in Sentiment upon that Head, without any determinate Resolution of the Commons at that Time made thereon.

That if the Judges of the King's Bench, or Common-Pleas, or Barons of the Exchequer, were disabled from sitting in the House of Commons, when the said Act of General Assembly of the 4th of his present Majesty was pass'd, its not unlikely such Disability might be founded upon the Common Law of *England*, or the Customs or Usage of Parliament, as reported by the said 4th Inst. *Jacob's Law Dictionary*, and *Lex Parliamentaria*, and not upon any Act of Parliament in force before the said Act ; and that such Common Law, Custom or Usage, might, in some Respect, take Rise from the said Judges and Barons necessary Attendance upon the House of Lords ; which Attendance is not only suggested by the Authorities above referred to, but is also further corroborated by the said *Dewes' Journal*, wherein its evident, they were not only Assistants to the Lords, but in some Instances joint Committees with them ; so that their sitting in the House of Commons, while they were required to perform a Duty in the House of Lords, would have been incompatible ; and how far the like Incompatibility may affect any Person in Office, now a Member of the House, together with the preceeding Report, is humbly submitted to their mature Consideration.

By Order of the Committee,

October 15, 1754.

CHARLES READ, *Chairman.*

The House resuming the Consideration of the Matters alledged against *Samuel Nevill, Esq;* being disqualified to sit in the House of General Assembly, and having duly considered the Report of the Committee relating to Persons disqualified to sit in General Assembly ; and the Laws of *Great Britain*, and of this Province in such Cases provided ; and upon due Deliberation had thereof, the Question was put, Whether Mr. *Nevill* do sit in the House or not ? The Petition to his Majesty, on Behalf of the said Bill, was also read the second Time, and sundry Amendments being made thereto, the same as amended, was agreed to by the House, and is as follows :

To the KING's Most Excellent Majesty :

The Petition of the House of Representatives of the Colony of New-Jersey, in General Assembly met :

MOST HUMBLY SHEWETH,

THAT Nothing but the pressing Necessity of the Times, and the Impossibility of complying with your Majesty's late Instructions to his Excellency our Governor, could have induced us to have given your Majesty this additional Trouble on the Subject of a Paper Currency.

SENSIBLE of the many Blessings we enjoy under your Majesty's benevolent Reign, and determined to act as becomes a grateful People, it is a Matter of no small Concern, to be thus obliged to renew our Applications; but not doubting the Continuance of your Majesty's paternal Regard, and calling to Mind the gracious Reception, which the Complaints of a needy People have always hitherto met with, We are encouraged humbly to lay before your Majesty, that the making the Bills of Credit intended to be emitted, no lawful Tender, would, as we conceive, entirely defeat their Intention; the Nature of their Emission being such as requires Land or other real Security, of double and treble the Value, to be first given, before they can be taken out of the respective Loan-Offices; and the Freeholders of this Colony, in general quite unacquainted with the Nature of Bank-Bills, or any Currency of that kind, would not, we apprehend, mortgage their Lands for a Specie which it is uncertain that they can ever part with.

As it is chiefly the Merchants of *New-York* and *Philadelphia*, that give Life to our Trade, our Money must consequently sometimes pass through their Hands, and would (we conceive) be very unlikely to give Credit to a Currency from us, which is so unusual in the Colonies around us; and not obligatory on the Inhabitants, to be mutually taken between Man and Man in our own Government: For these and other Reasons, a Paper-Currency on the Footing prescribed in your Majesty's Instructions, we humbly conceive, would not be practicable; and therefore have been necessitated to have Recourse to another Expedient, which, that your Majesty's Royal Intentions might be as nearly complied with as possible, We have agreed upon the Draught of the annexed Bill, for making current *Seventy Thousand Pounds*, in Bills of Credit, upon the Footing of those heretofore emitted in this Colony, saving only that

the whole Interest thereof is now appropriated to your Majesty's Use, excepting the necessary Charges attending the Emission, and so much as will sink the Sum of £. 13771 - 16 - 3¹/₂, now outstanding in this Colony in Bills of Credit, being Part of what were made current for your Majesty's Service in the late War; *Ten Thousand Pounds* of the first Money to be struck by the said Bill, is immediately to be applied as your Majesty shall please to direct, for assisting the neighbouring Colonies in dispossessing the *French* from your Majesty's Lands on the *Ohio*, which is afterwards to be sunk as the Interest Money from the remaining £. 60,000, will come in; and when those two Sums are sunk, there will annually arise a considerable Sum of Interest Money, for your Majesty's Use, subject only to future Appropriations for the Defence of the Frontiers of this and the neighbouring Colonies.

May it therefore please Your Majesty,

In Consideration of the Premises, and to encourage a Spirit of Industry among us, to enable the Inhabitants to go on with their Improvements, and pay their Taxes towards the necessary and honourable Support of the Government; that your Majesty would be graciously pleased to signify your Royal Approbation of the Bill hereto annexed, for making current the Sum of £. 70,000, and give Leave to the Governor of this Colony, to enact the same.

Ordered,

That Mr. *Read*, Mr. *Miller*, Mr. *Fisher*, and Mr. *Hancock*, do wait upon the Council, with the said Bill and Petition, and desire they will please to give their Sentiments thereon, to his Majesty's Ministers, in such Manner as shall be most agreeable to them.

Mr. *Read* reported, that Mr. *Miller*, Mr. *Fisher*, and Mr. *Hancock*, and himself, had performed the Order of the House.

The engrossed Address to his Excellency was read and compared.

Ordered,

That Mr. Speaker do sign the same.

Ordered,

That Mr. Speaker, Mr. *Read*, Mr. *Wetherill*, Mr. *Spicer*, and Mr. *Smith*, be a Committee to correspond with the Agent of this Colony, at the Court of Great Britain.

Ordered,

That *James Parker* do send 25 of the remaining Sets of the Votes of this House that he is ordered to keep and stich together, to the Treasurer of the Eastern-Division, to be distributed as follows.

To the GOVERNOR,	5
Each of the Council,	1
Agent,	4
Secretary,	1
Each of the Treasurers,	1
To each of the Clerks of this House,	1

And that the said Printer do send, of the remaining 24 Sets of the Votes, to the Speaker, and each of the Members, one.

Mr.

Mr. *Leonard* and Mr. *Ogden*, brought from the Council the Bill for making current £. 70,000, in Bills of Credit, and the Petition to his Majesty, with the following Message.

Council-Chamber, October 17, 1754.

‘ The House taking the Draught of the Bill and Petition, sent this Day from the House of Representatives, into Consideration, are of Opinion,

‘ 1. That the making current £. 70,000, in Bills of Credit at this Time, in this Colony, would be very agreeable to the Inhabitants in general; and we conceive it to be the only practicable Method at this Time for raising Money, to assist his Majesty, in defending his Territories in *America*, without laying a heavy Burden on the People of this Colony, in raising Money by additional Taxes.

‘ 2. That we agree with the House of Representatives in their Sentiments of the Necessity of making the Bills of Credit, a lawful Tender for Payment of Debts; as all Bills of Credit hitherto current in the *English* Plantations have been; and without which, we are of Opinion, that the whole Intent of the Bill will be defeated.

‘ We should have been glad to have found some of the Monies of said Bill, which are not appropriated for future Services for his Majesty, had been applied for the purchasing of Arms and Ammunition, to be in Readiness in Case of an Invasion, and for the Defence of this and the neighbouring Colonies.

‘ *Ordered,*

‘ That Mr. *Leonard* and Mr. *Ogden*, do carry back the said Draught of a Bill and Petition, with the above Sentiments of this House concerning the same.’

THOMAS BARTOW, *D. Clk.*

Ordered,

That Mr. Speaker do sign the said Bill and Petition; and that two fair Copies of each be prepared for him also to sign, and transmit to the Agent of this Colony, to be by him laid before his Majesty; and that two fair Copies of the above Message be also certified by the Speaker, and transmitted therewith.

The House resuming the further Consideration of the proposed Plan of Union between the several Colonies; and after due Deliberation thereon, are of Opinion, that if the same shou’d be carried into Execution, it might be prejudicial to the Prerogative of the Crown, and the Liberties of the People.

A Message from his Excellency, by his Clerk, informing the House, that his Excellency requests the Papers laid before the House by the Secretary, this Session; and also informing the House, that his Excellency is in the Council Chamber, ready to receive the Address of the House: Whereupon Mr. Speaker left the Chair, and with the House waited on his Excellency, and delivered their Address, in the Words following.

*To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of New-Jersey, and Territories thereon, depending in America, Chancellor and Vice-Admiral in the same, &c.*

The Humble ADDRESS of the Representatives of said Province, in General Assembly met.

*May it please your Excellency,*

WE His Majesty's most dutiful and loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly met, beg Leave to acquaint your Excellency, that we have taken the Encroachments of the *French* (with their *Indians*) upon his Majesty's Territories, into our most serious Consideration.

We can truly say, we want not Arguments, to convince us of the absolute Necessity of the strictest Union among all his Majesty's Provinces and Colonies, for the Preservation of the Whole; and on our Part, have endeavoured to cultivate such an Union, by contributing our Endeavours in the best Manner the Circumstances of this Colony will admit. Your Excellency must be sensible, that the Scarcity of a Currency in this Colony, at this Time, makes it very difficult for the Inhabitants to exert themselves as fully as the Exigency of the Times seems to require: And, therefore, we cannot doubt, but the Measures we have fallen upon, not only to give a handsom Sum to the King's Use at present, but to provide a Fund to do it hereafter, in Case of a like Necessity, will prove agreeable to your Excellency, and all concern'd.

We have duly considered the Militia-Act now in Force, and are of Opinion, it will sufficiently answer the Purposes intended by it.

We have also taken into Consideration, the Plan for the Union of the *British* Colonies on the Continent of *America*, as agreed on in the late Congress at *Albany*; and are sorry to say, that we find Things in it, which, if carried into Practice, would affect our Constitution in its very Vitals; and for that Reason, we hope and believe, they will never be countenanced by a *British* Legislature.

We

We thank your Excellency for the Care and Concern you have shewn in the several Matters recommended to us ; and we hope, the Unanimity and Dispatch with which they have severally been treated in this House, will recommend our Determinations, and be agreeable to your Excellency.

*By Order of the General Assembly,*

Several of the Members being  
of the People called *Quakers*,  
agree to the Substance of this  
Address, with their usual Ex-  
ception to the Stile.

ROBERT LAWRENCE,  
*Speaker.*

And then his Excellency was pleased to pass the Bill for naturalizing *Henry Graaf* and others ; and then to prorogue the House to the 22d Day of *November* next.

BY Virtue of an Order of the General Assembly,  
I do appoint *James Parker* of *Woodbridge*, to

His Excellency informed the House by a Messenger, that his Indisposition of Health obliges him to defer sending for the House till To-morrow.

*Tuesday, February 25. 1755.*

The House met.

*Resolved,*

That *Nathaniel Davis* be Door-Keeper of this House.

A Message from his Excellency, by the Deputy Secretary ;

*Mr. Speaker, His Excellency requires this Attendance of the House immediately.*

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency ; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly ; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy ; which was ordered to be read ; and it was read accordingly, and is as follows :

‘ *Gentlemen of the Council, and of the General Assembly,*

‘ **N**OTHING less than his Majesty's Commands, in a Letter I have  
‘ received from Sir *Thomas Robinson*, (since our last Sitting) one of his  
‘ Majesty's principal Secretaries of State, dated *Whitehall, October 26, 1754,*  
‘ could have prevail'd upon me, to summon you to meet me at this Time,  
‘ considering the Season, and the Difficulty of the Roads.

‘ Nor cou'd any Thing but the weak State of my Health, prevented my  
‘ meeting you at *Burlington* or *Perth-Amboy*.

a

‘ That

‘ That you may have the clearest View of his Majesty’s paternal Care and Goodness, for the Safety and Welfare of this Province, (as well as of those of our Neighbours) I shall order the Letter above-mentioned to be laid before you; and therein you will find his Majesty particularly expects from you, and that without any Delay, viz.

“ That you shou’d carefully provide a sufficient Quantity of fresh Victuals at the Expence of your Government, to be ready for the Use of the Troops at their Arrival.

“ That you shou’d likewise furnish the Officers, who may have Occasion to go from Place to Place, with all Necessaries for Travelling by Land.

“ And that there be Care taken for quartering the Troops, providing all Necessaries for such Forces as shall arrive or be raised within your Government; and, that his Majesty will expect, that the Charge thereof be defray’d by his Subjects belonging to the same.

“ And as to other Articles, you will use your utmost Endeavours, to induce the Assembly of your Province, to raise forthwith, as large a Sum as can be afforded; as their Contribution to this common Fund; to be employ’d provisionally, for the Service of *North-America*; particularly, for paying the Charge of levying the Troops, to make up the Compliment of the Regiments.”

‘ The Arrival of his Majesty’s General and Commander in Chief of the Forces now rais’d and raising, is daily expected, together with the Regiments from *Ireland*, and from *New-England*, at *Virginia*, for immediately prosecuting from thence his Majesty’s Royal Orders, in the present Exigency of Affairs.

‘ *Gentlemen of the General Assembly,*

‘ Having laid these Things before you, and that most of the neighbouring Governments have raised proportionable Sums, for aiding and assisting, in the present Expedition, against the *French* and *Indians*: I shall not doubt your now raising such a Sum of Money, as his Majesty may justly and reasonably expect from you, and to be done with the greatest Dispatch, as being what you will see, the Nature of the Case absolutely requires.

‘ As the Lives, Liberties, civil and religious, and the Properties of the People of this Province, are greatly in Danger at this critical Conjuncture, I have Reason to believe, that your cheerfully falling into your Duty to the King, for the Safety of his Subjects here, will be very acceptable to your Constituents.

‘ Notwithstanding the Answer you gave me the last Session respecting the Militia Act, yet I must subjoin to the afore-going Article, that I think it absolutely necessary, for the King’s Service, and for the Safety of the good People of the Province, that the Militia Act be well revised and bettered, by raising the Fines for Non-appearances of the private Men; for, upon the general Muster (which I lately order’d) the Officers have made Complaints to me, that the Fines are so low, as that considerable Numbers will not attend their Duty; as also, that the Musters by Law being so seldom, the Men are very ignorant in the Exercise of Arms, so that the yearly Muster ought to be at least doubled.

‘ And

‘ And it wou’d be well, to enquire, whether the Act may not also be made better, for obliging the Officers of the several Regiments, to the more strict Compliance with their Duty.

‘ As the Militia of the Province, is (under God) the only Defence we can make upon an Attack from the Enemy: I think this Article is of great Importance to the Quiet and Safety of the Province, and to be taken (without Delay) into your most mature Deliberation.

‘ *Gentlemen of the Council, and of the General Assembly,*

‘ After your having fully gone through these Affairs, if you have any Thing to lay before me, for his Majesty’s Service, and the Benefit of the Province, I shall chearfully attend to it, or otherwise give you a Recess, to such Time as may be most convenient for your meeting again.’

*Gentlemen of the General Assembly,*

*S*INCE the Opening of this Session, I have received the following Letters from Mr. *Shirley*, Governor of his Majesty's Province of the *Masachusetts Bay*, in *New-England*, dated *February 7, 1755*; and another from Mr. *De Lancey*, Lieutenant Governor of his Majesty's Province of *New-York*, dated *New-York, February 22, 1755*; both of them inclosing the several Acts of those Provinces, for prohibiting the Exportation of Provisions, &c. to any of the *French Colonies in America*, in this Time of imminent Danger from the *French*; and which, I think, are so prudent and reasonable, that I have no Doubt of your readily falling into an Act of the same Nature.

And further, I hope you will, by an Addition to the Militia Act, enable me to send a good Number of Men to *New-York*, for their Assistance and Relief, in Case they should be attack'd by the *French*; who, if they should succeed, will soon make a Prey of this Neighbouring Province.

A Message from his Excellency by his Clerk.

*Gentlemen of the General Assembly,*

BY the Petition and Affidavits I send you herewith, you will find, that in the Month of *February* last, a great Riot was committed in the County of *Hunterdon*, by several Persons, (chiefly Foreigners,) living in that County, and using many Threats against many of his Majesty's liege Subjects; and diverse of them gathering together, to oppose the Officers of this Government, and declaring, that they could at any Time raise some Hundreds of Men to their Assistance, to perpetrate their wicked Purposes. *Gentlemen*, those audacious Attempts (at this Time of Danger from abroad) to oppose the Powers of Government, and especially by Foreigners among us, ought, I think, to engage every Branch of the Legislature, to use their best Efforts, without Delay, to put a Check to every Thing that may in the least disturb the general Peace of the Province, among ourselves; which I hope you will take into your serious Consideration, and in Concurrence with the other Parts of the Legislative Power, fall on such

Methods

' Methods as may be effectual, to bring those Riotors to receive Punishment  
' adequate to their Crimes, so that others may fear committing the like  
' Offences for the future.

*Council-Chamber,  
Eliz-Town, March 3, 1755.*

*J. Belcher.*

*Ordered,*

That Mr. *Read* and Mr. *Leaming*, do wait on his Excellency, and acquaint him, in Answer to his Message of this Day, that the House have come into the following Resolves; which we hope will put those infatuated People upon considering the Consequence of their Actions, and be effectual to discourage such illegal Measures for the future.

*Resolved, Nemine Contradicente,*

That it is with the utmost Concern this House receive the Information of any new Troubles and Disturbances in this Colony, and have the greatest Detestation of the Practices of such Persons, who stand in Opposition to the established Methods of submitting the Decision of Property to Trials at Law.

*Resolved, Nemine Contradicente,*

That every Person who shall oppose the Officers of the Government in the due Execution of the Laws of the Land, is an Enemy to the Colony.

*Resolved, Nemine Contradicente,*

That when this House is satisfied, that the Power of the Government proves ineffectual for the suppressing Riots and Disorders, that it will be the Duty of the Legislature to support the Government, and the Administration of the Laws.

*Resolved, Nemine Contradicente,*

That as it appears in Proof before the House, that these Disturbances are chiefly owing to *High Germans*; that it is expedient, that a Number of these Resolves, and of such Proclamations as his Excellency shall think proper to issue, be translated into the *German Language*, and be dispersed among the Settlers on the Society's Tract, in *Hunterdon*, that no Person may plead Ignorance thereof.

*Ordered,*

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, and delivered their Address, in the following Words.

c

To

Dance Breanley.

To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of *New-Jersey*, and Territories thereon depending in *America*, Chancellor and Vice-Admiral in the same, &c.

*The Humble ADDRESS of the Representatives of said Province, in General Assembly met.*

May it please Your Excellency,

*WE* his Majesty's most dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly met, having taken the Matters recommended in your Excellency's Speech into Consideration, are fully convinced of the Necessity your Excellency was under, of convening us together at this Time, tho' the Inclemency of the Season, and other Difficulties, has made it a Task that we shou'd chuse to have avoided, if it cou'd have been done without Prejudice to the Service recommended in Sir Thomas Robinson's Letter.

That Part in particular, which seems to require the providing of Carriages and Necessaries for such Forces as shall arrive within this Government, appearing to us of immediate Necessity; we have passed a Bill, for providing a Sum, which, by the Calculation we have made, will be fully sufficient for the Subsistence of such of his Majesty's regular Forces, with their Baggage, and the necessary Carriages, as can be expected to pass through this Province, whilst on their March through the same.

With Regard to the other Particulars mentioned in Sir Thomas Robinson's Letter, it is known to your Excellency, that at the late Sitting in October last, at Perth Amboy, a Bill was agreed on by this House, for providing the Sum of Ten Thousand Pounds, for his Majesty's Use, on that Occasion, which could not be known in England at the Time of writing the said Letter, it being dated in the same Month; and as the said Bill was, very soon after the said Sessions ended, transmitted for his Majesty's Royal Approbation, we are not without Hopes, it has had the desired Success before this Time; and that we shall soon be thereby able to answer our full Proportion of the Money that will be necessary on the present Exigency. This, with the Unanimity and Dispatch with which it was accompanied, we hope, will be a prevailing Reason with your Excellency, to believe our Intentions hearty in the Service: And that, while we are waiting a few Weeks for the necessary Means, to make our Endeavours the more effectual, we shall not be tho't to have any latent Reserves, inconsistent with the Design.

The Militia Bill, was, at the last Sitting, on your Excellency's Recommendation, fully considered, and thought by the House, sufficient to answer the Designs intended by it; but as your Excellency was pleased to recommend it to us again, we have now re-consider'd the same, and are still of Opinion, it is sufficient to answer what is propos'd by it.

Having gone through the Affairs your Excellency has recommended, and such other Matters as we esteem'd of immediate Importance, we know of Nothing else sufficient to detain us at this Time.

Our Meeting at this Place, contrary to the established Practice of the Government, is such an Infringement on our Rights, that Nothing but your Excellency's declining State of Health, and the Necessity of the Business we have done, can justify

*justify us to our Constituents, for attempting, by any Act of ours, to alter a Custom, that our Ancestors have thought necessary to establish, as one of the Fundamentals of this Government.*

Assembly-Chamber, March 1, 1755:

Several of the Members being of the  
People called *Quakers*, agree to the  
Substance of this Address, with their  
usual Exception to the Style.

By Order of the General Assembly,  
ROBERT LAWRENCE,

*Speaker.*

And then his Excellency was pleased to give his Assent to the following Bills, enacting the same, *viz.*

1. *An Act to prevent the Exportation of Provisions, naval or warlike Stores, from the Colony of New-Jersey, to Cape-Breton, or to any other the Dominions settled by the Subjects of the French King.*

2. *An Act for making Provision for the Subsistence of his Majesty's Forces, during their March through this Colony, and for providing Carriages for transporting their Baggage.*

*Ordered,*

That Mr. *Stevens* and Mr. *Debart* do wait on his Excellency, and acquaint him, that the House have gone through the Business before them, and desire, that he will please to put an End to this Session.

Mr. *Stevens* reported, that Mr. *Debart* and himself delivered the above Message to his Excellency, who was pleased to say, that the House should hear from him immediately.

A Message from his Excellency, by Mr. Secretary ;

*Mr. Speaker, it is his Excellency's Pleasure, that the House adjourn themselves to the sixteenth Day of April next, to meet at Perth-Amboy.*

The House accordingly adjourn'd to the sixteenth Day of *April* next, to meet at *Perth-Amboy*.

*Gentlemen of the General Assembly,*

' AS the Matters I have to communicate to you for his Majesty's Service,

According to the Order of the Day, his Excellency's Speech was read, and is as follows, *viz.*

*Gentlemen of the Council, and of the General Assembly,*

' SINCE our last Meeting, I suppose you have an Account from your  
' Agent, of the Receipt of your Petition to the King, with the Bill which  
' accompanied it; in which I don't find by my Letters to 18th of *January*  
' past, any Progress had been made; so that waiting for the Issue of that Mat-  
' ter before you fall into your Duty to his Majesty, and into a tender Care of  
' the People you represent, may prove fatal, so far as your just and proportio-  
' nable Aid and Assistance might contribute to the Success of the warlike  
' Operations now going forward; on which Occasion, I heartily congratulate  
' you on the happy Arrival of the Honourable General *Braddock*, with the  
' King's Ships and Forces, at *Virginia*.

' And by the latest Advices, we may be soon expecting another Squadron  
' of the King's Ships, and also a large Squadron of *French* Men of War, and  
' with a great Body of Land-Forces; so that the Supplies necessary to be  
' made in these Affairs, you may see will admit of no Delay.

' Because I cannot so well describe to you, his Majesty's quick and just Re-  
' gard to the Honour and Dignity of his *British* Diadem, as well as his ten-  
' der Care of his People in these Parts of his Dominions; I now communi-  
' cate to you, a Letter I have lately receiv'd from the Right Honourable the  
' Earl of *Halifax*, first Lord Commissioner for Trade and Plantations, which  
' sets his Majesty's tender Care of his Subjects, in a just and engaging Light;  
' and yet, after all, you will find, that noble Lord says,—"The Means of their  
' future Security are now open to them, and cannot fail of Success, if they  
' shall be back'd by such Vigour, Unanimity and Dispatch, as is incumbent on  
' his Majesty's Colonies to exert on so important an Occasion; for without  
' these, what has been done by his Majesty, may prove very inadequate to  
' the Services intended;"--and in the End of another Paragraph of the said  
' Letter, you will find thus, "This great Opportunity of giving future Safety  
' to his Majesty's Subjects in *America* may be lost."

' I have lately receiv'd from his Excellency Mr. *Shirley*, Governor of the  
' *Massachusetts Bay*, in *New-England*, a Plan of Operation for the King's For-  
' ces (besides those destined in Defence of our Neighbours to the Southward;)  
' and Governor *Shirley*'s Letter, with the Papers that accompany'd it, I shall  
' order to be laid before you; in which, I think, you will see a well concerted  
' wise Scheme, for the future Safety of all the King's Colonies in *North-America*,  
' and for effectually driving the *French* from the Incroachments and Invasions  
' they have made, and are making, upon the King's Territories, and for con-  
' fining them within their own Limits on this Continent: And for a more par-  
' ticular Account of this Article, as to the present Armament, I shall refer you

‘ to the Honourable *Andrew Olliver*, Esq; one of his Majesty’s Council of the  
 ‘ *Massachusetts Bay*, who comes with a Commission from that Government to  
 ‘ treat with you for raising a Quota of Men (over and above your just Pro-  
 ‘ portion, to be contributed towards the general Fund, for the Support of the  
 ‘ Forces raised and raising :) And as all the Governments already apply’d to,  
 ‘ have chearfully fallen into it, I shall not doubt your heartily joining with  
 ‘ them.

‘ *Gentlemen of the General Assembly,*

‘ The raising of Money for the Services I have mentioned, lying with your  
 ‘ House, I shall not doubt, but, upon your due Deliberation, you will think  
 ‘ you ought to lose no Time in doing it : And as a further Encouragement to  
 ‘ the Practice of your Duty herein, to your King and Country, I think it pro-  
 ‘ per to tell you, (if I am not misinform’d) in so doing, you will render your-  
 ‘ selves more acceptable to the Generality of the good People of the Province.

‘ *Gentlemen of the Council, and of the General Assembly,*

‘ I hope the present Complexion of Affairs at this critical Juncture, will  
 ‘ lead you into such Measures, as that you may have the Honour to be call’d  
 ‘ with his Majesty, the kind and tender Fathers of this People : For Things  
 ‘ seem to be brought to a Point, whether his *British* Majesty shall enjoy his just  
 ‘ Rights, and his People their Liberties and Properties under him ; or whe-  
 ‘ ther the *French* King shall be Lord of all *North-America* : I say, whether  
 ‘ his Majesty’s *North-American* Subjects, shall, for the future, breath *English*  
 ‘ Liberty, under the best of Kings, (as to their Religion and Properties) or be  
 ‘ brought under the abject Yoke of *French* Slavery and Tyranny.

‘ May Almighty God, conduct you in your Consultations into much Har-  
 ‘ mony, and into such an Unanimity, as may give the best Dispatch to these  
 ‘ Important Affairs.’

*Elizabeth-Town,*  
*April 8th, 1755.*

J. BELCHER.

And then his Excellency, by Mr. Secretary, laid before the House, the Plan and Letters referred to in his Speech ; which were respectively read.

The Honourable *Andrew Olliver*, Esq; a Commissioner from the *Massachusetts Bay*, attending, was admitted into the House, where he produced his Commission for soliciting this Province, for assisting the other Colonies, in building and erecting a Fortrefs near Fort St. *Frederick*, in Order to defend our Frontiers ; which was read ; and then, in Pursuance of his said Commission, he presented a Memorial to this House for that Purpose ; which was also read ; and then he withdrew.

A Message from his Excellency by Mr. Secretary.

‘ *Gentlemen of the General Assembly,*

‘ **A**S Mr. *Olliver*’s Memorial is address’d to the whole Legislature, I  
 ‘ think, for the better Dispatch of Business, it wou’d be best for the  
 ‘ Council and Assembly, to confer by joint Committees, on the subject  
 ‘ Matter thereof.

A Message from his Excellency, by his Clerk, acquainting the House, that his Excellency is in the Council Chamber, ready to receive the Address of the House.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency ; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, and delivered their Address, in the following Words.

*To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.*

The Humble ADDRESS of the Representatives of said Province, in General Assembly met.

*May it please your Excellency,*

**WE** His Majesty's most dutiful and loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly conven'd, from a grateful Sense of his Majesty's paternal Care over his Dominions in *North-America*, think ourselves obliged to acknowledge your great Satisfaction, in the happy Arrival of the Honourable General *Braddock*, with the King's Ships and Forces at *Virginia* ; and your Excellency's kind Congratulation thereupon.

By our latest Advices from *England*, the Bill we last Fall prepared and transmitted, with a Petition, praying his Majesty's Royal Approbation, had been but a few Days arrived ; and the Lords of Trade had appointed a short Day for the Consideration of it ; so that we hope we may still be allowed to please ourselves with the Expectation of its Success : But as the Issue of that Application is uncertain, and the Measures concerting to the Eastward, appear to us evidently calculated to promote the Settlement of his Majesty's Lands near the *Ohio*, and establish a Frontier to the Northern Colonies ; we have exerted ourselves still further : And what we have now done, we hope will carry its own Recommendation, both to his Majesty and our Neighbours, having only  
to

to observe, that, as it is an extraordinary Occasion, our putting the Inhabitants of this Colony (already loaded with a heavy Debt, incurr'd for his Majesty's Service, on Enterprizes nearly of the same Kind) to the Difficulties of sinking the Whole by Taxes in so little a Time as five Years, will not hereafter be drawn into Precedent upon a less Occasion.

*By Order of the House,*

*April 16, 1755.*

ROBERT LAWRENCE,

*Speaker.*

Mr. Nevill reported, that Mr. Read and himself, delivered the Bill with them intrusted, to the Speaker in Council.

A Petition from *Hunterdon* County, signed by 114 Petitioners, being of the same Nature and Tenor of those before-mentioned, from the Counties of *Bergen, Essex, Middlesex, and Somerset*, relating to Acts of Hostilities committed by the *French, &c.* was presented to the House and read.

The House adjourn'd till two, *P. M.*

The House met.

Mr. Smith and Mr. Paxson, had Leave to be absent on urgent Occasions:

The House adjourn'd till To-morrow Morning Nine o'Clock.

*Friday, April 18, 1755.*

The House met.

A Petition was presented to the House from *Stephen V. Courtlandt*, of *Second River*, in the County of *Essex*; setting forth, that in the Seventeenth Year of his present Majesty's Reign, he obtained his Majesty's Letters Patent, for the Privilege of keeping a Ferry or Ferries over *Passaick River*, between the Counties of *Essex* and *Bergen*; and extending from *Ogden's Wharf* to *Saddle River*; praying an Act for settling and establishing the Fees and Rates for said Ferries; which was read, and referred to further Consideration.

A Petition of *Jacob Ouke*, a Prisoner for Debt in *New-Brunswick* Goal, was presented to the House, praying an Act for his Relief; which was read, and referred to further Consideration:

A Message from his Excellency, by Mr. Secretary:

' *Gentlemen of the General Assembly,*

' IN Answer to your Message of the twelfth Instant, an Express was immediately dispatch'd to the Honourable General *Braddock*, with my Letter, purporting the Substance of the said Message.

' And in Answer to your Message of the fifteenth Instant, I propose to give the Command of the Troops that may be raised within this Province, to Colonel *Peter Schuyler*, of the County of *Bergen*, a worthy Gentleman, and well qualified for his Majesty's Service in such a Post.

' Sometime the next Week, I expect to hear the Result of the Congress of Governors at *Annapolis*, and therefore think it for his Majesty's Honour and Interest,

‘ Interest, and for the Safety and Welfare of this Province, that the whole  
 ‘ General Assembly continue together, as something new and material may  
 ‘ come from thence, which may be necessary to be laid before them : And  
 ‘ as there is Advice of a Squadron of *French* Ships, with a Body of Land-For-  
 ‘ ces, sailed from *France*, near Ten Weeks ago, and of whose Arrival on  
 ‘ this Continent, we may daily expect to hear, it may be prudent for us to sit  
 ‘ some Time longer.

‘ Things standing thus, and now being a leisure Season for the Sitting of  
 ‘ the Assembly, it wou’d be saving much Trouble to the Members, as well  
 ‘ as a great Expence to the Province, to do as much Business now as can be  
 ‘ done ; more especially to pass the Bill for the Support of Government, and  
 ‘ thereby to prevent our meeting again the next Month, when (you are sen-  
 ‘ sible) it will expire,

‘ *Gentlemen*, Upon your sedate Consideration of what I have said, I believe,  
 ‘ you will think putting it in Practice wou’d be for his Majesty’s Honour and  
 ‘ Service, as well as for the Interest of the Province, and well becoming the  
 ‘ Care and Justice of your House.’

Whereas an Act, entitled, *An Act to prevent the Exportation of Provisions, naval or warlike Stores, from the Colony of New-Jersey to Cape-Breton, or to any other the Dominions settled by the Subjects of the French King*, passed the last Sessions of General Assembly, will expire by its own Limitation, by the first Day of *June* next ; and the House being sensible of the Danger that may arise to these Northern Colonies, by the *French* being supplied with Provisions, &c. from amongst us.

*Ordered,*

That Mr. *Nevill* and Mr. *Read*, be a Committee to prepare and bring in a Bill for Continuance of the aforesaid Act for a longer Time.

Mr. *Nevill*, from the Committee appointed for that Purpose, brought in a Bill, entitled, *An Act to continue an Act, entitled, An Act to prevent the Exportation of Provisions, Naval or warlike Stores, from the Colony of New-Jersey to Cape-Breton, or to any other the Dominions settled by the Subjects of the French King ; which was read, and ordered a second Reading.*

A Message from his Excellency, by his Clerk :

‘ *Gentlemen of the General Assembly,*

‘ **I** Have taken an Opportunity of seeing the Bill whereby you propose to  
 ‘ contribute your Aid to carry into Execution, a Scheme you justly allow  
 ‘ to have been wisely concerted for, and evidently calculated, to promote the  
 ‘ Settlement of his Majesty’s Lands near the *Ohio*, and to establish a Frontier  
 ‘ to the Northern Colonies : It wou’d give yourselves, and the good People  
 ‘ you represent, great Cause of Uneasiness, if (thro’ a Defect which I observe  
 ‘ in

in your Bill) the great and good Purposes you design by it shou'd be retarded or defeated; the Care you have taken that no Misapplications shou'd be made of the Money, nor any Waste be made of the Stores, shew your Care of the Interest of your Constituents: And as the Captains can have no other Advantages than the Monthly Pay allowed them; I recommend it to you, to consider, whether it is probable that any Captain can afford to be at the Expence of riding thro' this Colony, with their Sergeants and Drums, in order to the inlisting of Men, and be at the other Expences usually attending, without an Allowance for it: And as, I am assured, you must agree with me, that his whole Wages will not support this single Expence, I hope you will enable them to proceed in this Business, by making a suitable Provision for this Service. But if the Bill shou'd be assented to by his Majesty's Council, and I shou'd judge it not inconsistent with my Duty to enact it; and by your making no Provision in the Matter above recommended, I shou'd find your immediate Assistance necessary; my Duty to his Majesty, and the good People of the Colony, will oblige me to convene you sooner than the ordinary Business of the Government wou'd incline me so to do.

Council-Chamber,  
April 19, 1755.

J. BELCHER.

The Bill, entitled, *An Act to continue an Act, entitled, An Act to prevent the Exportation of Provisions, naval or warlike Stores, &c.* was read the second Time, and agreed to by the House, and ordered to be engross'd.

The engross'd Bill, entitled, *An Act to continue an Act, entitled, An Act to prevent the Exportation of Provisions, naval or warlike Stores, from the Colony of New Jersey to Cape-Breton, or to any other the Dominions settled by the Subjects of the French King;* was read and compar'd; and on the Question,

*Resolved,*

That the said Bill do pass.

*Ordered,*

That Mr. Read and Mr. Johnston, do carry the same to the Council for their Concurrence.

Mr. Read reported, that Mr. Johnston and himself, delivered the Bill with them intrusted, to the Speaker in Council.

The House taking into Consideration his Excellency's Message of this Day; and on the Question, Whether any Allowance be made to the Captains, for the Expence attending the inlisting of their Companies? It passed in the Negative.

*Ordered,*

That Mr. Holmes and Mr. Bradbury do wait upon his Excellency, and acquaint him, that this House having duly considered his Message of this Day, are of Opinion that the Sum granted by the Bill therein mentioned, is all the Aid this Colony can possibly give to his Majesty's Arms under its present Circumstances; and desire his Excellency to excuse us from applying any Part of that Sum, as an Allowance to the Captains for the Expence attending the inlisting of their Companies. And that this House is of Opinion, that if

his Excellency shall order the several Colonels to appoint the Meetings of the Companies which compose their Regiments, in such Manner as may give the Officers of the Troops in this Expedition, the best Opportunity of applying to them, under Arms; it would greatly facilitate the raising the Volunteers for this Service:

The House adjourn'd till Monday Morning Nine o'Clock.

*Monday, April 21, 1755.*

The House met.

*Ordered,*

That Mr *Read* and Mr. *Hancock* do wait on his Excellency, and (in Answer to his Message of Friday last) inform him, that the Dispatch he gave to the Application to the Honourable General *Braddock*, is very agreeable to this House: That this House are of Opinion, that his Excellency's Appointment of Colonel *Peter Schuyler*, to command the Troops of this Colony, will have a great Influence on the Inhabitants, by encouraging them to enlist under the Command of a Gentleman, whose Courage and Conduct they have Reason to be well satisfied with, and whose kind and humane Behaviour to the Troops of this Colony on the last Expedition, rendered him very acceptable to the Soldiers.

As the Bill pass'd this House this Session, contains all the Aid this Colony can possibly give to his Majesty's Arms, under its present Circumstances; and his Excellency will be enabled thereby to put a Stop to the Expence of the Colony, if the General and Governors at their Congress, shou'd disapprove the Scheme which gave Rise to that Bill; this House is of Opinion, that Nothing can be there agreed on, which can render it necessary to encrease the public Expence, by continuing the General Assembly here.

That this House are willing to hope, that nothing more is intended by the *French King's* Armaments from *France*, than his relieving the Troops he usually keeps on Foot abroad; and have the greatest Confidence in his Majesty's Care and Goodness, in protecting his loyal Subjects in *America*, by a Squadron of Men of War and Troops, if the *French King* does not satisfy him, as to the Destination and Use of that Armament.

That a very busy Season wou'd overtake the Endeavours of this House, for completing any further Business, than what is now before them: and assure his Excellency, That this House will, as soon as the Harvest is over, if his Excellency shall grant them so necessary a Recess, cheerfully enter upon the public Business at the usual Places; and hope no Inconvenience will arise to his Excellency, by so small a Delay of the Support.

A Message from the Council by Mr. *Ogden*, acquainting the House, that the Council have pass'd the Bill, entitled, *An Act to encourage the enlisting Five Hundred Freemen, or well-affected Indians, in this Colony of New-Jersey, &c.* without any Amendment.

A Message from the Council by Mr. *Saltar*, as follows :

*Ordered,*

“That Mr. *Saltar* do acquaint the House of Assembly, in Answer to their  
“ Message of this Afternoon, by Mr. *Yard* and Mr. *Vangeson*, that this House

## GENERAL ASSEMBLY

OF THE

Province of NEW-JERSEY.

ELIZABETH-TOWN, *Wednesday, April 23, 1755.*

**P**URSUANT to his Excellency's Prorogation of the General Assembly to this Day, the House met.

A Message from his Excellency, by his Clerk:

*Gentlemen of the General Assembly,*

**T**HE Return of the Express gives me an Account of his Excellency General BRADDOCK's approving the Plan of Operation, for the King's Forces on this Continent; and I now lay before you General Braddock's Answer to what I wrote him at your Request, whereby you will find, you may be furnish'd with the Arms you desired, so as to save a great Expence to the Province, and thereby be the better enabled to give a suitable Encouragement to the Enlisting of Men; and without which, I have great Reason to believe, from Colonel Schuyler, and from many other Gentlemen, the Raising of Men will be greatly retarded, if not entirely defeated: I therefore once more earnestly recommend to you, an effectual Provision to be made on this Head.

' You see, by the Terms proposed, that the Arms cou'd not have been obtained without calling you again together, if we had parted Yesterday, whereby the Colony wou'd have been put to great Expence, and yourselves to considerable Inconveniency.

*Gentlemen of the General Assembly,*

I HEREWITH lay before you His Excellency Governor *Shirley's* Letter, whereby you will see, that the Destination of the Troops of this Colony is too confined; and as I have a full Confidence, that it is agreeable to the Sentiments of the Legislature, that the Troops shou'd do the most effectual Service the Time will admit of; I must recommend it to you, to pass a short Act, to enable the Officers to command them to Action to any Place where his Majesty's Honour and the Interest of the Colonies, may make their Assistance necessary.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the past for a variety of reasons. Some are interested in the past because they want to know what happened and why it happened. Others are interested in the past because they want to understand the people who lived in the past and how they thought and felt. Still others are interested in the past because they want to learn from the mistakes of the past and avoid them in the future.

OF THE

## General ASSEMBLY

ELIZABETH-TOWN, *Thursday July 31st, 1755.*

**P**URSUANT to his Excellency's several Prorogations of the General Assembly from time to time until this Day, the Members met, and the Speaker not being come to Town, his Excellency Prorogued the House till to morrow Morning nine o'Clock.

*Friday, August 1, 1755.*

Pursuant to his Excellency's Prorogation of Yesterday the House met.

*Ordered,*

That Mr. *Read*, and Mr. *Stevens*, do wait upon his Excellency, and acquaint him, that a sufficient Number of Members to proceed on Business are met.

Mr. *Stevens* reported, that Mr. *Read* and himself delivered the above Message to his Excellency, who was pleased to say the House should hear from him immediately.

A Message from his Excellency by his Clerk.

' Mr. *Speaker*,

' His Excellency requires the Attendance of the House in the Council Chamber immediately.

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait on his Excellency.

And being returned Mr. *Speaker* resumed the Chair, and reported, that the House had waited on his Excellency who was pleased to make a Speech to the Council and House of Assembly, of which Mr. *Speaker* said he had (to prevent mistakes) obtained a Copy, which was ordered to be read and it was read accordingly, and is as follows.

*Gentle-*

*Gentlemen of the Council, and of the General Assembly.*

‘ UPON the Advices I have lately received of an Action between  
 ‘ the King’s Troops, under the Command of the late brave General  
 ‘ Braddock, and a body of *French* and *Indians*, on the Banks of the Ri-  
 ‘ ver *Monongahela*, and upon which the *English* Troops have been ob-  
 ‘ liged to retreat; I say this extraordinary Event has been the  
 ‘ reason of my calling you together something sooner than I intended.  
 ‘ The Accounts of this Matter have been very various, but the most  
 ‘ authentic, is a Letter from Mr. *Orme*, Aid de Camp to General *Brad-*  
 ‘ *dock*, wrote to Governor *Morris* of *Pennsylvania*, which shall be com-  
 ‘ municated to you: And as this Matter may produce fatal Consequen-  
 ‘ ces to this and the Neighbouring Provinces, I have thought it necessa-  
 ‘ ry that this whole Legislature should enter into the earliest and most  
 ‘ sedate consultations, for preventing the Evils that may accrue, and  
 ‘ to do all in our Power for the best Defence and Safety of this Pro-  
 ‘ vince, and those of our Neighbours; and before I leave this Subject,  
 ‘ you will give me leave to recommend to you, the passing of a Bill  
 ‘ for restraining the Exportation of Provisions, and Warlike Stores, out  
 ‘ of this Province, for some reasonable Time.

‘ I think it is Storied of the *Pelican*, that *she Sucks out her own Blood*,  
 ‘ to *Nourish and Support her Young*; an uncommon Storge in Nature,  
 ‘ and in a good Degree, a fine Pattern of Imitation for all true Fa-  
 ‘ thers and Lovers of their Country. How unnatural a Perfidy is it  
 ‘ then for any Persons or People from a voracious Thirst after filthy  
 ‘ Lucre, to be supplying their Enemies with Food and Raiment, and  
 ‘ Warlike Stores, thereby to enable them to subsist and to be contin-  
 ‘ ually annoying their Neighbours, who thus support them? and if I  
 ‘ am rightly inform’d this has been the Case, too often, of some of our  
 ‘ Neighbouring Provinces in supplying the *French* in the manner I  
 ‘ have mentioned, or many of their Settlements must have been broke up  
 ‘ long ago. And altho we have certain Advice of a large Fleet of *French*  
 ‘ Ships and Land Forces, arrived at *Cape-Breton*, and at *Canada*, yet we  
 ‘ are at the same Time inform’d, that they are in great Streights as to  
 ‘ Provisions, we shall therefore Honour ourselves in passing such an Act;  
 ‘ as I have mentioned, which may greatly distress the Enemy, and have  
 ‘ a good Tendency to the better safety of all the *English* Colonies.

‘ *Gentlemen,*

‘ I have lately received a Letter from Mr. *Dinwiddie* Governor of  
 ‘ *Virginia*, relating to the Arms with which he supplied us, as also a Let-  
 ‘ ter from Col. *Peter Schuyler*, respecting the Troops of this Province un-  
 ‘ der his Command, both which Letters I shall Order to be laid before  
 ‘ you, that you may do upon them what may be Necessary in support of  
 ‘ the Honour and Justice of this Government.

‘ *Gentlemen of the General Assembly.*

‘ As the raising of Money’s for defraying all the past Charge of what  
 ‘ has

‘ has lately been thought necessary and expedient to be done, together  
 ‘ with the usual Support of the Government, belongs to you to begin  
 ‘ upon, I shall not doubt your giving the best Dispatch to what most  
 ‘ properly originates at your House.

‘ *Gentlemen of the Council, and of the General Assembly.*

‘ If you can think of any Thing else, for advancing the King’s Honour  
 ‘ and Interest, and the Weal and Prosperity of *New-Jersey*, I shall, upon  
 ‘ your Suggesting it to me, chearfully promote it to the utmost of  
 ‘ my Power.’

*Elizabeth-Town, Council Chamber,*

*August 1, 1755.*

J. BELCHER.

*Ordered,*

That his Excellency’s Speech have a second reading.

His Excellency by Mr. *Secretary* laid before the House, the Letters  
 and Papers refer’d to in his Excellency’s Speech.

A Motion was then made and the Question put, whether this House  
 will at this Time proceed on the public Business of the Colony or not ;  
 it was passed in the Affirmative.

A Motion was then made, and the Question put, whether this House  
 shall apply to his Excellency to adjourn the General Assembly to *Perth-*  
*Amboy*, there to proceed on Business, as one of the usual Places of doing  
 Business, according to the Constitution of the Colony? it pass’d in the  
 Affirmative.

*Ordered,*

That Mr. *Nevill*, and Mr. *Smith*, do wait on his Excellency and ac-  
 quaint him, that this House having unanimously come to a conclu-  
 sion to do the necessary Business of the Colony at this Time, as well as  
 to duly consider the important Matters his Excellency has recommended  
 to us, out of a tender regard to the Priviledges established by our An-  
 cestors, find it necessary to make this Application to his Excellency; to  
 desire he will be pleased to adjourn the General Assembly to *Perth-Am-*  
*boy*, as that is one of the usual Places of doing Business, and we ap-  
 prehend the necessary intercourse, between his Excellency and us, may  
 be as ready as it prov’d at the Sessions in *October* last.

A Written Message from his Excellency By Mr. Secretary as follows, viz.

' Gentlemen of the General Assembly,  
' *I* N Answer to your Message of this Day, I am well pleased that you are  
' come to an unanimous Conclusion to do the necessary Business of the  
' Colony at this Time, as well as to consider duly the Important Matters I have  
' recommended to you: you cannot but be sensible as well as I what a  
' critical Conjunction this is with respect to the safety and Welfare of this  
' Province, you will therefore give all possible Dispatch in the Affairs that  
' lie before you.

' As to the other Part of your Message, I must assert the King's Right and  
' Prerogative, and that the calling you hither is absolutely conjoinant to the  
' King's Royal Orders to me.

' However the old Romans wisely consider'd, that while Hanibal was at  
' their Gates, all Disputes and Contention should subside, and as I look  
' upon the Province in the present Situation of Affairs to be attended with  
' much Difficulty and Hazard, in Answer to your request, I have Ordered  
' the Secretary to Adjourn your House, to morrow the 2d Instant, to meet at

A Message from his Excellency by Mr. *Secretary*.

' Mr. *Speaker*,  
' His Excellency requires the Attendance of the House in the Council Chamber immediately.

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait

wait on his Excellency, who was pleased to make the following Speech to the Council and House of Assembly.

‘ *Gentlemen of the Council and of the General Assembly.*

‘ **S**INCE the opening of this Session, by my Speech of the first Instant, I have a Letter from Governor *De Lancey* of *New-York*, with several Papers inclosed of great Importance to this and all the *English* Colonies in *North-America*, and these Things the *Secretary* shall deliver you.

‘ As the Province of the *Massachusetts* are raising with all Expedition *Five Hundred* fresh Recruits, and *New-York Four Hundred*, I am fully of Opinion the best aid and assistance we of this Province can give, will be in the raising as many Men as we possibly can, and to send them with the greatest dispatch to join Col. *Schuyler’s* Regiment under the Command of General *Shirley*.

‘ We must not sink under the Gloom of the late unhappy Event, but as becomes true *English* Men, our Spirits must rise with our difficulties, and we must make the more strong and vigorous push to emerge out of them.

‘ Upon reading the Governor of *Nova-Scotia’s* Letter, to the Governor of the *Massachusetts*, I think it my Duty to repeat, and to press upon you the passing of a Law without delay, in strict Prohibition of Provisions of any kind from this Province for three Months to come; the Act to be so restricted and qualified as may be the least detrimental to ourselves or our Neighbours. For altho’ the Governor may issue Proclamations of Embargo, yet it is the Legislature only, that can impose Mulets, and Fines on such Offenders, as shall presume contrary to Nature and Reason, to supply our Enemies with Provisions, and thereby prevent their falling a Prey into our Hands.

‘ Although I have once and again recommended to you the revising and amending the Militia Act, yet I must again recommend it to your serious Consideration, as a thing absolutely necessary to defend and save the poor People of this Province on the Frontiers, from the merciless Depredations and Cruelties of the *French* and *Indians*: For as we have no regular Troops, we have (under God) no Force or Hope but what we may expect from the Militia of the Province, and it ought therefore to be put under a better Regulation, than it might be on a common occasion.

‘ *Gentlemen,*

‘ As any thing new comes to my hands, I shall be communicating it to you, and I pray God to direct you into your Deliberations, in the best measures for lengthening out the Welfare and Prosperity of the Good People under our Care.’

*Elizabeth-Town, Council Chamber,*

To His Excellency JONATHAN BELCHER, Esq; Captain General  
 and Governor in Chief, in and over His Majesty's Province of New-  
 Jersey and Territories thereon depending in America, Chancellor and  
 Vice Admiral in the same, &c.

The humble Address of the Representatives of the said Province in  
 General Assembly met.

*May it please your Excellency,*

WE His Majesty's most dutiful and loyal Subjects the Representa-  
 tives of the Colony of *New-Jersey* in General Assembly met,  
 being nearly affected at the News of General *Braddock's* Retreat and  
 Death

Death, do sincerely join in the universal Concern on so melancholly an occasion.

When the unexampled Intripidity of that great, tho' unfortunate General, and his Officers, is compared with every Circumstances attending the whole Affair, it makes an Event not less alarming than hard to be accounted for by human Reason, and must therefore remain among the secret Councils of unerring Wisdom, who yet upon a suitable Humiliation, by an easy turn of his Providence can give Success to the British Cause, in a manner that may not only revive, but extend our Hopes, and make the loss of those brave Men who fell on the Banks of the *Monongahela* more supportable.

Having no Reason to doubt but that his Majesty's Southren Colonies upon a desirable Union among themselves, will on an Exertion of their Power, be found greatly superior to any Force the French can bring to Fort *De Quesne*, we think it the most advisable that the whole Strength which this Colony can spare, should be bent to the Maintenance of our Regiment under Col. *Schuyler*, and keeping it compleat and effective; and we beg your Excellency will believe this to be our fixed Sentiments founded upon mature Deliberation.

The Maintenance of this Regiment, for the Time expected, will be attended with an Expence; which under our present unhappy Circumstances will be difficult to discharge; our very great Disappointment in respect to the Paper Money Bill, sent home for his Majesty's Approbation; the late uncommon dry Seasons, by which the Crops in several Parts of this Colony have in a great Measure failed; and the Scarcity of a Currency at this Time; are Circumstances that do not equally affect many of the other Colonies, and considered with our known inferiority in Point of Wealth and Number of People, must apologize for our not enlarging the Number of our Men in the manner your Excellency desires.

As your Excellency, since you was pleased to recommend to us the providing a proper Law to lay an Embargo in this Colony, hath thought proper, with the Advice and Consent of his Majesty's Council, to do it by Proclamation, we doubt not but when it is enforced by a proper Law, it will have the desired Effect; and therefore we shall not fail to use our best Endeavours to render your Excellency's care effectual.

With Regard to the Arms with which Governor *Dinwiddie* supplied this Colony, we are informed by the Commissioners, that they are all paid for pursuant to the Agreement, and Governor *Dinwiddie's* Order, and we hope to his full Satisfaction.

Altho we have lately given your Excellency our Opinion in respect to the Militia Bill; as you were pleased to take this Occasion to recommend

mend the Consideration of it again: We assure your Excellency it hath been now fully reconsidered by us, and being made in War Time with Provision in extraordinary Cases, we are still of Opinion that it is not Necessary to make an Alteration in it.

Your Excellency will perceiye by the Bills which this House have sent up to his Majesty's Council, and which will be laid before you for your Assent, that the Government is cheerfully and amply supported for the usual Time.

*Assembly Chamber, August 19th. 1755.*

By Order of the House,

*Robert Lawrence, Speaker.*

After which his Excellency was pleased to give his assent to the following Bills Enacting the same, *viz.*

1. *An Act for making current Fifteen Thousand Pounds in Bills of Credit, for the further supply and pay of the Forces, lately raised in this Colony, under the Command of Col. Peter Schuyler and for directing the manner how the said Fifteen Thousand Pounds shall be sunk.*

2. *An Act more effectually to prevent the French from being supplied with Provisions, Naval and Warlike Stores, from the Colony of New-Jersey.*

3. *An Act for the support of Government, of his Majesty's Colony of New-Jersey, to Commence the 21st Day of May, 1755, and to end the 21st Day of May, 1756, and to discharge the publick Debts, and the Contingent Charges thereof; and for settling the Quotas in the respective Counties and levying of a Provincial Tax.*

4. *An Act to preserve the Navigation of the Rivers and Creeks within the Colony of New-Jersey.*

5. *An Act for the Relief of poor Distressed Prisoners for Debt.*

6. *An Act for Naturalizing John Beccleheimer, and others.*

7. *An Act for Naturalizing Michael King, Adam Agee, and others.*

And then his Excellency was pleased to Prorogue the General Assembly to the *Twenty fourth* Day of September next to meet at *Perth-Amboy*.

BY Virtue of an Order of the House, I do appoint *William Bradford* of *Philadelphia*, to print these Votes.

## General ASSEMBLY

ELIZABETH-TOWN, *Wednesday* November 12. 1755.

**P**URSUANT to his Excellency's several Prorogations of the General Assembly, from time to time, to this Day, the House met; and adjourned till to-morrow Morning nine o'Clock.

*Thursday*, November 13, 1755.

The House met.

*Ordered,*

That Mr. *Stevens* and Mr. *Tard* do wait on his Excellency and acquaint him, that a sufficient Number of Members to proceed on Business are met, and are ready to receive any Thing he shall please to lay before them.

Mr. *Stevens* reported, that Mr. *Tard* and himself, delivered the above Message to his Excellency, who was pleased to say, he would send for the House as soon as there were a Quorum of the Council met.

The House adjourn'd till two P. M.

The House met.

A Message from his Excellency by Mr. *Secretary*.

Mr. *Speaker*,

'His Excellency is in the Council Chamber, and requires the Attendance of the House immediately.'

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait on his Excellency: And being returned, Mr. *Speaker* resumed the Chair and reported, that the House had waited on his Excellency,  
who

who was pleased to make a Speech to the Council and House of Assembly, of which Mr. *Speaker* said he had, to prevent Mistakes, obtained a Copy, which was ordered to be read, and it was read accordingly, and is as follows.

*Gentlemen of the Council and of the General Assembly.*

THE present Situation of Affairs, in this Time of common Danger, has made it necessary, for His Majesty's Honour and Interest and for the better Safety of this Province, to call you together at this Time, to communicate to you several Things I have received since I last met you; and I shall order them to be laid before you, for your more particular Information, viz.

*Whitehall, May 13. 1755.* The Lords Justices Order upon your Petition to his Majesty, and the Bill you had projected for emitting £. 70,000 in Paper Currency.

As also the Lords of Trade's Representation to the King, of the 19th of *March* on the same Affair.

*Whitehall, July 26.* The Right Honourable Sir *Thomas Robinson's* Letter, of the Expectation that *France* would proceed to an open Rupture with *Great Britain*, &c.

*Camp at Oswego, Sept. 9. 1755.* General *Shirley's* Letter, of the present State of Things respecting the King's Troops under his Command, and of the Expediency of Commissioners from this and the neighbouring Governments, to meet at *New-York* the 15th Instant, in a general Consultation for his Majesty's Service, and for the Safety of the Provinces.

*Halifax, October 1. 1755.* Admiral *Boscawen's* Letter to Lieutenant Governor *Phips*, as to a Prohibition of the Exportation of Provisions, &c.

*New-Castle and Philadelphia, October 29, and November 1. 1755.* Governor *Morris's* Letters, with particular Accounts of the barbarous Murders and Depredations perpetrated by the French and Indians, on the poor distress'd People of *Pennsylvania*.

*November 7. 1755.* *James Anderson's* Affidavit of an Alarm in the County of *Sussex*, on the Approach of the Indians towards *East Town* in *Pennsylvania*, &c.

These Things, Gentlemen, you will carefully deliberate upon, and which I think must produce your wise Resolutions, of exerting all in your Power for maintaining the King's Interest and Honour, and for the safe guard of the good People of this Province, and in aid and assistance

assistance of our poor distressed Neighbours, if it should finally be found absolutely necessary.

I think it would be highly prudent to appoint, without delay, a Commissioner to meet the Commissioners of the other Governments at *New-York*, the 15th Instant.

You will see by Admiral *Boscawen's* Letter, the starving Condition of the *French* at *Canada* and *Cape-Breton* are in, that I wish the Governments would still continue their Prohibitions of the Exportation of Provisions and Warlike Stores.

I do in Justice to Col. *John Anderson*, of the County of *Suffex*, mention his great Alacrity in raising four Hundred Men, and marching them to the Defence of *East Town* in *Pennsylvania*; and which I hope will inspire the other Officers and private Men of the Province, to exert themselves in Defence of their People, in Case the Enemy should enter into any Part of this Province. And I am glad to say to you, that the People in general seem resolved, by the help of God, to give the Enemy a warm Reception, wherever they may come.

I would inform you, that upon the repeated Advices I received, I sent my Orders by Express the last Week, to every Colonel in the Province, to muster his Regiment and to see they were well equit with Arms and Ammunition according to Law, and to be ready to march on the first Notice of the Enemy's approach to any of our Frontiers: And I must not leave this Article without earnestly recommending to you the passing a Bill of all possible Encouragement to such brave Men as shall voluntarily engage in the Service of their King and Country.

Although it is two Months ago since His Majesty's Troops under the Command of the brave Major General *Johnson*, and the brave Major General *Lyman*, gave the French and Indians such a remarkable Defeat, yet I must now first of all for this, give Praise to the God of Armies, and then Congratulate you on this happy Occasion; and at the same Time give my Thanks to these prudent and brave Officers, and to the Men that fought under them, with so much Courage and Intrepidity.

As the Winter is just at Hand, which may prevent the further proceedings on the Plan of Operations, for the Troops till towards the Spring, I shall not doubt your good and kind Care, that the Regiment of this Province be now, and always well and seasonably supplied with good Provisions, and all Warlike Stores, to enable them the better to encounter the Enemy.

‘ God Almighty grant in the Time of this increasing Danger, that  
 ‘ not only the three Parts of the Legislature may Act in great Har-  
 ‘ mony, but that all the private Members of the Common Wealth,  
 ‘ may unitedly exert for the Defence of themselves and of their  
 ‘ Neighbours.

*Elizabeth-Town, Council Chamber,*  
*November 13. 1755.*

J. BELCHER.

The House met.

His Excellency's Speech was read the second Time, and with the Letters and Papers therein referred to, was committed to a Committee of the whole House.

The House accordingly resolved itself into a Committee of the whole House, on his Excellency's Speech, &c. After some Time spent therein, Mr. *Speaker* resumed the Chair, and Mr. *Nevill*, Chairman of the Committee, reported, that the Committee had gone through the Matters to them referred, and had come to a Resolution, that a humble Address be presented to his Excellency, in Answer to his favourable Speech. To which Report the House agreed.

*Ordered,*

That Mr. *Nevill*, Mr. *Stevens*, Mr. *Hancock*, Mr. *Smith*, and Mr. *Weatherill*, be a Committee to prepare the Draught of an Address to his Excellency.

The House adjourn'd till two P. M.

The House met.

Mr. *Nevill* from the Committee appointed for that Purpose, brought in the Draught of an Address to his Excellency, which was read, and several Amendments being thereunto made, was agreed to by the House, and ordered to be engrossed.

The engrossed Address to his Excellency was read and compared.

*Ordered,*

That Mr. *Speaker* do sign the same.

*Ordered,*

*Ordered,*

That Mr. *Smith* and Mr. *Johnston* do wait on his Excellency, and desire to know when he will be waited on by the House with their Address.

The Commissioners appointed to furnish the late Supplies for the Troops, having informed the House, that in Consequence of certain Advices from Col. *Schuyler* and his Officers, they had purchased a Blanket for each Soldier in the Regiment under his Command, on Condition that the Province should be reimbursed for that Expence out of the Wages of the Troops in Case the House did not approve the Supply : And the House taking the same into their Consideration, and believing the Supplies necessary, and within the meaning of the A<sup>t</sup> for providing for the said Troops, are of Opinion, that the Commissioners should be allowed in their Accounts for the said Blankets and Expence of Conveyance, and that no Deduction be made out of the Wages of the Troops for the same.

A Message from his Excellency by his Clerk, in the following Words.

*Gentlemen of the General Assembly,*

THERE being no Money in the Treasury appropriated for any incidental Charges of the Government, let the King's Service, or the safety of the Province be never so pressing, I cannot send Expresses on the most emergent Occasion: I therefore desire the House would make a reasonable Provision, that Persons may not refuse to go (as some have already) unless they cou'd have their Money paid them immediately upon their having done their Duty.'

*Elizabeth Town,*

*Nov. 14. 1755.*

J. BELCHER.

The House taking his Excellency's Message into Consideration.

*Resolved,*

That this House will provide for the Re-payment of all Monies that may be advanced by sending necessary Expresses.

Mr. *Smith* reported, that Mr. *Johnston* and himself, delivered the Message of the House with them entrusted, to his Excellency, who was pleased to say, the House should hear from him soon.

A Message from his Excellency by his Clerk.

*Mr. Speaker,*

'His Excellency requires the Attendance of the House in the Council Chamber immediately.'

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait on his Excellency: And being returned, Mr. *Speaker* resumed the

the Chair and reported, that the House had waited on his Excellency, and presented their Address in the Words following.

*To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c.*

*The Humble ADDRESS of the Representatives of the said Province in General Assembly met.*

*May it please your Excellency,*

**W**E His Majesty's most dutiful and loyal Subjects the Representatives of the Colony of *New-Jersey* in General Assembly met, cannot but express to your Excellency our Concern that we are so unhappy as to be denied a Paper Currency on the Terms set forth in our humble Petition to His Majesty, as it would be of the greatest Use to this Colony.

Perceiving by the Intelligence contained in *Sir Thomas Robinson's* Letter, that the *French* seem likely to draw on a War, we hope to make a prudent Use of the kind Hint he has given of being on our guard.

Having lately had several Instances of Governor *Shirley's* Care over this Province, we take this Occasion to gratefully acknowledge it; and in particular what your Excellency has now communicated from him respecting a Commissioner being sent from hence to assist at the approaching Congress at *New-York*: But as we have never on any Occasion been concerned in sending Commissioners, we do not now think it necessary.

The Regiment of Five Hundred Men under Col. *Schuyler*, which by the Act passed last Session, are supported to some time the next Summer, are we apprehend a full Quota for us under our present Circumstances; and when that expires, if the Reasons for continuing the said Regiment on Foot is the same, we doubt not of their being further Supported; but we are well assured, the Occasion must be very extraordinary to induce a Province already loaded as this is, to add any Thing further.

As the Act for prohibiting Provisions, &c. from being carried to the *French*, continues till next *May*, we apprehend it is sufficient for the present.

As the Accounts from *Pennsylvania* seem very uncertain, we are in hopes the Consequences will not be so bad as it at first appeared; however, as we are fully convinced that the exposed Provinces have a Force that, if properly exerted, will be sufficient to repel any Attempts against

gainst them, we believe there will be no Occasion of any Assistance from us.

As from all the Information we have got, notwithstanding the late Alarm at *Sussex* proved false, we think Col. *Anderson*, and the People of that County under his Command, having exerted themselves in so expeditious a Manner, are entitled to the Commendation of their Country.

We join with your Excellency in a humble and grateful Acknowledgement to the God of Armies, for the late great Victory obtained by the Army at *Lake George*; and hope sincerely, that by a happy Union of all the *British* Colonies, they may hereafter have nothing to fear from any force the French can bring against them.

Assembly-Chamber,  
Nov. 14. 1755.

By Order of the House,

ROBERT LAWRENCE, *Speaker*.

The House being informed, that Col. *Schuyler* had sent an Order for a Sum of Money to pay the Forces under his Command, but there being different Sentiments about the Manner of paying it, so as to be strictly agreeable to Law.

*Resolved, Nemine Contradicente,*

That if either of the Treasurers do transmit the said Col. *Schuyler* any Money agreeable to Law, that it is the Opinion of this House, that the carrying it safe, ought not to be at the Risque of the said Treasurers, provided they take all reasonable Care in the doing of it.

The House being informed by the Gentlemen of the Council, that that House have no Business before them.

*Ordered,*

That Mr. *Smith* and Mr. *Spicer* do wait on Excellency, and desire he will please to dismiss the House, as they have no Business before them.

Mr. *Smith* reported, that Mr. *Spicer* and himself, delivered the above Message to his Excellency, who was pleased to say, he would Order the *Secretary* to prorogue the House to the last *Wednesday* in *December* next, then to meet at *Perth Amboy*.

Then the House adjourn'd till to-morrow Morning nine o'Clock.

Note. *The House was prorogued accordingly.*

BY Virtue of an Order of the House, I do appoint *William Bradford* of *Philadelphia*, to print these Votes.

ROBERT LAWRENCE, *Speaker*.

## General ASSEMBLY

ELIZABETH-TOWN, Monday December 15, 1755.

**P**URSUANT to his Excellency's Prorogations of the General Assembly to this Day, the Members met, and the Speaker not being come to Town, his Excellency Prorogued the General Assembly, till to morrow Morning.

Tuesday December 16, 1755.

The House met.

*Ordered,*

That Mr. *Nevil*, and Mr. *Smith*, do wait on his Excellency and acquaint him that a sufficient Number of Members to proceed on Business, are met and ready to receive any Thing he shall please to lay before them.

Mr. *Nevill* reported, that Mr. *Smith* and himself delivered the above Message to his Excellency, who was pleased to say, the House should hear from him in half an Hour.

A Message from his Excellency by Mr. *Secretary*.

‘ Mr. *Speaker*.

‘ His Excellency requires the Attendance of the House, in the Council Chamber immediately.’

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait on his Excellency: And being returned Mr. *Speaker* resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council, and House of Assembly, of which Mr. *Speaker* said he had, to prevent Mistakes, obtained a Copy, which was Ordered to be read, and it was read accordingly, and is as follows.

*Gentlemen*

*Gentlemen of the Council, and of the General Assembly,*

FROM my last parting with you, I have been continually receiving Expresses with Accounts of the barbarous Cruelties and Murders committed by the *Indians* on our Neighbours of *Pennsylvania*; and the poor People of this Province, living on our Frontiers, praying at the same Time for Defence and Protection, in this Time of eminent Danger; and in consideration of these Things, I directed his Majesty's Council to meet me, to have their Advice what was most necessary and expedient to be done; and they were unanimously of Opinion, that the Assembly shou'd meet and the whole Legislature enter into a joint Consultation upon the present Situation of Affairs: The particular Proceedings of the said Council, I have Ordered to be laid before you, together with a Proclamation I issued by their Advice.

The poor People living on our Frontiers, being in continual Danger and Distress, fearing soon to be attacked by the Enemy, as you will find by many Letters and Petitions which shall be laid before you; it seems absolutely necessary, that a number of Block-Houses be built without delay, on the River *Delaware*, and to be furnished with three or four Hundred Men, and with Arms, Ammunition, &c. which Provision must be made by you, *Gentlemen of the General Assembly*, and for which Charge I believe your Constituents are very desirous to be Taxed; and since they are willing to Part with a reasonable Share of their Estates to save the rest, together with the Lives of themselves, their Wives and Children, I think you can't ballance the Thing in any delay, but immediately grant a Supply for defraying the Charge of what I have mentioned.

*Gentlemen of the Council, and of the General Assembly,*

I hope all the Branches of the Government, will Act in the best Union and Harmony, in the present Emergency, for maintaining the Safety and Welfare of the Province, always considering, if the Inhabitants of the Frontiers are forced to leave their Habitations, the Towns that seem now to be in less Danger, will soon become Frontiers, to the ruin of the Province; to prevent which, nothing in our Power should be wanting.

*Elizabeth-Town, Council Chamber,  
December 16, 1755.*

B

only

only be an ease to the Inhabitants of the Colony as soon as possible to assemble the Forces now in the Pay of this Colony, to be made use of in Guarding our Frontiers, which are now in the utmost Danger; but that it would also be the most effectual method, to have the said Forces ready to obey the Orders they shall receive from his Excellency, the Commander in Chief of his Majesty's Forces in *America*, when the common cause shall require their acting in Conjunction with the other Troops in his Majesty's Pay, or in that of the other Colonies; and to request his Excellency the Governor, to write to his Excellency General *Shirley* on that Head; and desire to be informed at what Time the Service of the said Forces may be otherwise wanted; that the House may make a Provision to supply their Places, and that they may in the mean Time be employed in guarding our own Frontiers, as Occasion may require.

That they had also waited on Governor *Morris*, who was pleased to say, that he had not come to a determin'd Resolution with his Commissioners as to the Method of defending their Frontiers, but that he believed they should not build any Forts to the Northward of the Blue Mountains.

A Written Message from his Excellency by his Clerk as follows.

' *Gentlemen of the General Assembly,*

' I Have received an Answer from General *Shirley*, to the Letter  
' I wrote him at your request (and which was communicated to you)  
' several Paragraphs of which Answer being couch't in the following  
' Terms, ---- " The distinguished Zeal and Spirit of the Assembly  
' for promoting his Majesty's Service, and the general Good of his  
' Colonies upon this Continent, in what his Majesty esteems, and  
' really is a most essential Part of the Expedition he has been pleased  
' to order."

" Nothing shall be wanting in me, to represent in a just Light  
" to his Majesty, the signal Service which his Province of the *New-*  
" *Jersey's* hath done at this critical Conjecture for their King and Country.

" Your Excellency must be sensible, how greatly the Success of  
" that will depend upon as early a Campaign as is possible, and  
" that it is necessary, that the Troops shou'd embark for *Albany*  
" by the first Day of *March* next without fail."

" Colonel *Schuyler*, whose Command of the *New-Jersey* Regiment,  
" hath made it more beneficial to me, then it cou'd otherwise have  
" been, to whose Assistance of me, in every Part of his Majesty's Ser-  
" vice at *Oswego*, I am greatly Indebted, and who wou'd be an Ho-  
" nour to the Service in any Corps, will wait upon your Excellen-  
" cy, and let you particularly into the Circumstances of the Soldiers.  
" I understand they have Cloaths and Stores, now at *Albany*, or *She-*  
" *netady*, but it is impracticable to get them back here at this Sea-  
" son, and indeed I believe it would be greatly to their Prejudice if  
" they were to make use of them before their Imbarkation  
" from *Shenectady*; they will likewise want Tents and some Muskets,  
" and perhaps some other Matters as he will inform you."

“ I have given Orders to Col. *Schuyler* to employ the Regiment, under his Command, as your Excellency shall direct, until the time of their *March* to *Albany*, for the next Campaign.”

“ These Things I lay before you, *Gentlemen of the General Assembly*, that you may see how likely you are to ingratiate your selves with his Majesty, by the Instances you have given of your Duty and Loyalty to his Service and Interests, as well as to the general Safety and Protection of these Provinces; and I mention it to your Honour that you have done it with Alacrity of Dispatch.

“ You will see, *Gentlemen*, that the General has readily and fully answered Your Request, of employing the Regiment of this Province, under the Command of Colonel *Schuyler*, for the Defence of our Frontries, but as they are wanting of Tents, Arms, and other Things, and that the Time of their being remanded will soon be here, you may perhaps, upon mature Deliberation, think it hardly worth while to have them altered from their present Situation, but rather make Provision for the Defence of the Province, by raising a new Corps of Men, on which we may have a more lasting Dependance.

“ As I am still receiving fresh Accounts of the Distress of the Frontier Inhabitants, I hope you will loose no Time in making such Determinations as shall best of all Advance the King's Honour and Interest, and the safety and quiet of his good Subjects under our Care.”

To his Excellency JONATHAN BELCHER, Esq; Capt. General and Governor in Chief, in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c.

The Humble ADDRESS of the Representatives of the said Province in General Assembly met.

*May it please your Excellency,*

WE His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly conven'd, being compassionately affected at the Barbarities committed by the *Indian* Enemy on our Neighbours of *Pennsylvania*, cannot but esteem this Province obliged by your Excellency's Care, in giving us this Opportunity of providing for the Security of our Frontiers against the unrelenting Cruelties of so savage an Enemy.

As by the Accounts we have received, it appears that *Pennsylvania* is depopulated for a considerable Distance; that many of her Inhabitants are Murdered, and some with most aggravating Marks of Inhumanity: That many fine Plantations and Improvements are laid waste, and several of them even within the View of our People on the Frontiers of this Province, who are thereby become a Frontier themselves. It is therefore not to be wondered at, that they are in Confusion, and likely to leave their Plantations if something is not done for their Relief: On which Occasion, this House has received a considerable Number of Petitions from many Parts of the Province  
sign'd

signed, by an unufal Number of Freeholders, praying that something may be done on the prefent Emergency. All which having been duly confidered, together with the Inconvenience of making an addition at this Time to the heavy Taxes already laid on the Inhabitants of this Colony, we have, after due Deliberation, by the Bill fent to the Council, for making current *Ten Thousand Pounds*, made fuch Provision, as with the Bleffing of divine Providence, we hope will give the defired Relief.

" ANDREW JOHNSTON, *Speaker.*

" *December 23, 1755. I Assent to the above Resolves.*"

A

A Message from Excellency by his Clerk as follows,

*Gentlemen of the General Assembly.*

**H**IS Excellency General *Shirley* having by his Letter of the 18th Instant informed me, that it wou'd be greatly for his Majesty's Service in the ensuing Campaign if his Hands could be Strengthen'd by an Augmentation of the Regiment of this Colony, under the Command of Colonel *Schuyler*, I wou'd have you exert Yourselves on the Occasion as far as the Circumstance of the Colony will admit, as His Majesty proposes to do every thing for your Defence, and that I may be able to give the Commander in Chief of his Majesty's Forces, Information of what Augmentations from this Colony may be depended on, I recommend it to your House, (with whom all these Supplies take Rise) the making a Provision for raising them when they shall be required.

As the People of this Colony are greatly uneasy at the Neighbourhood of any Indian Families, and suspect the whole of them, I must apply to you to provide for the Maintenance of such of them as shall be committed to the Goals, either on Suspicion, or to secure them from the Outrages of the People.

The Distresses of the unhappy Sufferers on the Frontiers are doubtless very great, and may be attended with the Ruin of many Families, and I hope you will make some conditional Provision for such as cannot support themselves, as they cannot be regularly relieved by any Law now in Being.

The seasonable Provision which this Province made for the Supply of His Majesty's regular Troops through this Province, served two very good Purposes, as it expedited their march and prevented them from the Necessity of supplying themselves with Carriages and other things, in a way which would have been ungrateful to themselves and greatly distressing to the People of the Colony. I cannot omit inserting on this Occasion, the handsome mention which is made of that Provision, in a Letter I had the Pleasure of receiving from the Honorable Colonel *Dunbar*, the commanding Officer of those Troops, in the following Words, *viz.*

*Sir, It gave me the greatest Concern, I could not when in your Government have the Honour of waiting on your Excellency, to make my most grateful Acknowledgments, for the great Civilities the Troops under my Command recieved in their march thro' your Government from every Body where we pass'd from Trenton to Amboy.*

I earnestly recommend these Interesting Matters to your Consideration,  
E
that

‘ that by providing for them at this Time, I may not be obliged to call you  
 ‘ together sooner than the General Business of the Government wou’d  
 ‘ incline me to do

*Elizabeth Town, Council Chamber,*

*December 23 1755.*

J. BELCHER.

On a Motion made and the Question put, whether his Excellency be desired by Proclamation to restrain the Indians inhabiting this Province, to the Counties where they reside? it passed in the Negative.

The House taking His Excellency’s Message into their Consideration;

*Ordered,*

That Mr. Read and Mr. Stevens do wait on his Excellency, and in Answer to his Message of this Day, inform him, that as to the Application which General Shirley makes to this Colony, for an Augmentation of the Troops under Colonel Schuyler: This House would cheerfully give the greatest Assistance to the Forces his Majesty has Occasion to employ to defend his Territories from Encroachments of a dangerous Neighbour, but we hope to be entirely excused from augmenting our Regiment, as we are at this Time threatned with Invasions from a barbarous and cruel Enemy, and have been under a Necessity of raising a large Number of Troops, and maintaining them in Garrisons, in order to prevent the Destruction, or total Desertion, of the Frontiers; and request his Excellency, to return the thanks of this House to General Shirley, for his favourable Sentiments of this Colony, and to assure him, that we esteem ourselves happy in the Appointment his Majesty has been pleased to make of a Commander in Chief of his Troops, as the Colonies in General have the highest Opinion of the Abilities and Integrity of the Gentleman now employed, and his known Attachment to his Majesty’s Honour and the Interest of the American Plantations, we hope will induce every Colony to exert themselves to act in an Expedition under so good a Direction. That as it appears that some of the Indians on our Borders have taken up the Hachet, it is necessary that extreme Caution be used with regard to these Inhabiting this Province  
 who

who if any of them shou'd be taken up and on Proof or well grounded Suspicion of being Enemies, shou'd be committed to any of the Goals, we are of Opinion they shou'd be maintained there in the same manner as other Persons charged on criminal Actions now are, and if it shou'd so happen that any County shou'd be over barthened, we doubt not, but when regular Accounts thereof are laid before the General Assembly they will duly consider them. And that as to such of the poor Inhabitants on the Frontiers, who are now in distress, the Commissary appointed by the Act pass'd this Session, has power to adjust and pay all Persons accounts who have advanced any thing to the Service of the Troops sent there by his Excellency's Direction; and we doubt not if there is any distress that he has not Power to relieve, they will have their due weight with this, or some future General Assembly when matters are settled, so that it may be properly known, who are real Objects of publick Charity. And as we have been informed many of the poor Women and Children from Pennsylvania, have been obliged to fly for succour among our Inhabitants; we are of Opinion, that the Commissary shou'd get attested Proofs of the charge that our People have been at for their Maintenance, and to lay them before his Excellency, whose Interposition with that Government on behalf of those People, we doubt not will have a good Effect towards reimbursing such Expences; and we believe it will be necessary that they should be safely and speedily conducted into some part of Pennsylvania, where it may be most agreeable to them.

The House adjourn'd till to-morrow Morning nine o'Clock.

*Wednesday December 24, 1755.*

The House met.

*Ordered,*

OF THE

## General ASSEMBLY

ELIZABETH-TOWN, Tuesday March 9, 1756.

**P**URSUANT to his Excellency's Adjournments of the General Assembly to this Day, the House met.

*Ordered,*

That Mr. *Fisher*, and Mr. *Smith*, do wait on his Excellency and acquaint him, that a sufficient Number of Members to proceed on Business are met, and are ready to receive any thing he shall please to lay before them.

Mr. *Fisher* reported, that Mr. *Smith*, and himself delivered the above Message to his Excellency, who was pleased to say, he would send for the House immediately.

A Message from his Excellency by Mr. *Secretary*.

‘ Mr. *Speaker*,

‘ His Excellency requires the Attendance of the House in the Council Chamber immediately.

Whereupon Mr. *Speaker* left the Chair, and with the House went to wait on his Excellency. And being returned, Mr. *Speaker* resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council, and House of Assembly, of which Mr. *Speaker* said he had, to prevent Mistakes, obtained a Copy, which was Ordered to be read, and it was read accordingly, and is as follows.

‘ *Gentlemen of the Council, and of the General Assembly.*

‘ I Know of no Time since my Arrival with the Honour of his Majesty's Commission, for the Government of this Province, that has so much demanded our united Deliberations for the Defence, Protection and Safety of this and the Neighbouring Provinces, as this  
‘ critical

critical Conjunction doth; for the Year seems to be opening with the Expectation of great and extraordinary Events, which may probably shew us whether his Majesty is to maintain his just Rights and Dominions in *North-America*, and his Subjects their Religious Liberties and Properties, or whether the perfidious *French* with their Savage Allies, are to go on in their cruel Murders and Depredations, and finally drive the King's good People into the Sea.

In faithfulness to his Majesty's Honour and Service, and in a tender care of his good Subjects, committed to my Charge, I have given those Things my greatest Attention and Consideration, and would now lay before you several Things, which being put into Execution, may by the Blessing of God, prove preventive of the Evils we have too much reason to fear. And first of all I must mention with gratitude to Almighty God, and to the King, his Majesty's great Goodness, in laying before his Parliament, the State of the Colonies; and also a grateful Sense of his Parliament in the kind Assurances they have given him, to do every Thing on their Part for the Protection and Defence of these Colonies, and for putting a Stop to the further unjust Encroachments of the Enemy.

In the next Place, I now lay before you, the Minutes of a Council of War, lately held at *New-York*, by his Excellency General *Shirley*, and which I commit to you, depending on your Honour, that they shall not be divulged; (it is an ancient and wise Proverb, that Secrecy is the Soul of Business) and by these you will see the Plan of Operation, and the Quotas of Men intended to be raised, by the several Colonies, for his Majesty's Service in the ensuing Campaign; and when you consider the Strength of the Enemy, at the several Places to be attack'd, I believe you will think it reasonable and necessary, that this Province should furnish their additional Proportion of Men in Conjunction with the other Colonies.

Which Matters being duly weighed, I hope you will with much Alacrity make up the Regiment of this Province to seven Hundred and Fifty Men, and which you may depend will set you in a very favourable light with his Majesty.

I now also communicate to you, Extracts of a Letter of 2d of *January* last which I have received from the Honourable Mr. *Dinwiddie*, Governor of *Virginia*, by which you will see the vigilant and wise Conduct of that Gentleman for his Majesty's Service, and for the Defence and Safety of the Southern Colonies, in so far bringing the *Cherokee Indians* into an Alliance and into the Interest of the Crown of *Great-Britain*, and which may be of an extraordinary good tendency for Success in the ensuing Campaign, and this I hope will further stimulate you to an Augmentation of the Troops of this Province.

Having

‘ Having thus laid before you several Matters relating to the Common Cause of the Colonies, I now recommend to you, your especial Care of the Protection and Safety of this his Majesty’s Province, into which since our last meeting, the Bears of the Wilderness have made an Incurſion; and as the Year Advances we have reason to believe they will come in great Numbers upon our Frontiers; therefore in duty to his Majesty and in a kind and juſt Concern for his People, I think we ought immediately to ſend Commiſſioners to the Colonies of *Pennſylvania*, and *New-York*, in order to Act unitedly againſt the *French* and *Indians*. And I herewith give you the Extracts of a Letter of 4th Inſtant, which I have received from his Excellency Sir *Charles Hardy* Governor of *New-York*, which ſets the Affairs of the Colonies in ſo particular and clear a light, as I think muſt convince you of the Neceſſity of the Union propoſed.

‘ And to add to the Things I have mentioned, I moſt earneſtly recommend to you to liſten to the Cries and Expoſtulations of our poor Brethren on the Frontiers to be protected under their preſent diſtreſſes; and which you will find in a great Number of Petitions, ſigned by more than a Thouſand Hands, which I ſhall order to be laid before you. And before I finiſh on this Head I think proper to ſay to you, that for the more effectually intimidating and driving the Enemy from our Frontiers, it would be the wiſeſt and cheapeſt method to paſs an Act for giving Premiums on Indian Scalps and Captives, as the *Maſſachuſets* Government have done; an Extract of whole Reſolves in this Matter ſhall be delivered you.

‘ *Gentlemen of the General Aſſembly.*

‘ Theſe Things of ſo great Importance to his Majesty’s Service and Intereſt, being laid before you in ſo particular a Manner, I ſhall not doubt your voting a ſufficient Sum for carrying the ſeveral Articles into Execution, conſidering at the ſame Time, that the Season of the Year admits of no delay therein.

‘ And as your Conſtituents ſignify to you, not only their willingness, but their chearful deſire to be taxt to a ſufficient Provision for accompliſhing theſe Points, it will therefore be very ſevere to withhold from them the uſe of their own Eſtates, which they would have employed for ſaving the Lives of themſelves, their Wives and Children and their Eſtates from falling into the Hands of the perfidious *French* with their cruel Allies, the Savage and Barbarous *Indians*.

‘ *Gentlemen of the Council, and of the General Aſſembly,*

‘ I ſhall heartily rejoice in your coming into the beſt Concluſions in theſe Affairs for advancing his Majesty’s Intereſt and the future laſting Peace and Welfare of this Province.’

Whereupon *Mr. Speaker* left the Chair, and with the House went to wait on his Excellency. And being returned, *Mr. Speaker* resumed the Chair, and reported, that the House had waited on his Excellency, and delivered their Address in the Words following.

*To his Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c.*

The Humble ADDRESS of the Representatives of the said Province in General Assembly met.

*May it please your Excellency,*

**W**E His Majesty's Dutiful and Loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly conven'd, do think it our indispensable duty to join with your Excellency, in the most suitable acknowledgements to the King and Parliament, for their Care of the Colonies in *North-America*.

It is not unknown to your Excellency that this Colony hath at this Time seven Hundred and Fifty Men in pay, five Hundred of which assisted in the last Campaign with General *Shirley*, and we have never till lately made any doubt of their assisting throughout the whole of next Summer, but as the Officers recruiting under General *Shirley*, within this Government, have not only drained us of Men by considerable Supplies

Supplies of free Volunteers to the respective Regiments, but have also taken from us a large Number of Indented Servants and Apprentices, contrary to their Masters consent, and in violation of the Contracts subsisting between them; which last seems likely to involve this Colony in considerable Distresses, and may (it is to be feared) put us under the ungrateful necessity of not subsisting the said five Hundred Men, longer than the Money already provided for that Purpose will last; but if by a Majority of the House, it should be then concluded to make further Provision, we are very sure, considering our Circumstances and exertion of Strength in the common Cause, it is a Grievance we neither expected nor deserved, nor do we think if such a hardship, in all its ruinous Consequences to a young Country, were properly represented to our gracious Sovereign, it would be at all countenanced or encouraged.

As we have not the least doubt, but that if these Grievances are redressed, we shall continue the said five Hundred Men throughout the whole of another Campaign, so we hope upon a suitable Application from your Excellency, and the opinion we have hitherto entertained of General *Shirley's* Friendship, for the Colonies, we shall not fail of Redress in a Matter that so intimately concerns a great number of his Majesty's good Subjects.

We are obliged to keep a considerable Number of Troops for the Defence of our own Frontiers, and however cheerfully willing this House may be to promote the common Cause of the Colonies (of which we conceive no Part of our Conduct can suggest a doubt) we are not able without an Inconvenience that bears no adequate Proportion to our Neighbours, and therefore must be excused from augmenting the Number of our Men in the manner proposed at the late Congress at *New-York*.

It gives us a very sensible Pleasure to hear that any of his Majesty's Colonies have entered into close Friendship and Alliance with the *Indian* Natives; an important Point, which tho' at first View of the greatest Consequence to the British Interest in *America*, we fear hath notwithstanding been too much neglected, and cannot but think the Cultivation of it by the Colonies concern'd, is worthy of their most serious Attention.

As to the Cries of our distressed Friends in this Colony, we are so far from endeavouring to withhold the use of their own Estates from them, as your Excellency is pleased to express it, that we have made their Cause the universal Concern of the Province, and what we apprehend is very extraordinary for their Protection, and we hope it will have its due weight with them, as it seems hitherto by the Di-  
vine

vine Blessing to have answered the Purposes of securing all the Persons who pay Taxes or look upon themselves as Inhabitants of this Colony.

By Order of the House.

*Assembly-Chamber,*  
*March 13, 1756.*

ROBERT LAWRENCE *Speaker.*

Mr. *Nevill* had leave to be absent on urgent Business.

The House adjourn'd till two P. M.

The House met.

A Petition of *Peter Donally* was presented to the House, setting forth, that he went in one of the late Essex Companies for the Defence of the Frontiers at *Delaware* River, from whence he went with said Company for the relief of *Daniel Depuy's* Family and House in *Pennsylvania*, where he received a Wound in his Breast and Arm, whereby he is rendered unable to support himself, praying Support from this Colony, which was read, and ordered to lie on the Table.

The House Adjourn'd till Monday Morning nine o'Clock.

*Monday March 15, 1756.*

The House met.

Mr. *Secretary* read and laid before the House, an Account of his Disbursements of the Expences attending the *Indian* Treaty at *Croftwicks*, in *January* last, and his Vouchers being produced and examined, whereby it appears that he hath expended the full of his Account, amounting to £49, 1s, 11d.

*Resolved,*

That this House will make Provision for repaying the above Account, at the passing the next Bill for Support of Government.

The House adjourn'd till two P. M.

The House met.

*Ordered,*

That Mr. *Fisher*, and Mr. *Paxson*, do wait on the Council, and acquaint them, that this House have no Business before them, and being impatient to be dismissed, desire to know what Progress they have made in the Bill sent to them for Concurrence on *Friday* last.

Mr.

• W<sup>r</sup> Fisher reported, That W<sup>r</sup> Paxson, and himself delivered the above Message to the Council.

• A Message from the Council by W<sup>r</sup> Ashfield, acquainting the House, that (in answer to their Message of this Day) the Council have passed the Bill entitled an Act for raising Two hundred and Fifty able Bred & Freeman as Volunteers, to protect and Defend the Frontiers &c without any amendments.

Teste Page from his Excellency by Mr. Secretary  
Gentlemen of the General Assembly

I have this morning received by Express, a Letter and an Affidavit giving very melancholy Accounts from the Frontiers, which the Secretary by my order shall lay before you. It is very happy that the Legislature is now sitting, that immediate Measures may be taken for the better Protection of the Colony in which it is now apparent the Savage Enemy have commenced their Barbarities. It is absolutely necessary, that a Law should pass for the Regulating of the Forces Stationed there, and that suitable Provision should be made for a Commander in Chief, as may engage some person of Reputation and Abilities to accept of the Command, whereby these Troops will be rendered vastly more usefull. If these Inroads continue you will easily conceive, that Destruction and Devolation must follow.

A Message from his Excellency by his Clerk, acquainting the House, that he desired their Attendance in the Council Chamber immediately :

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency ; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly, of which (to prevent Mistakes) he had obtained a Copy ; which by Order was read, and is as follows.

*Gentlemen of the Council and of the General Assembly.*

**S**INCE our last Meeting I have received his Majesty's especial Commands, by a Letter of the 13th of *March* last, from the Right Honourable *Henry Fox*, Esq; one of his Majesty's principal Secretaries of State, to call you together forthwith, and to lay before you the following Matters of great Importance to the King's Interest and Service, as well as to the Safety and Welfare of this and the neighbouring Colonies : And in the first Place, that the King's Regiments (as well the three stationed in *Nova-Scotia*, as the four in the Province of *New-York*;) should be recruited as soon as possible, to their full Compliments of a Thousand Men each ; and that you shou'd, in the best Manner you can, make the most early and effectual Provision for assisting his Majesty's Officers to raise such a Number of Men, as shall be sufficient to recruit the King's Regiments now stationed, or to be stationed in *North-America*, up to their Establishments ; and that the King, in order to encourage in a Service so essential for your own Defence, does consent, that such Recruits shall not be obliged to serve any where but in *North-America*, and shall be discharged when Hostilities shall cease, and each of them to have a Grant of Two Hundred Acres of Land, free from Quit-Rents for Ten Years, either in the Province of *New-York*, *New-Hampshire*, or *Nova-Scotia*, at their own Choice ; and these Lands to be granted them on producing their Discharge from the Commander in Chief, to the Governor of either of the said Provinces respectively ; and in Case they should be killed in the Service, their Widows and Children shall be intituled to the said Lands in such Proportion as the Governor and Council of the Province where such Lands lye, shall direct.

‘ I am also commanded to acquaint you with his Majesty’s great Goodness, in having recommended your Case to the Consideration of his Parliament, who have granted the Sum of One Hundred and Fifteen Thousand Pounds, to be distributed as the King shall think proper, to the four Provinces of *New-England*, and those of *New-York* and *New-Jersey*; and thereby enabled his Majesty, not only to manifest his Sense of their past Services, but also to encourage them for the Future, to exert themselves in the Service with Spirit and Vigour: That his Majesty expects that you will heartily and zealously concur in every Measure which shall be thought advisable for carrying on the War in *North-America*.

‘ I am also to acquaint you, that for your Ease and Encouragement, and for making the Service less burthensome to you, Magazines of Stores and Provisions of all kinds, are laid up at the sole Expence of the Crown, for all such Troops as are join’d in the general Cause of the Defence of these Colonies.

‘ His Majesty also expects, that you make Provision out of any Funds already existing, or that may hereafter be raised for the King’s Service, for repaying the Masters of such indented Servants as shall engage in his Majesty’s Service, the Money paid by the said Masters on the original Contracts, in Proportion to the Time such indented Servants have to serve: And the King expects you shou’d appropriate such Part of any Funds that may be raised for the publick Service, to be issued and applied in such Manner as the Commander in Chief shall direct.

‘ I have it likewise in Command from the King, to recommend to you, in the strongest Manner, the Passing an effectual Law, for prohibiting all Trade and Commerce with the *French*, and for preventing the Exportation of Provisions of all kinds to any of their Islands or Colonies.

‘ I am also to inform you, that his Majesty judges it to be of the greatest Importance, in the present Situation of Affairs, that he be truly and exactly informed of the real State of Defence of this Colony, as well in Relation to the Ordnance and Stores of War, as to the Forts and Fortifications, and the Number of the Inhabitants; and that therefore, there shou’d be prepared, and transmitted to the Earl of *LOUDON*, or to the Commander in Chief for the Time being, an exact and particular Account, in which is to be express’d, the present actual State and Quantity of the Cannon, Ammunition, and other Ordnance and military Stores belonging to this Colony, either in the publick Magazines, or in the Possession of the Militia or other private Persons, together with the true State of all Places either already fortified, or which may be judged forthwith necessary to be fortified; and an Opinion at large, in what Manner his Majesty may further contribute to the Defence and Security of these Colonies.

‘ *Gentlemen,*

‘ By what I have now recited to you, out of the Secretary of State’s Letter, you will see his Majesty’s tender paternal Regard for these Colonies, for saving and defending them from falling into the Hands of *French* Tyranny, with its Train of dreadful Evils, and to promote and establish the lasting Welfare and Happiness of his good Subjects in *North-America*: I therefore hope you will most sedately consider these Matters; and that you will exert yourselves with such Duty, Alacrity and Zeal herein, as may best answer his Majesty’s just Expectations from you; and to these Things, I desire your full and very particular Answer.

‘ *Gentlemen,*

‘ *Gentlemen,*

‘ By a Letter I received a few Days ago, from Major-General *Abercromby*, from *Albany*, he acquaints me, that Sir *William Johnson* had concluded a Treaty of Peace with the *Delaware* and *Shawanese* Indians, and that they have taken up the Hatchet against the *French* and their Indians; upon which I immediately sent an Express to Col. *Debart*, on our Frontiers, not to suffer any of his People to go out of the Bounds of this Province, or in any Way or Manner to commit any Injuries or Hostilities on the said *Delaware* or *Shawanese* Indians. I daily expect a Copy of this Treaty, and shall then issue a Proclamation of Peace in Conformity thereto.

‘ But this notwithstanding, I am to inform you, that by Letters I have received a few Days ago from the Governors of *Virginia* and *Pennsylvania*, the *French*, with a great Number of foreign Indians, were marching, and proposed coming into these Southern Colonies, to plunder and murder; and upon this Advice, I dispatched a Courier to Col. *Debart*, to be diligent, and well upon his Guard, to repel any Attempts they may make upon this Province.

‘ *Gentlemen,*

‘ As His Majesty is giving us continual Instances of his Royal Wisdom, in the fatherly Care he takes for the Safety and Prosperity of these his Provinces; I hope we shall make a dutiful Return, in pursuing all such Measures with Zeal and Unanimity, to the Utmost of our Power, as may have the best Tendency to his Majesty’s Interest and Service, and to the better Establishment of our own just Rights and Liberties.

*Elizabeth-Town. Council-Chamber.*  
July 22. 1756.

J. Belcher.

*Ordered,*

That his Excellency’s Speech have a second Reading To-morrow Morning.

The House met.

A Message from his Excellency, by his Clerk, acquainting the House, that his Excellency requires their Attendance in the Council-Chamber immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, and presented their Address in the Words following.

*To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.*

The Humble ADDRESS of the Representatives of the said Province, in General Assembly met.

May it please your Excellency;

*WE, His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly convened, think it necessary in Answer to the first Part of your Excellency's Speech, to remark, that we are not conscious of the King's Service having hitherto been retarded in this Government; and with equal Pleasure are well assured, that the necessary Assistance, (so far as it lies in the Power of our Inhabitants) towards recruiting the King's Regiments, and to every other Purpose conducive to his Majesty's Honour*

*Honour and Interest, will be readily and chearfully given, from a People gratefully sensible of the repeated Instances of his Majesty's tender paternal Care over this, as well as the rest of the Colonies in North-America.*

*Among several late Instances of this Kind, the representing our Case to the Parliament, in order for a Reimbursement of Part of the heavy Expences that have of late attended this Province, and the Easing us from further Supplying our Troops with Provisions, particularly demand our thankful Acknowledgments, and will enable us to struggle through the Difficulties of keeping them on Foot longer than we could otherwise have done, if his Majesty's Service should require it.*

*The Funds raised for the Maintenance of the Troops of this Colony, will continue for some Time to come, and in the Manner already appropriated, seems to coincide with his Majesty's Intention; and we hope will prove satisfactory.*

*As in some Parts of this Province indented Servants but lately made a considerable Share of the Wealth and Dependance of their Masters, who in a great Measure have been deprived of them by the recruiting Officers; and as the Importation of them for a great Number of Years past, has made a large Branch of Business, of great Importance to the Settlement and Welfare of the Country; and from the Uncertainty of the Property, it is now likely the Trade of Servants may in a great Measure, if not wholly cease: We therefore, conceiving it a Matter of extraordinary Moment, think it absolutely necessary to delay the Consideration of paying for them, till we have had an Opportunity of more fully considering the Case, and consulting our Constituents.*

*The Prohibiting of Provisions and warlike Stores from the French Colonies, being already effectually done by Law; this Part of his Majesty's Expectation is, we presume, fully answered.*

*We conceive, it will not be difficult for your Excellency to come at a particular Information of the State of this Colony, respecting Defence, in the Manner it has heretofore been done; which appears to us attended with as few Difficulties, and as likely to answer his Majesty's Expectation, as any Method we know of, and better than any Assistance in our Power to give; and doubt not, if your Excellency can point out any additional Security that will be necessary, it will meet with a gracious Reception from his Majesty, who through the Course of a long and prosperous Reign, hath always manifested himself the common Father of all his People.*

*We highly approve of your Excellency's ordering Hostilities to cease against the Indians, and of your Intention of issuing a Proclamation of Peace in Conformity thereto, as soon as a Copy of the Treaty made by Sir William Johnson comes to Hand; and as Peace is now said to be concluded with them, we would desire your Excellency to order One Hundred of our Men on the Frontiers, to be disbanded, and the Remainder of them also as soon as it can be done with Safety to the Inhabitants.*

*Justice to the Publick, and to our Selves, makes it necessary to observe, (tho' our Regard for your Excellency, and the anxious Cares of your Station under such Infirmities of Body, renders it a very unpleasant Task,) that as it is evident the King's Service could not have suffered, if your Excellency had not now call'd the Assembly, we should have been very glad to have been spared, especially at a Time so particularly inconvenient as that of Harvest. The*

*frequent*

*frequent convening the Legislative Body, unless on real and substantial Occasions; increases the publick Charge, and is distressing, considering the Remoteness of your Excellency's Situation from the usual Places of doing Business, extreamly distressing to many of the Members who compose the Legislature; and the Easing the Colony in this Time of common Difficulties, when the Intention of his Majesty's Commands, and the publick Service will allow it, would be gratefully received by us and our Constituents.*

Assembly-Chamber,  
July 23, 1756.

By Order of the House,

ROBERT LAWRENCE,  
*Speaker.*

The House adjourn'd till Two, P. M.

The House met.

It appearing, that *Jacob Dehart*, Esq; one of the Members of this House for the County of *Essex*, hath lately accepted a Post of Profit, whereby his Seat in this House by Law is become void :

*Ordered,*

That Mr. Speaker issue his Warrant to the Clerk of the Crown, to make out a Writ, for the Election of a Representative for the said County of *Essex*, in the Room of the said *Jacob Dehart*, Esq;

The House adjourn'd till Monday Morning Nine o' Clock.

Monday, July 26, 1756.

The House met.

A Message from his Excellency, by Mr. Secretary ; which being read, is in the Words following.

*Gentlemen of the General Assembly,*

AS His Majesty so kindly repeats his Care for our Defence and Safety, in building Fortifications where needful in the Province, I should have been glad of your particular Advice and Assistance in such a material Article.

As to the Disbanding One Hundred of the Men now on the Frontiers ; according to the Letters I mentioned in my Speech, from the Governors of *Virginia* and *Pennsylvania*, and which I now send you, I think it will too much expose the Frontiers, to do it at present; and invite the French and Indians that are marching this Way, to infest our Frontiers ; and on this Head I have taken the Advice of his Majesty's Council, a Copy whereof I now send you ; and thus governing myself is exactly conformable to the Act by which these Men were raised, which says, "*And be it Enacted by the Authority aforesaid, That the Forces aforesaid shall be and continue in the Pay of this Colony for Twelve Months after the Publication of this Act, unless Peace shou'd be sooner concluded with the Indian Enemy, so as to render the Inhabitants of this Colony safe from their Depredations; in which Case it shall and may be lawful for the Governor or Commander in Chief for the Time being, by and with the Advice and Consent of his*"

*Majesty's*

“ Majesty’s Council, to give Orders for the Disbandment of the said Forces.”  
 ‘ And without which Advice and Consent of the Council, the Act does in no  
 ‘ Case leave it in my Power to disband the said Forces.

‘ These Things notwithstanding, upon my receiving an authentick Copy of  
 ‘ Sir *William Johnson’s* Treaty with the Indians, I shall immediately summon  
 ‘ his Majesty’s Council, and lay the said Treaty before them, and act and do  
 ‘ relative to the said Treaty as they shall advise.

‘ I am, *Gentlemen*, greatly surprized at the last Clause of your Address,  
 ‘ wherein you seem to insinuate as if it was in my Power to dispense with or  
 ‘ disobey his Majesty’s especial Commands, which I told you in my Speech  
 ‘ were *forthwith to call you together* ; and upon which I had the Advice of  
 ‘ his Majesty’s Council ; and when all the neighbouring Colonies had call’d  
 ‘ their Assemblies upon the same Occasion on which I have call’d you, it  
 ‘ would certainly have been an Act of great Neglect, and high Disobedience  
 ‘ to his Majesty’s Commands, for me not to have done it ; and I think, upon  
 ‘ deliberate Consideration, you must see this Matter in the same Light that I  
 ‘ do ; Nor have I at any Time call’d you together, but in exact Conformity  
 ‘ to his Majesty’s Royal Instructions in that Behalf : And as I have constantly  
 ‘ studied the Ease of the Legislature and the People, as to the Sessions of  
 ‘ General Assembly, you may most assuredly depend, I shall continue so to do  
 ‘ for the Future, by not calling you together, unless his Majesty’s especial  
 ‘ Service, together with the Interest and Welfare of the Province, shall  
 ‘ require it.

*Elizabeth-Town, Council-Chamber,*  
*July 25. 1756.*

J. Belcher.

His Excellency by Mr. Secretary, laid before the House the several Papers  
 referred to in his Message ; which were also read.

The House adjourn’d till Two, P. M.

The House met, and adjourn’d till To-morrow Morning Nine o’ Clock.

*Tuesday, July 27, 1756.*

The House met,

*Ordered,*

That Mr. *Fisher* and Mr. *Yard* do go to the Council, and desire to know,  
 if they have any Business before them ; if not, that this House intends to  
 apply to his Excellency to be dismiss’d.

Mr. *Fisher* reported, that Mr. *Yard* and himself had waited on the Council,  
 who said they had Nothing before them.

*Ordered,*

That Mr. *Johnson* and Mr. *Spicer* do wait on his Excellency, and acquaint  
 him, that the House having had no Business before them for some Time, and  
 the Council having informed us they have no Business before them, and being  
 desirous of returning as soon as possible to our Harvest, beg his Excellency  
 will be pleased to dismiss the House.

Mr. *Johnston* reported, that Mr. *Spicer* and himself delivered the Message with them entrusted to his Excellency ; who was pleased to say, that he had several Things to lay before the House, which he should do in the Afternoon.

The House adjourn'd till Two, *P. M.*

The House met.

A Message from his Excellency, by Mr. Secretary ; which being read, is in the Words following.

*Gentlemen of the General Assembly,*

**Y**ESTERDAY in the Afternoon I received from the Right Honourable the Earl of *Loudon*, the following Letters ; and as there are Matters in them that nearly affect the Safety and Welfare of this Province, I think proper to communicate them to you.

These Letters you will read, and which you will find full of the King's paternal Regard and Goodness to this Province, and to the Happiness of all his Subjects ; and I wou'd also recommend to you, the Earl of *Loudon*'s kind Offers, to do all in his Power for promoting the Interest and Welfare of *New-Jersey* : And if you find any Thing necessary to be done upon these Letters on your Part, I desire you will proceed to consider them with due Deliberation as soon as you can, that this Session may be concluded, and you be dismiss'd to your several Places of Abode.

*Eliz. Town, Council Chamber,

J. Belcher.

The House taking into Consideration the above Message, with the several Letters and Papers therein mentioned.

*Ordered,*

That Mr. *Smith* and Mr. *Fisher* do wait on his Excellency, and acquaint him, That the House have perus'd the several Papers his Excellency was pleas'd to communicate ; and if any Thing can at present add to the high  
Opinion

Opinion we entertain of the Right Honourable the Earl of *Loudon*, it is his Letter to his Excellency of the 23d Instant, particularly the following kind Declaration, which cannot fail of having the best Effect on the Minds of our Inhabitants, *viz.* " I will beg your Excellency to assure the good People of " your Province, that they may depend upon my Protection, and my utmost " Care to avoid and remove (as far as the Circumstances of a Country become " the Seat of War will admit,) every Thing that may any Way burthen " or hurt the Interest of any Individual." The said Gentlemen are also to inform his Excellency, that the House have nothing more before them, and desire he will please to dismiss them.

## Votes of the General Assembly.

ELIZABETH-TOWN, TUESDAY, October 12, 1756.

**P**URSUANT to his Excellency's Prorogations of the General Assembly to this Day, the House met.

*Ordered,*

That Mr. *Fisher* and Mr. *Johnston* do wait on his Excellency, and acquaint him, the House are met, and ready to receive any Thing he shall please to lay before them.

Mr. *Fisher* reported, that Mr. *Johnston* and himself had waited on his Excellency with the above Message, who was pleased to say, he would send for the House To-morrow Morning.

The House adjourn'd till To-morrow Morning Nine o' Clock.

Wednesday, October 13, 1756.

The House met,

A Message from his Excellency by his Clerk, requiring the Attendance of the House, in the Council Chamber immediately :

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency ; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly, of which Mr. Speaker said he had (to prevent Mistakes) obtained a Copy ; which by Order of the House was read, and is as follows.

*' Gentlemen of the Council, and of the General Assembly,*

*' SINCE* our last Meeting, I received a Letter from the Right Honourable  
*' the Earl of Loudoun, Commander in Chief of all his Majesty's Forces*  
*' in North-America, of the 20th of August last ; which I communicated to*  
*' his Majesty's Council, and they advised to the Calling you together at this*  
*' Time, to lay the Matters contained therein before the whole Legislature ;*  
*' and since that, we have undoubted Accounts of the important Post of*  
*' Oswego, having fallen into the Hands of the French ; and which leaves open*  
*' this and the neighbouring Colonies to the Incursions and Ravages of the*  
*' French and Indians ; and upon this extraordinary Alteration of the Situation*  
*' of the Affairs of this Colony, I shall be glad of your Advice, Aid and*  
*' Assistance, in pursuing such Measures as his Majesty may reasonably expect*  
*' at this critical Conjunction from us, in Defence of his Interest and Honour,*  
*' as well as for the Safety of his good People under our Care. And as Col.*  
*' Schuyler, with one half of his Regiment, were made Prisoners by the Enemy*  
*' at the Taking of Oswego ; I think the first Thing to be done, is to fill up*  
*' that Regiment in the compleat Manner it was done before ; and that as soon*  
*' as may be, to be sent to Albany, there to follow such Orders as they may*  
*' receive from the Earl of Loudoun. And as our Frontiers will be greatly*  
*' exposed in the present Circumstances of Affairs, I believe you will think it*  
*' absolutely necessary for the Safety of our poor Neighbours, to add a confi-*  
*' derable Number of Men to those already posted there.*

*' His*

‘ His Majesty having sent over a Number of good Officers, the sooner the Regiment of this Province is recruited and sent to *Albany*, the more it will advance the King’s Service; as they will have the Advantage of being trained and disciplined by the aforesaid Officers, and become ready for such Service as the King’s General may judge proper to employ them about in the Winter Season. And I cannot conclude this Article, without recommending to you your generous Care and Concern for the very worthy Col. *Schuyler*, with the other Officers and the Men now in the Hands of the Enemy, that they be well supported by you, and that you contribute all in your Power for the obtaining their Freedom. By Lord *Loudoun*’s Letter (which I herewith deliver you) you will see his Lordship, in this Crisis of Affairs, earnestly demands your Assistance; and I urge you in the warmest Manner, to do all you can in answer to what his Lordship presses on this Head.

‘ And as the Colonies of *New-England* have very handsomely exerted; I hope you will not fail to follow their wise Resolutions for the common Good and Safety.

‘ Since our last Sitting, I have received by his Majesty’s Ship the *Sterling-Castle*, the Sum of £. 4774 : 12 : 3, Sterling; being the Ballance of the £. 5000, allotted to this Province out of the £. 115,000, granted by Parliament: His Majesty in his Warrant to his Lords Commissioners of the Treasury, for paying the said Money, is pleased to express himself thus; “Whereas the House of Commons have granted unto Us the Sum of One Hundred and Fifteen Thousand Pounds, upon Account to be distributed to the Colonies of *New-England*, *New-York* and *New-Jersey*, in such Proportion as We should think fit, as a free Gift and Reward for their past Services, and an Encouragement to them to continue to exert themselves with Vigour in Defence of our just Rights and Possessions.”

‘ And the said Money I immediately paid over into the Hands of Mr. Treasurer *Johnston*, agreeable to the King’s Warrant, which says, “It shall there remain until it be disposed of for the publick Service by an Act of the Legislature.” So in this Matter we shou’d now do with the Money what may most of all advance his Majesty’s Honour and Interest, together with the Good and Wellfare of this Province; and as I have often Complaints from the Inhabitants of the Province, that they want Arms and Ammunition, and can’t get them; I should think it proper to apply a considerable Part of this Money, to purchase a Stock of Arms and Ammunition, to be ready on all Occasions for the Use of the Province. And before I conclude this Article, I am persuaded of your thinking with me, that his Majesty’s free Gift to the Colonies, together with his great Goodness in taking upon him the Charge of subsisting the Troops you may raise, must be a farther Inducement to your augmenting the Number of Men, to join the King’s Forces under the more particular and immediate Command of the King’s General the Right Honourable the Earl of *Loudoun*, and which I most earnestly recommend to your Consideration.

‘ I have received his Majesty’s Royal Orders by a Letter from one of his principal Secretaries of State, of the 18th of *June* last, to receive such French Prisoners, as the Commanders of his Majesty’s Ships may apply to me to set on Shore in this Province: You will therefore make proper Provision for defraying the Charge that may at any Time arise on such Occasions.

‘ A few

‘ A few Days ago I received his Majesty’s Royal Orders, of the 5th of *July* last, relative to a Prohibition of all Correspondence with the Subjects of the French King ; and I now give you what his Majesty commands on this Occasion ; “ Whereas by Our Declaration, dated the 17th Day of *May* last, We have thought fit to declare War against the French King, his Subjects and Vassals ; and whereas We have been informed, that heretofore in Times of War, Our Subjects in several of our Colonies and Plantations in *America*, have corresponded with our Enemies, and supplied them with Provisions and warlike Stores, whereby Our Service has been greatly prejudiced, and the Safety of Our Dominions endangered : It is therefore Our express Will and Pleasure, that you do, with the Advice of Our Council, take the most speedy and effectual Measures to hinder all Correspondence between any of Our Subjects inhabiting Our Province of *New-Jersey*, under your Government, and the Subjects of the said French King ; and to prevent any of the Colonies or Plantations belonging to our Enemies, or other Places possessed by them in *America*, being supplied either by Sea or Land from our said Province under your Government, with Provisions or warlike Stores of any kind.

“ And in Case you shall find it necessary to have an Act pass’d for the Purposes above mentioned ; you are earnestly to recommend it in Our Name, to Our Council and to the Representatives of our said Province, to prepare and pass such Act.”

‘ As his Majesty is continually sending Forces both by Sea and Land, for the Defence and Protection of his *American* Colonies ; I do in Duty to the King, and in a tender Regard to his good Subjects, most earnestly recommend to you, the passing such an Act ; that while the King (as a kind Father of his People) is taking all possible Care to preserve them, we may not be accessary to our own Ruin and Destruction, by carrying on a Commerce with the Subjects of the French King, and supplying them with Provisions and warlike Stores.

‘ *Gentlemen of the General Assembly,*

‘ You will please to consider all I have now laid before you ; and such Articles as may require Money to carry them into Execution (the necessary Acts therefor properly beginning at your House) I shall not doubt your cheerfully doing therein what may most of all conduce to his Majesty’s Interest and Honour, and to the Safety and Welfare of his good Subjects. And you will very particularly look into the Acts relative to Col. *Schuyler*’s Regiment, and the Forces on the Frontiers, and make Provision for their further Payment, and for all other Necessaries relating to them.

‘ *Gentlemen of the Council, and of the General Assembly,*

‘ In this Time of increased Danger, I hope there will not arise the least Difficulty or Division in the Legislature ; but that we shall unitedly (Heart and Hand) do all in our Power to promote the Good of the Common Cause, and in Particular the Happiness and Prosperity of the People of *New-Jersey*, under our Care.

*Elizabeth-Town, Council Chamber;

*Ordered,*

That Mr. *Read* and Mr. *Stevens* do wait on his Excellency with the above Resolve, and acquaint him, That as several of the Matters recommended in his Excellency's Speech are of extraordinary Moment, and it being now too late in the Season to do any Thing that will be of Use in the present Campaign, upon the Breaking up of which it is probable some further Plan may be concluded on for the Consideration of the Northern Colonies; which may occasion the Calling us together again: The House therefore desires, his Excellency will be pleased to give us a Recess, till it may be better known what Part it will become the House to act on the present extraordinary Appearance of Things; as there is no Probability that such a Delay can obstruct or hurt the King's Service, and may greatly promote it, by having some fixed and reasonable Scheme prepar'd to go upon, that will be likely to render the Service effectual.

Mr. *Smith* communicated to the House a Letter from the Agent; which was read.

Mr. *Read* reported, that Mr. *Stevens* and himself delivered the Message of the House with them entrusted, to his Excellency.

The House adjourn'd till To-morrow Morning Nine o' Clock.

*Thursday, October 14, 1756.*

The House met.

His Excellency recommended to the House for their Consideration, several Petitions, which he lately received from the Counties of *Hunterdon* and *Suffex*, praying, for the Reasons therein contained, that a Store-house or Magazine may be provided in the County of *Suffex*, for the Reception and Preservation of such Stores as may be provided for the Forces on the Frontiers during their Winter's Campaign; which were respectively read, and ordered a second Reading.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; and being returned, Mr. Speaker returned the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly, of which Mr. Speaker said he had (to prevent Mistakes) obtained a Copy; which by Order of the House was read, and is as follows.

¶ *Gentlemen*

*Gentlemen of the Council, and of the General Assembly,*

**A**T our Meeting in *October* last, I laid before you in the most particular Manner I cou'd, the State of our publick Affairs to that Time; and in your Resolution thereupon, you said, several of the Matters were of extraordinary Moment, but desired a Recess for further Consideration therein; and I now hope you will have Recourse to my Speech then made to you, and duly deliberate, and do in the several Articles what may be necessary for the Honour and Interest of his Majesty, and for the Safety and Welfare of the Province.

That there might be no Reason of Delay, in doing what may be necessary on our Part, for promoting his Majesty's Service, I wrote to the Right Honourable my Lord *Loudoun*, the 14th Current, informing his Lordship that the Assembly would sit at this Time; and his Lordship's Answer to the said Letter I herewith deliver you, and which I think full of Justice, and of a kind Regard to this Province; the best Return whereunto will be your doing all you can (in Conjunction with the other Colonies) in raising a good Number of Men for the common Cause, in Defence of his Majesty's just Rights and Interest, as well as for your own Safety; and that you now come into such reasonable Resolutions, as may facilitate our acting up to our Duty, and which will also in the best Manner express your Gratitude to the Right Honourable the Earl of *Loudoun*, for all his Goodness to and generous Treatment of this Province.

*Gentlemen of the General Assembly,*

I believe you will think it absolutely necessary to look into the State of your publick Funds, in which I understand, by the Officers of the Treasury, there are Deficiencies, especially in the Want of Money to pay the Quarters of the Troops stationed in this Province; as also for Payment of the Men lately under the Command of Col. *Schuyler*, but now devolved on Capt. *John Parker*, whose Letter of the 19th of *November*, I herewith deliver you; and upon the Receipt whereof I sent to the two Treasurers for the Money, whose Answers were, they had no Money for the Occasion; so I was obliged to send away the Messengers without any: I believe you will therefore think it best, in Justice to the People, and for preventing great Desertion, to send away the Money without Delay.

*Gentlemen of the Council, and of the General Assembly,*

I hope you will give every Thing laid before you in my Speech of the 13th of *October* past, as also what I have now said to you, their due Weight and Consideration, with good Dispatch; and thereby demonstrate your Duty and Loyalty to the best of Kings, who is always approving himself a nursing Father to his People.

*Elizabeth-Town, Council Chamber,  
December 23, 1756.*

**J. Belcher.**

The Letters referred to in his Excellency's Speech were also read.

The House adjourn'd till Two, *P. M.*

The House met.

A Petition of the Grand Jury of the County of *Monmouth*, was presented to the House, setting forth the great Hardships that Debtors lie under, in being sued and run to great Costs where there is no Dispute or Denial of the Debt ; desiring that some Method may be fallen on to prevent excessive Costs upon such Actions where the Debt is not denied, but that upon the Defendant's confessing Judgment, Execution may be stayed, until such Time as Execution might otherwise be obtained according to common Proceedings ; which was read, and ordered a second Reading.

A Complaint of a Committee of the Board of Justices and Freeholders of the County of *Burlington*, setting forth, that there is in the Hands of *Robert Smith*, Esq; one of the Commissioners of the Loan-Office for said County, the Sum of £. 1035, in uncanceled Bills of Credit, which ought to have been paid in and cancelled ; which said Commissioner hath as yet neglected to lay before the said Board ; desiring the said Commissioner may be prosecuted according to Law ; which was read, and ordered a second Reading.

After some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Nevill*, Chairman of the Committee, reported, That the Committee having had the Matters to them referred under Consideration, are of Opinion, that as the Plan of Operation for the ensuing Campaign is not yet come to the Knowledge of the House, makes it difficult to know what Steps at present it becomes this Colony to take ; and as his Excellency the Earl of *Loudoun*, has informed his Excellency our Governor, that he expects soon to be able to lay before him so much of the said Plan as may be necessary for this Province to know ; it is the Opinion of this Committee, that the principal Matters recommended in his Excellency's Speeches be (for the Reasons given at the last Sitting) deferred to the further Consideration of this Committee when it may better be known what Part it will become this Colony to act ; and that for the present, a Bill be brought in, for continuing the Pay of the remaining Part of the Forces lately under Col. *Schuyler*, until the sixth Day of *April* next, and for discharging the Forces on the Frontiers of this Colony ; and that said Committee desired Leave to sit again.

The House taking into Consideration the above Report of the Committee, do agree thereto.

*Ordered,*

That the Consideration thereof be deferred till To-morrow Morning.

*Samuel Woodward*, Esq; a Captain in the *New-Jersey* Regiment, under Col. *Schuyler*, exhibited to the House a Memorial, complaining, that last Year large Quantities of Gammons and Rum belonging to the Province Stores, were sold to the Soldiers at a very extravagant Rate, by some of the Officers, and a Serjeant in said Regiment; and that the Soldiers under his Command were for some Time reduced to half Allowance: That Capt. *Parker's* Soldiers in their March to our Frontiers, last Winter, committed several Disorders, and took the People's Goods away, and beat some that went in Search of what was taken from them; and that in the last Summer's Campaign, his Soldiers for some Time had no Rum nor Melasses, while Capt. *Parker's* had Plenty; and Rum was sold out of the Province Stores to the Soldiers at a dear Rate: That he was divers Times abused and challenged to Duels, by one Lieut. *Ward*, and at last wounded in the Hand and upper Part of his Breast, with a Sword, by said *Ward*; and of divers other Disorders committed by said *Ward* and Soldiers; which was read, and ordered a second Reading.

Which Complaint was read in the House, and ordered a second Reading.

*Ordered,*

That Mr. *Read* and Mr. *Smith* do wait on the Council, and desire to know if they have any Business before them; if not, that this House purposes to apply to his Excellency for a Dismission.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; who was pleased to give his Assent to the following Bill, enacting the same, *viz.*

## *Votes of the General Assembly.*

ELIZABETH-TOWN, TUESDAY, March 15, 1757.

**P**URSUANT to his Excellency's several Adjournments of the General Assembly to this Day, the House met,  
*Ordered,*

That Mr. *Smith* and Mr. *Stevens* do wait on his Excellency, and acquaint him, that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he shall please to lay before them.

Mr. *Smith* reported, that Mr. *Stevens* and himself had performed the above Message to his Excellency, who was pleased to say, he would send for the House at Twelve o'Clock.

A Message from his Excellency, requiring the Attendance of the House, in the Council Chamber immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly, of which Mr. Speaker said he had (to prevent Mistakes) obtained a Copy; which by Order was read, and is as follows.

*' Gentlemen of the Council and of the General Assembly,*

*' I* N the two short Sessions we had in *October* and *December* last, I recommended to you several Affairs, which, in your Answer to me, you said were of extraordinary Moment, and that you desired a Recess for further Consideration of them.

*' As* I was so full and particular at the Times I have mentioned in many important Affairs, I hope you will have recourse to them, and do as shall be judged necessary for the King's Honour and Interest, in the Common Cause against the Enemy, and for the best Safety and Welfare of this Province.

*' But* what I wou'd in the most earnest Manner repeat to you, is, the coming into a Resolution for raising a good Number of Men, to join the King's Troops under the Command of the Right Honourable the Earl of *Loudoun*; and as the Year is advancing apace, to be as expeditious in this Matter as you possibly can. And as to further Particulars relative to the Operations of the ensuing Campaign, the Events whereof will be of such Consequence to this and the neighbouring Colonies, I now lay before you a Letter, I have received from the Right Honourable the Lord *Loudoun*, dated at *New-York*, the 26th of *February*, wherein you will find that all the *New-England* Governments, and that of *New-York*, have readily agreed to the Numbers of Men Lord *Loudoun* has ask'd of them; which I hope will be leading to your exerting yourselves in like Manner; and as the King and his Parliament, have already

made you a generous Gift of *Five Thousand Pounds Sterling*, and the King has also taken upon him the Charge of Provisions, for what Troops you may raise, it will greatly liquidate the Burthen of the Province ; I therefore hope you will, in a grateful Return to his Majesty's Care and Kindness, fall into such Measures as he justly expects from you ; and to do it immediately, will be giving an Instance of double Duty, Loyalty and Zeal to his Majesty, and of your best Assistance in the present critical Conjunction.

Since our last Meeting I received a Letter from the Honourable Mr. *Denny*, Governor of *Pensylvania*, dated *Philadelphia, December 16th, 1756*, with a Copy of a Treaty of Peace he has concluded with the *Delaware* and other Indians ; the same I shall order to be delivered you, wherein you will find Mention made several Times of this Province ; which Matter you will consider, and act therein as may be judged most for the Service of this Province.

*Gentlemen of the General Assembly,*

As the Nature of the Things I have laid before you, will require Supplies of Money, I depend you will chearfully do your Part, for speedily putting them in Motion and Practice.

*Gentlemen of the Council, and of the General Assembly,*

By the present Complexion and Situation of Affairs, we may properly call it a Criterion, whereby to judge of what may be the Event of the coming Year, and which should stimulate us to do all in our Power, with the Divine Assistance, to prevent our falling under the Yoke of *French* Tyranny, and for preserving our Religion, Liberties, Rights and Properties to ourselves, and for transmitting them down to our latest Posterity.

*Elizabeth-Town, Council Chamber,

*The Petition of the House of Representatives of the Colony of New-Jersey in General Assembly met,*

Most Humbly Sheweth,

THAT the continued Distresses of this your Majesty's dutiful and loyal Colony, oblige us to renew our Application, that your Majesty would be graciously pleased to accept of the little Assistance we are capable of giving, towards carrying on the War against the common Enemy in these Parts, in a Manner that will best promote the End, and at the same Time considerably lighten the Burthen of your willing Subjects.

' A Paper Currency within this Colony has ever preserved its Credit, and when emitted on Loan, has been of the greatest Advantage to our Settlers, having enabled many Hundreds of them to begin and go on with Improvements, that might otherwise have been either ruined in a Goal, or in a great Measure useless to the Community; it has contributed greatly to the Value of Lands, and the Encrease of your Majesty's Dominions in these Parts, and is generally acknowledged to have been greatly beneficial to this young Colony in several other Respects, having been ever emitted on a Fund incapable of depreciating or deceiving; as such we humbly presume to offer the annexed Bill for your Majesty's Gracious Approbation, being form'd on the same Plan,

C

and

‘ and intended in the same Manner, in every Respect but this, that the Interest  
 ‘ Money has heretofore been applied to the Support of this Government, but  
 ‘ now is designed to be a Fund for sinking the Sum of *Twenty Nine Thousand*  
 ‘ *Pounds*, to be immediately prepared, and to lie ready to be applied for your  
 ‘ Majesty’s Service, for carrying on the present War, in such Manner as the  
 ‘ Legislature of this Colony shall find necessary.

‘ This Method for providing against next Summer’s, or future Campaigns, is  
 ‘ the more expedient, as the real Distresses in which the War has already involved  
 ‘ this Colony, both in defending itself against the Indians, in furnishing at  
 ‘ least our Proportion of Men for Services abroad, and in divers other Respects,  
 ‘ are such as requires an Exertion of every prudent Measure to prevent our being  
 ‘ disabled from assisting the Common Cause hereafter, and thereby run the  
 ‘ Risk of declining in the Affections of our Gracious Sovereign ; a Calamity  
 ‘ we would by all Means willingly avoid : And therefore do most humbly pray,  
 ‘ that your Majesty would be graciously pleased to signify your royal Pleasure  
 ‘ to his Excellency our Governor, to give his Assent to the annexed Bill.

*Ordered,*

That Mr. Speaker do sign the said Bill and Petition ; and that three fair  
 Copies of each be prepared for him also to sign, and transmit to the Agent of  
 this Colony, to be by him laid before his Majesty.

*Bergen County*, setting forth, That a Petition was formerly laid before this  
 House, for passing an Act for building Bridges in *Saddle River Precinct*, in the  
 said County of *Bergen*, at the Expence of the whole County ; which if obtained  
 would be a great Hardship upon the Inhabitants in general ; praying for the  
 Reasons therein contained, that the Prayer of the first Petition be rejected ;  
 which was read, and ordered a second Reading.

A Message from his Excellency, by Mr. Secretary, in the Words following ;

*Gentlemen of the Council, and of the General Assembly ;*

‘ UPON reading your Bill for compleating the Regiment of the Colony of *New-Jersey* to *Five Hundred Men*, I find the Paragraph relating to an Enlistment of indented Servants militating with an Act of Parliament, made and past the last Year, on that Behalf ; and which Act I herewith send you.

‘ I must also observe to you, that the Bill makes no Provision for draughting or detaching out of the Militia, in Case the Regiment cannot be compleated in the Manner the Bill proposes ; and if this shou’d be the Case, (as may be feared) it seems necessary to add a Clause to the Bill, for draughting what Men may appear wanting to compleat the Regiment to the Number mentioned in the Bill ; or otherwise, the Aid and Assistance you propose for joining in the Common Cause, may prove weak and ineffectual ; to prevent which, his Majesty’s Provinces to the Eastward, have fallen into this necessary Expedient ; and I desire you, Gentlemen, to consider what I now lay before you, and to amend the Bill in these Articles, with what Dispatch you can ; for as the Year is far advanced, the Levies should be going forward with as little Delay as possible.

*Elizabeth-Town, Council Chamber,  
March 26, 1757.*

J. Belcher.

The Draught of a Message to his Excellency, in Answer to the above, being proposed, the Question was put, whether the following Words be continued in said Message, or not, viz. *The House are determined not to oblige or compel any of the Inhabitants by Force to serve as Soldiers ?* it was carried as follows,

Mr. *Neill*,

Mr. *Vangerson*,  
Mr. *Yard*,  
Mr. *Middagb*.

Ordered,

That Mr. *Wetherill* and Mr. *Clement* do wait on his Excellency, and inform him, that the Bill now before him, is conformable to all the Acts of this Colony for raising Troops, and that this House are unwilling by any Act of theirs, to give Encouragement for enlisting Apprentices or Servants, by which many of the good People of this Colony have been greatly distressed.

That the House are determined not to oblige or compel any of the Inhabitants by Force to serve as Soldiers ; but have, for the Good of the Service, and to compleat the Levies as soon as possible, given a Bounty unexampled in this or any of the neighbouring Colonies ; and entertain no Doubt, but if your Excellency appoint for Officers Persons of Influence in Parts of the Colony distant from each other, our Troops will be able to take the Field as soon as any Military Operations will be undertaken.

Mr.

Mr. *Wetherill* reported, that Mr. *Clement* and himself delivered the above Message to his Excellency, who was pleased to say, the House should hear from him.

His Excellency, by Mr. Secretary, laid before the House, two Petitions for their Consideration, which he lately received from sundry of the Inhabitants of the County of *Suffex*, setting forth, the great Danger the Frontier Inhabitants of said County are exposed to from the Indians; praying that Forces may be ordered up for their Defence; which were read, and ordered second Readings,

The House met.

A written Message from his Excellency, by his Clerk, in the Words following,

*Gentlemen of the General Assembly,*

**I**N Answer to your Message of the 26th Instant, I am to observe to you, that although the Bill for raising Five Hundred Men, may be conformable to former Acts of this Colony, of the like Nature, past before the Act of Parliament I have now laid before you, made purposely respecting the Inlistment of indented Servants; certainly no *English* Government ought, or can, make Acts to render null and void an Act of the King, Lords and Commons of *Great-Britain*: And as to myself, I am positively commanded by the King's Royal Instructions, not to give my Assent to any Bill that shall interfere with an Act of Parliament of *Great-Britain*; you will therefore see the Necessity of an Amendment of the Bill in this Article.

*As*

As to what I mentioned of the Draughting of Men, in Case there should be Necessity of it for compleating the Forces, I am sorry to hear you say, *You are determined not to oblige or compel any of the Inhabitants to serve as Soldiers.* Which I hope you will reconsider, and do therein as other Governments have done, and thereby render the Bill the more effectual to answer the Intent thereof.

Gentlemen,

In Answer to your Request; I wrote to the Right Honourable the Lord Loudoun, by your Express, to know if his Lordship had any fresh Directions to give me, that might be necessary to lay before you; and in Answer thereunto, I have received two Letters from his Lordship, which I herewith send you, wherein you will find his Lordship greatly surprized, that you have not hitherto come into the Demand he made in the King's Name, of One Thousand Men; but have confined the Number in your Bill to Five Hundred Men only. His Lordship was so full and particular in this Article, in his Letter to me of the 26th of February, and which I communicated to you in my Speech, at the Opening of this Session; wherein I said what I thought necessary at that Time, to induce you to comply with his Lordship's Demand for the King's Service, and for your own Safety, and I hoped not to have had Occasion to urge the Matter again; but as the French and Indians are constantly discovering themselves on the Frontiers of these Colonies, I must again and again recommend to you, the raising of One Thousand Men, at this critical Conjunction, in order to assist in the Common Cause, in making the most vigorous Efforts against the Enemy; for preventing Ourselves and our Neighbours being daily captivated, kill'd and scalp'd, by a bloody and merciless Enemy. If it be well considered, I think you will conclude, that it will be best, on all Heads, to raise a good Number of Men at once, rather than to be doing it from Year to Year by small Numbers; and by doing the Business as I now say, I really believe you would find it the best Way for saving Money to the Province: And since I am on this Head, I wou'd observe to you, that the Charge would hardly be more to the Province than what you were at last Year for Seven Hundred and Fifty Men, the King having since that made you a bountiful Gift of *Five Thousand Pounds* Sterling; and in his great Goodness hath taken upon himself the Charge of subsisting your Troops: These Things consider'd, you cannot reasonably plead the Inability of the Province for raising the One Thousand Men demanded.

As you have hitherto stood in a good Light with the Right Honourable the Lord Loudoun, the King's General and Commander in Chief of all his Forces in *North America*; and as he has so great a Share of his Majesty's Esteem and Favour, I hope you will avoid giving him any Cause of Complaint against you, as it might prevent your Success in any Affairs you may be inclined to solicit at the Court of *Great Britain*.

As my Lord Loudoun's Letters are so full and particular, and couch'd in such reasonable and cogent Terms; I think I need say no more, than to desire you to consider, in such wise and sedate Manner, as may produce Resolutions of your doing, in Answer to them, what may finally best of all contribute to the King's Honour and Interest, and to the future Welfare and Prosperity of the Province of *New-Jersey*.

Elizabeth-Town, Council Chamber,  
March 28, 1757.

J. Belcher.

His

His Excellency, by his Clerk, laid before the House, the Letters referred to in the above Message ; which were also read.

A Motion was made, that the House, in Answer to the Governor's Message, represent the distressed State of the Province to Lord *Loudoun*. And the Question being put, whether it be done immediately to him, or only by Way of Message to his Excellency, to be laid before his Lordship ? it was carried as follows ;

By Message only to his Excellency.

| Mr. <i>Holmes</i> ,  |
| Mr. <i>Miller</i> ,  |
| Mr. <i>Leaming</i> , |
| Mr. <i>Spicer</i> .  |

*Ordered*,

That Mr. *Leaming* and Mr. *Hoogland* do wait on his Excellency, and inform him, in Answer to his Message of this Day, that this House would have cheerfully complied with the Demand of the Earl of *Loudoun*, if the Circumstances of this Colony would have admitted of it ; That we esteem ourselves misfortunate, that our Address to his Excellency was not delivered before his Letters to the Commander in Chief of his Majesty's Forces were dispatched ; as we flatter ourselves, that the Reasons therein given, as they are exactly consonant with Truth, would have been satisfactory to his Lordship ; and assure his Excellency, that it is not in our Power to exert ourselves further without immersing the Colony in a Debt which might be greatly distressing to ourselves and Posterity ; That we have Reason to suppose, that the Strength and Riches of this Colony have been greatly misrepresented to his Lordship, to which his Passage through the best cultivated and thickest settled Parts thereof, may induce him to give credit ; and for these Reasons, to request his Excellency, candidly to lay before his Lordship the true State of this Colony with respect to its Neighbours ; which we hope will continue us in the favourable Light we are really desirous of appearing in to his Lordship.

That the Expence we were last Year at for the Defence of our own Frontiers, exceeded the Charge of our Regiment, and is a heavy Debt on our Estates ; while his Majesty's Regular Forces conduced greatly to the Security of our Northern Neighbours ; and we are not yet out of Danger of having a further Occasion of a Defence of our upper Settlements.

That as any additional Number of Forces cannot in the present Posture of Affairs be supplied by us, we should be glad his Excellency would give his Assent to the Bill, which is not now liable to the Objections pointed out in said Message ; and that the Officers should be immediately appointed, that our Troops may join the Corps with whom they are to act as soon as possible.

The House adjourn'd till To-morrow Morning Nine o' Clock.

*' I was so full in my Message to the House Yesterday, that to add any Thing more on those Heads wou'd be a needless Repetition ; but I think a particular State of the Affairs of the Province can be best done by yourselves, and to be address'd to Lord Loudoun directly.*

A Message from his Excellency, by his Clerk, requiring the Attendance of the House with their Address, in the Council Chamber, immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency, and delivered their Address in the Words following.

*To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.*

May it please your Excellency;

*WE His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly convened, from Hearts deeply sensible of the Necessity of assisting the Common Cause, at this Time, cannot help expressing the real Concern with which we found ourselves affected, by the large Number of Men mentioned in the Right Honourable the Earl of Loudoun's Letter; and this the rather, as from the Number his Lordship had asked from the Governments to the Eastward, we had concluded his Demands considerate and proportionable, and from thence had Reason to hope of being able to comply with any Proposal his Lordship should make to us.*

*As we are conscious of every necessary Prepossession in Favour of a General of so amiable a Character, and retain a very grateful Sense of his kind Sentiments, repeatedly express'd in regard to this Colony; we are well assured his Lordship's Demand from us, at this Time, is in a great Measure owing to his being a Stranger to our distress'd Circumstances in several Respects; one of which is, the Scarcity of Money; For notwithstanding the Sums imported to North-America, for the Army, and the Colony Emissions, its well known, what falls to our Share principally centers at New-York and Philadelphia, where our Trade chiefly lies. Another Consideration equally important, is the large Numbers of Volunteers who have already been raised in this Government, besides Servants and Apprentices, among the Regulars, and many Volunteers in the Provincial Services, which, with the Loss of our Forces and Stores at Oswego, adds to our Difficulties. But what appears still more particularly burthensome to the Province, and obstructing to the Service at this Time, is your Excellency's absolutely refusing to emit any Paper Money to be longer Current than five Years.*

*The Aid we have now, and heretofore given the Common Cause, has so loaded the five Years to come, with Taxes, that it will be extremely difficult to continue the Five Hundred Men, to be furnished the ensuing Campaign, longer than this Summer; unless we can get some Relief in prolonging the Time for sinking the Money, or by an Emission of Paper Bills of Credit, in the Manner proposed by the Bill now agreed to be sent Home for his Majesty's Approbation (with which we should be glad of your Excellency's Concurrence,) or by some other Method at present unknown to us.*

The

The present Prospect of Indian Affairs in the neighbouring Government of Pennsylvania, cannot but afford a real Pleasure to every Person acquainted with the late Outrages. We have never, since the Surrender of the Proprietary Governments, been much concerned with Indian Affairs, nor do we know that they have had any Reason to complain of this Province ; nevertheless, that Nothing may be justly laid to our Charge, respecting either the Promises given at the late Treaty, or such other Acts of Justice or Kindness as may be due to, or necessary for them ; we have, by the Bill passed at this Sitting, taken such Measures as appears to us the best calculated to be of real Advantage to them, and we hope the Expedient will also prove useful to many of the other Inhabitants.

It is now nigh three Years since the present House of Assembly was chosen ; a Variety of unprecedented Troubles, has introduced a large and unprecedented Expence : The Part we have acted, has been in Consequence of the Sentiments and Applications of our Constituents : Whether they are willing to continue the Expence, will be best known by a new Choice ; and it is but reasonable, at a Time of such encreasing Danger, that their Sentiments should be known in the most effectual Manner : A Triennial Election has been expected, and would be very acceptable to us ; and therefore we take this Occasion, to earnestly desire your Excellency would be pleased to dissolve the present House of General Assembly, at the Expiration of the said three Years.

March 23, 1757.

By Order of the House,

ROBERT LAWRENCE, *Speaker.*

His Excellency then was pleased to give his Assent to the following Bills, enacting the same, viz.

1st, An Act for regulating Indian Affairs, and to prevent the Setting of Deer-Traps within the Colony of New-Jersey.

2d, An Act for compleating the Regiment in the Pay of the Colony of New-Jersey, to Five Hundred effective Men, and making Provision for the same.

3d, An Act for the Support of Government of his Majesty's Colony of New-Jersey, to commence the Twenty-first Day of May, 1757, and to end the Twenty-first Day of May, 1758 ; and to discharge the publick Debts, and the contingent Charges thereof ; and for settling the Quotas in the respective Counties, and levying of a Provincial-Tax.

And then his Excellency was pleased to prorogue the General Assembly, till two o'Clock in the Afternoon of the same Day, then to meet at Elizabeth-Town.

By Virtue of an Order of the House, I do appoint James Parker, of Woodbridge, to print these Votes.

The House adjourn'd till To-morrow Morning Nine o' Clock.

Wednesday, May 25, 1757.

The House met.

*John Wetherill*, Esq; being returned a Member for the County of *Middlesex*, and *James Holmes*, Esq; being returned a Member for the County of *Monmouth*, were qualified in the House before Mr. *Nevill* and Mr. *Read*.

Ordered,

That Mr. *Wetherill* and Mr. *Holmes* do take their Seats in the House.

Ordered,

That Mr. *Stevens* and Mr. *Ladd* do wait on his Excellency, and acquaint him, that a sufficient Number of Members to proceed upon Business, are met, and ready to receive any Thing he shall please to lay before them.

Mr. *Stevens* reported, that Mr. *Ladd* and himself perform'd the above Message to his Excellency, who was pleased to say, he would receive the House immediately:

Whereupon Mr. Speaker left the Chair, and with the House, went to wait on his Excellency: And being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which, by Order of the House, was read, and is as follows:

'Gentlemen of the Council, and of the General Assembly,

**S**INCE I last parted with you, I have received many Things relating to the Safety and Wellfare of the Province, viz. Two Letters from the Right Honourable Mr. Secretary *Pitt*, dated *Whitehall*, February the 4th and 19th:—Three Letters from the Right Honourable Lord *Loudoun*, dated *New-York*, April 3d, 7th, and May 5th:—A Letter from the Honourable Governor *Denny*, dated *Philadelphia*, April 28th;—And also sundry Petitions from the Inhabitants of the Frontiers, praying for Protection from the Cruelties and Murders of the Indians.

'His Majesty's especial Commands, together with the extraordinary Situation of the Affairs of this Province, has made it my Duty to convene you at this Time, and to lay before you the several Letters, &c. now mentioned, and which shall be delivered you; and I hope we shall heartily join in carrying their Contents as far as we can into Execution.

'You

*They were  
expelled  
Jan. 17. 48  
no. 26.*

‘ You will find by the Secretary of State’s Letter, that it is his Majesty’s Pleasure, that you raise a Number of Provincial Troops, at least equal to those raised before, and which would make a Thousand Men, to join Lord *Loudoun*; and that truly sensible of his Majesty’s Paternal Care of this and the neighbouring Provinces, you will exert yourselves to the utmost for strengthening the offensive Operations against the *French*, as the Earl of *Loudoun* shall judge expedient, and that you would not clog the Enlistment of Men, or the raising of Money for their Pay, &c. with such Limitations as have been hitherto found difficult and ineffectual. And I would urge you in the most earnest Manner, to read with Deliberation, the Secretary of State’s Letters, and to do therein as may best tend to his Majesty’s Honour and Service, and to the Safety and Peace of the Province.

‘ I am in the next Place to observe to you, that the Right Honourable the Earl of *Loudoun*, General of the King’s Forces in *North-America*, complains of unusual Obstructions he has met with in this Province, in carrying on the King’s Service; and that his Majesty expects you make Provision for Carriages for the Troops, and Horses for Expresses, &c.

‘ And since you did not raise the One Thousand Men Lord *Loudoun* demanded of you in the King’s Name, he thinks it now too late to go about it, so as to have their Service this Campaign, and to supply which Deficiency, he proposes, that a Part of the Militia of this Province may stand ready to march upon any Emergency, to the Aid and Assistance of the Forces under the Command of Major General *Webb*, at *Albany*, on his Requisition. You will duly consider the Purport of my Lord *Loudoun*’s Letters, and act upon them so as best to answer his Majesty’s just Expectations from you.

‘ And you will read with Attention Governor *Denny*’s Letter respecting the Treaty he is now holding with the Indians in *Pennsylvania*, and do in Consequence thereof, as shall be most consistent with Justice and Equity, and with Peace and good Neighbourhood.

‘ And now I come to the melancholly Situation of the Frontiers of our own Province, where, upon Complaint and certain Advice of the Indians killing and scalping several Persons in this Province, I did, about three Weeks ago, with the Advice of his Majesty’s Council, post 120 Men, for the better Safety and Protection of the Inhabitants under their present Danger and Distress; and I hereby earnestly recommend them to your tender Care and Pity, always remembering, if the People there, in their great Jeopardy, are obliged to fly from their Habitations, the better inhabited Towns of the Province will soon become Frontiers.

‘ *Gentlemen of the General Assembly;*

‘ As many of the Articles I have now recommended to you, will require Supplies of Money, I shall not doubt your doing your Part, in a just and tender Regard to the People committed to our Care; you must be sensible, *Gentlemen*, that when ever the Militia is raised for the Protection and Defence of the Inhabitants of the Province, they must be paid and subsisted as other Troops that are raised for the same Service.

*Gentlemen of the Council, and of the General Assembly,*

‘ As this Province is become a Part of the Seat of War on the *English* Continent of *North-America*, I hope we shall at all Times consider it with close Attention,

‘ Attention, and unitedly do our Duty, in advancing the King’s Service and Honour, with the Safety, Peace and Welfare of the Province.

‘ This being a busy Season, and the many Things I now lay before you, being of great Importance, I shall not doubt your giving them all necessary Dispatch, that so you may the sooner return to your domestick Affairs.

*Elizabeth-Town, Council Chamber,*

A Petition was presented to the House, from the Surveyors of the Highways of the County of *Somerset*, and others, setting forth, the great Hardships that

the said Surveyors labour under, in being obliged to attend the Service so frequently, without any Reward or Fee ; praying Relief in the said Premises ; which was read, and ordered a second Reading.

To

To His Excellency JONATHAN BELCHER, Esq; Captain General and Governor in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the Representatives of the said Province; in General Assembly met.

May it please your Excellency ;

*WE, His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly conven'd, beg Leave to observe, that we have duly considered the several Letters and Petitions referred to in your Excellency's Speech.*

*As to the Letters from the Secretary of State, we have already anticipated the Necessity of the first of them, by granting the Supply therein mentioned, before it came to Hand ; and as to the latter of them, we acknowledge, with Gratitude, His Majesty's paternal Care, in ordering a naval Assistance for our Protection, in Case the same should be needed : And, as faithful Subjects, we have already exerted ourselves to the Utmost, for strengthening the offensive Operations against the French, even as fully as our Sovereign, by the Letter first abovementioned, has requested, without clogging the Inlistment of the Men, though their Number might have been more considerable, had not your Excellency insisted on restricting the Time for sinking the Money struck on that, and the late similar Occasions, to so short a Period, and in Case we had otherwise succeeded in our Application for a Paper Currency; being truly concerned, that our Zeal for the common Cause, should be unhappily cramped through those Obstructions; which, we promise ourselves, will be removed; observing with Pleasure and Gratitude, His Majesty's kind Assurances, couched in His most Gracious Speech from the Throne, signifying His paternal Regard for America; His Willingness to remove any Ground of Disatisfaction; and recommending it to His faithful Commons, to lay the Burthens they might judge unavoidable, in such a Manner as would least distress and exhaust His People : Glorious Maxims indeed ! well worthy the Great King who has adopted them ; and highly expedient to be observed, amidst the Calamities and Confusion of War ; and we fully depend they will take Place in our Relief, as extraordinary and uncommon Events have rendered an Alleviation to our Burthen absolutely necessary.*

*We are of Opinion, this Colony has furnished the Carriages and Stores requisite for the King's Service, when demanded, with as great Chearfulness and Expedition as any Colony on the Continent ; and, at their own Expence, have transported the Baggage of two Regiments, receiving the Thanks of the principal Officer for the same ; and have been further honoured with his Lordship's kind Acknowledgement of their Civility and Heartiness : And it gives us great Concern, to find his Lordship should now complain of any Obstruction to the Service, which, we have Reason to suppose, must be owing to some Misrepresentations that may have been made him, as we have not heard of any real Cause of Complaint ; we hope that on Enquiry, it will appear without Foundation.*

*This House, truly sensible of the impending Danger brought upon his Majesty's Northern Colonies, by the ill Success of the War, have thought it their indispensable Duty to provide, by every practicable Method, for the Security of this and the neighbouring Colonies, by putting the Militia upon a good and serviceable Footing ; and we have, by a Bill now sent up to the Council, put it in the Power*

of your Excellency and Council, to march a great Body of Militia to the Defence of our Neighbours, whenever they shall be attacked; in full Confidence, that your Excellency and the Council, will use this Power with a tender Regard to the People of this Colony; and will be assured, from the Governments who require our Assistance, that the Articles they are to supply, shall be ready for the Accommodation of our Troops, when they enter such Colony: And this Provision will, we hope, fully answer the Purposes designed by the Demand of the Militia, on the Requisition of Major General Webb.

Before his Lordship's Letters came to Hand, we complied with His Majesty's just Expectations, so far as the same have been signified to us, and the Circumstances of the Colony wou'd admit.

On reading Governor Denny's Letter, we observe, that the Commissioners for Pennsylvania on Indian Affairs, have heard, that Commissioners on the Part of this Colony, were to be present at the Treaty therein mentioned; but on inspecting our own Journal, we find, that the Committee appointed for inquiring into Indian Affairs, were confined to this Colony only; beyond the Limits whereof, we have never been concerned in any Indian Treaty.

We have taken the Situation of our distressed Frontiers into Consideration, and provided for the Defence thereof; but as the Supplies necessary for this Occasion, must derive from Bills of Credit to be issued, we hope to be relieved in sinking the same by some proper Expedient; without endeavouring for which, we should not demonstrate our tender Regard for the People. And we have provided for Payment of the Militia posted on the Frontiers, until relieved by the Forces directed to be raised for that Purpose.

As North-America has become the Seat of War, we have not hitherto been inattentive to the important Event; and hope we shall, at all Times, discharge our Duty to our King and Country, in this extraordinary and dangerous Crisis.

We have given the greatest Dispatch to the publick Business, and should willingly return to our domestick Affairs, in which we have greatly suffered for a long Time past, through our frequent Attendance on the publick Service; and having now provided for every Exigence in the best Manner we can, should be glad of a Recess, as those frequent Sitzings are not only expensive to the Publick, but also very prejudicial and fatiguing to ourselves. And permit us to observe, that should the Small-Pox spread in this Town, we shall depend on your Excellency not to call us hither until it be over, as a Number of us have never had that Infection.

By Order of the House,

Assembly-Chamber,  
June 2d, 1757.

ROBERT LAWRENCE, Speaker.

His Excellency was then pleased to give his Assent to the following Bills, enacting the same, viz.

1<sup>st</sup>, An Act for raising and maintaining 120 effective Men, for the Defence of the Frontiers of the Colony of New-Jersey.

A Message from his Excellency by his Clerk, in the Words following ;

*Gentlemen of the General Assembly ;*

I N Answer to your Address of the 2d Instant, I much doubt, whether the King's Ministers will allow of the Construction you make on the Secretary of State's Letter of the 4th of *February* last, that you were only to compleat the Regiment lately under the Command of Col. *Peter Schuyler*, to 500 Men ; but that, according to the Demand of the Right Honourable the Earl of *Loudoun*, General and Commander in Chief of all his Majesty's Forces in *North-America*, you were to have made in all One Thousand Men, to have joined his Majesty's Forces, now, by Order of the said Lord *Loudoun*, put under the Command of Major General *Webb*.

As you seem to insist on your having hitherto furnish'd Carriages and Horses requisite for the Service, I shall not doubt of your making proper Provision for the future, for Carriages for the Troops, and Horses for Expresses, agreeable to Lord *Loudoun's* Letter of the 3d of *April*, laid before you.

I have read over the Bill, called, *The Supplementary Act, for better settling and regulating the Militia of this Colony* ; and in which I find several good Amendments of the former Militia Act, and hope you will still go on to amend it as there shall be Occasion. I have also read, with close Attention, the Clause in the said Bill, in Answer to Lord *Loudoun's* Demand of the Aid of the Militia of this Province, upon Notice from Major General *Webb* ; and in Duty to the King, I now lay before you the following Paragraphs of Lord *Loudoun's* Letter : " And as I had settled the Quota of Men to be raised by you and the neighbouring Provinces for the Operations of the Year, before the Secretary of State's Letter arrived ; I have some Doubt, if the Addition now required by that Letter, to put them on the Foot of last Year with respect to Numbers, can be raised and marched to take the Field in due Time, to enter upon Action ; therefore, both to comply with the Secretary of State's Orders, and the greater Security of the Country, it appears to me absolutely necessary, that the Militia of your Province should be properly armed and furnished with Ammunition, and have a standing Order to march to the Aid and Assistance of the Forces under the Command of Major-General *Webb*, at *Albany*, or the Commander of his Majesty's Forces in that Quarter, on his Requisition ; and that this Order should be more particularly given and enforced in such Parts of your Province, as is most nearly situated to those Forces, without waiting for any further Orders from you.

From your Zeal for the Publick Service, I have no Doubt of your complying with this Recommendation ; and hope, if the necessary Orders are given, and strictly obeyed by them, to reap the same Benefit from your Militia, that we did lately on the Enemy's Attempt on *Fort William-Henry*, from the Militia of the upper Part of this Country."

I am therefore surprized, that what you have done is so far wide of what the King's General has so wisely proposed for the King's Interest and Honour, as well as for the Safety and Wellfare of this and the neighbouring Provinces ; for that the Aid you have directed to is clogged with so many Difficulties, as that the King's Forts may be reduced, and his Forces defeated by an Overmatch of the Enemy, before any Assistance can be reasonably sent from hence : I would therefore have you reconsider the Clause in the said Bill,

‘ and conform it to the Paragraph of Lord *Loudoun*’s Letter before mentioned, and thereby prevent any fatal Consequence that may happen by Neglect of our Duty.

‘ I take Notice of the Bill you have pass’d for raising One Hundred and Twenty Men, to be posted on the Frontiers in their Defence ; I should have been glad you had made up the Number to One Hundred and Fifty Men ; as it is a Season when we may expect the Enemy on the Frontiers to be numerous.

‘ I take Notice of what you say, “ Tho’ the Number of Men might have been more considerable, had not your Excellency insisted on restricting the Time for sinking the Monies struck on such Occasion to so short a Period.” In Answer to this I am to say, that what I have done upon this Head, has been in strict Obedience to his Majesty’s Royal Orders ; in which, if you find any Difficulty or Obstruction in your Proceedings, you well know where you are to seek for Relief.

‘ As to your frequent Attendance on the Publick Service ; I do assure you, I shall never call you to it, unless by the King’s especial Command, or that it shall be judged necessary for the Safety and Wellfare of the Province.

‘ The afore-mentioned Supplementary Bill, I herewith return you.’

*Elizabeth-Town,*  
Council-Chamber, June 3, 1757.

J. Belcher.

The House taking into Consideration the above Message.

*Ordered,*

That Mr. *Read* and Mr. *Johnston* do wait on his Excellency, in Answer to his Message of this Afternoon, and acquaint him, That the House are unanimously of Opinion, that the Secretary of State’s Letter can by no Means bear the Interpretation his Excellency puts upon it; and that they have done every Thing required thereby, and are extremely sorry to have Things of this Nature so frequently reiterated ; the Words of said Letter are, “ That you press them in the strongest Manner, to raise with the utmost Expedition, a Number of Provincial Troops, at least equal to those raised the last Year, for the Service of the ensuing Campaign.” It is evident that the Number of Men required, are only equal to those raised last Year ; his Majesty’s Ministers certainly knew the Fate of our Regiment at *Oswego*, and that they were raised to serve only that Campaign ; nor will any Body suppose, that more than a complete Regiment, such as we had last Year, could be, or was expected.

That although this House esteem it their Duty, to pay due Deference to his Majesty’s Commands ; yet they expect to enjoy the Freedom of judging from the Words, how far those Commands extend, without any Comment upon them, and of their own Abilities to execute them.

It is with the utmost Concern, that the Chearfulness of this Colony to furnish Carriages for the Transporting two Regiments gratis, should encourage his Excellency to press this House, to run into an unnecessary Expence already provided for by the Act of Parliament ; which meets with all due Obedience in this Colony.

That it is with equal Concern, they find the Amendments to the Militia Bill do not give his Excellency Satisfaction : And beg Leave to assure him, that so far from making that Bill more rigorous, it was with the utmost Concern that

that the House found themselves (from the Difficulty of the Times) under a Necessity of laying a Burthen upon the Inhabitants ; which nothing but the most impending Danger would have induced them to do ; and that Nothing more can be expected from this House on that Head, under the present Circumstances ; nor can we think ourselves divested of a Right of judging of the Expediency and Possibility of Complying with any Demands made upon the Colony.

That the House have given such Assistance to the Frontiers, as they expect will, by the Favour of Providence, secure the Inhabitants, and without it they find it has not been in the Power of all the Troops at *Albany*, or elsewhere to prevent the Indians some Times making successful Incursions.

That it is with the greatest Uneasiness the House perceives the utmost Exertion of the Colony falls short of giving Satisfaction, and that they have of late scarce ever been parted with, till they have received his Excellency's Disapprobation of what has been done.

That the House beg his Assent to the Supplementary Bill, so necessary for the Defence of this Colony, and upon which its Security in a great Measure depends, and which we herewith return.

Mr. *Read* reported, that Mr. *Johnston* and himself delivered the above Message to his Excellency.

A Message from his Excellency, by his Clerk, requiring the Attendance of the House in the Council Chamber, immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency ; who was pleased to give his Assent to the following Bill, enacting the same, *viz.*

*A Supplementary Act to the Act, entitled, An Act for better settling and regulating the Militia, &c.*

And then did adjourn the General Assembly to the 4th Day of *July* next.

*Ordered,*

That Mr. *Stevens* and Mr. *Paxson* do wait on his Excellency, and acquaint him, that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he shall please to lay before them.

Mr. *Stevens* reported, that Mr. *Paxson* and himself had waited on his Excellency with the above Message ; who was pleased to say, that Circumstances in Affairs having changed since he first prepared his Speech, makes it necessary to form it anew, whereby he shall not be able to lay any Thing before the House before To-morrow Morning.

Mr. *Paxson* informed the House, that *Barzillai Newbold*, Esq; a Member of this House for the County of *Burlington*, has lately deceased.

*Ordered,*

That Mr. Speaker do issue his Warrant to the Clerk of the Crown, to make out a Writ for the Electing a Representative for the County of *Burlington*, in the Room of the said *Barzillai Newbold*, Esq; deceased.

The House adjourn'd till Two, P. M.

The House met, and adjourn'd till To-morrow Morning Nine o'Clock.

Saturday, August 20, 1757.

The House met.

A Message from his Excellency, by the Deputy Secretary, requiring the Attendance of the House in the Council Chamber immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Excellency : And being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows:

*Gentlemen of the Council, and of the General Assembly;*

**U**PON the Intelligence of a large Body of French Troops laying Siege to Fort *William-Henry*, and upon the pressing Instances of the Government of *New-York*, I thought it necessary to order the Colonels of the several Regiments of Militia, to detach their Proportions of One Thousand Men, agreeable to an Act of this Province passed the last Sessions; and having appointed Officers to command them, I directed them to proceed

to

‘ to *Albany*, in the Province of *New-York*. While these Troops were  
 ‘ embarking, and on their Way, I received the further Intelligence of the  
 ‘ Reduction of Fort *William-Henry*, and that Fort *Edward*, upon *Hudson’s*-  
 ‘ River, was invested by the Enemy; whereupon I call’d together his Majesty’s  
 ‘ Council, and laid before them the imminent Dangers to which this and the  
 ‘ neighbouring Provinces were exposed, by the Approach of a numerous and  
 ‘ successful Army; and by their Advice, I ordered a further Detachment of  
 ‘ Three Thousand Men, to be in Readiness to move, in case the Progress of  
 ‘ the Enemy should make it necessary: But I can now acquaint you, that the  
 ‘ *French* have contented themselves for the present with destroying the  
 ‘ Works at Fort *William-Henry*, and are retired; upon which the Troops  
 ‘ that were sent from hence are returned, and the Whole disbanded.

‘ As soon as I received Notice of the Approach of the Enemy, by Letters  
 ‘ from Lieut. Governor *De Lancey*, dated at *Albany*, the 10th and 11th Inst.  
 ‘ which will be laid before you, I call’d you together, that I might have  
 ‘ your Advice and Assistance in the Measures such an Event would render  
 ‘ necessary: And think it my Duty now to inform you, that upon this  
 ‘ Occasion the Militia Laws were found to be very insufficient to answer the  
 ‘ Purpose of affording timely Assistance to our Neighbours, or of defending  
 ‘ ourselves in case of Need: I therefore recommend those Laws to your  
 ‘ Consideration, that they may receive such Alterations, as may enable me to  
 ‘ use the Force of this Province for the Security of this Part of his Majesty’s  
 ‘ Dominions, without having Recourse to the Exercise of the Powers delegated  
 ‘ to me by his Majesty’s Commission under the Great Seal, a Copy of a  
 ‘ Clause in which will be laid before you.

‘ *Gentlemen of the General Assembly,*

‘ The Expence that has attended the making these Detachments will be  
 ‘ laid before you; and I doubt not you will make Provision for the Payment  
 ‘ thereof, and such as may attend any further Measures of the like kind. The  
 ‘ Secretary will lay before you a Letter I have received from Admiral *Holburn*,  
 ‘ dated at *Halifax* the 10th past, by which you will observe, that the Enemy  
 ‘ were very strong in that Part of the World, and his Majesty’s Fleet much  
 ‘ weakened by Sickness; on which you will do what you think most for the  
 ‘ King’s Service, and for the Interest of this Colony.

‘ *Gentlemen of the Council, and of the General Assembly,*

‘ This Situation of Affairs to the Eastward, and the Reason we have to  
 ‘ fear the Enemy will renew their Attempts to the Northward, are really  
 ‘ alarming, and call on us for the greatest Unanimity and Dispatch, in those  
 ‘ Measures that at this Time may be thought necessary for advancing the  
 ‘ common Cause, and securing those Colonies from falling an easy Prey into  
 ‘ the Hands of our Enemies.

*Gentlemen of the General Assembly;*

THE Secretary will lay before you a Letter I received last Night from General *Webb*, dated at Fort *Edward*, the 12th Day of this Instant, notifying to me, that the *Jersey* Regiment were become Prisoners of War, and under Articles not to serve for the Space of Eighteen Months; and desiring the Province might furnish the original Number the Regiment first consisted of, for the future Service of this Campaign.

The Reasons we have to expect the French will renew their Attacks upon the Northern Frontiers, are sufficient to induce us to take every Measure in our Power, to prepare our selves for our own Defence: I do therefore heartily recommend this Matter to your Consideration.

Sir *John* also signifies, that his Lordship will send about 600 Men, ailing with Scorbutick Complaints, to this Province, to be divided between *Elizabeth-Town*, *Newark* and *Amboy*; and that those Men will be in the Province this Day: As the receiving such a Number of sick Men into the Places above-mentioned, destin'd by the Earl of *Loudoun* for their Reception, will be attended with great Inconvenience to the Inhabitants of those Places; there being no Hospitals or Barracks prepared for their Reception; the Council conceive it necessary for you to take the same into your Consideration, and make speedy Provision for those Men, so that too great a Burthen be not laid on those particular Parts of this Province.

A Message from the President, by W. Secretary was read  
 and is as follows,

Gentlemen of the Council & General Assembly.

When upon the Death of his late Excellency Governor  
 Fletcher, the Administration of the Government devolved upon  
 me, the bodily Infirmitie under which I labour, and the  
 advanced Age it hath pleased God to favour me with, rendering  
 the Administration too Burthensome for me cheerfully to  
 Undertake, and my fear lest the General Service should  
 have suffered from my Inability to enter into vigorous  
 Measures, were Reasons very cogent and forceable, to deter-  
 mine me to shun an Active Life, and nothing but the  
 obedience due to his Majestys Commands could have  
 prevailed on me to assume the Reins of Government, in  
 the Execution of which, my Duty, my Interest, and my  
 warmest incunations, will lead me, by every just and  
 prudent Measure, to promote the Security of two Majestys

American Dominions in General, and the peace, ease and Happiness of this Province in particular, and I hope for your aid and best Advice upon all Difficulties that may occur in these times of Uncommon Danger & Distress.

His Excellency Thomas Pownall Esq<sup>r</sup> Governor of Massachusetts Bay, and Lieut Governor of this Province being acquainted that the Government of this Colony was unsettled prompted by a Zeal for his Majesty's Service, Undertook a fatiguing Journey from Boston, and arrived here where he found me in the Administration thereof and did me the favour to assure me that if any Extraordinary Matters should require more vigorous Execution than the Weak State of my Body should enable me to perform he would on the first Notice from me at a <sup>moment</sup> ~~minutes~~ warning repair here to the Aid & Service of the Province.

A Declaration so Tender in respect to myself commands my sincerest return of Gratitude, and in Respect to the Colony entitles him to their greatest esteem & Regard and I must recommend it to you to make a generous Provision for the Expenses of his late Journey, and for such as the exigency of Affairs shall make it necessary for him to undertake hereafter and for the Support of <sup>the</sup> Commander in Chief of the Colony.

It was with reluctance that you were called together at a time when your private Affairs require more than ordinary attendance, but the distressed Situation of the Frontiers which is represented to me by Letters from several of the principal Inhabitants, and the fitting out the one Hundred Rangers for his Majesty's Service, made your immediate Meeting of Absolute necessity. Notwithstanding  
W<sup>m</sup>

the parental care the Legislature of this Colony have shewn to the frontier Inhabitants; it appears upon Trial that the force of arms there are insufficient to prevent the Ravages of the Enemy; nor need it excite us upon the calamities that would follow if the settlers above are about Paquetin, should be terrified, so as to abandon their Improvements, these Letters the Secretary will lay before you. You may assure yourselves that I shall never lose an useful Experience upon you, but Good Economy dictates that we ought to advance freely, when the Preservation of the whole is at Stake. I have writ to his Excellency the Earl of London, to procure a Company to Garrison our Block Houses, and if his Lordship shall find it convenient to share them our own Troops may be profitably employed in scouting Parties.

My Beasts disorders render it Impracticable for me to attend your business meeting at Burlington, and as you may not incline to go through more than what is commenced to you I hope my being here will not occasion much delay. If you find it convenient there will be a necessity of adjourning you to Trenton, which I will do on a day, say, for that purpose. I am thankful to Heaven, that there is an Appearance of my being Able shortly to meet you at your usual Place of sitting. The good Effects <sup>that</sup> this Colony has experienced from that Harmony and good agreement which has happily subsisted between the branches of the Legislature with their cement you in the Strongest Confidence and Concord for the General Benefit of the Community; and that each House will proceed with the Discretion of what Properly is their respective Business and Duty, Agreeable to the pressing Necessity

Mr. Spicer, from the Committee for that Purpose, brought in a Draught of a Message to his Honour ; which was read, and several Amendments made thereto ; which were agreed to by the House, and is as follows.

*Ordered,*

*Ordered,*

That Mr. *Read* and Mr. *Yard*, do wait on his Honour the President, and acquaint him, in Answer to his Message of the 11th Instant, " That we are sorry his bodily Infirmities, and advanced Age, should have, in the least, obstructed his ready Acceptance of the Government ; and we hope his Inclination will prompt him to render the same most beneficial for the publick Good, in which it is our Duty at all Times to concur ; and more especially, at this critical Juncture of uncommon Danger and Distress ; for averting and alleviating whereof, our Aid and best Advice shall not be wanting, consistent with the Circumstances of those we represent, and the Duty we owe them.

That we esteem Governor POWNALL's Journey to this Province, a signal Proof of his Zeal for his Majesty's Interest ; and had the Government here continued unsettled, it might have been of the greatest Service ; and for his Readiness herein, and other kind Assurances, we retain a grateful Sense, begging his Honour will please to return him our unfeigned Thanks.

That it is with Reluctance we are convened at this Time, when our domestic Affairs so pressingly demand our immediate Attendance, having deeply suffered therein for a Series of Time past, thro' a frequent, and almost constant, Attention to the publick Service : And for their, as well as our own Relief, we must intreat his Honour, not to call us oftner than the pressing Exigencies of the Province do unavoidably require ; as frequent Sittings are not only inconvenient to us, but also very expensive to the Publick, who ought to be relieved by all frugal Means : And, indeed, we did not expect to have been so suddenly called, unless some extraordinary Emergency had occur'd to have rendered it absolutely necessary : However, since we are met, we have chearfully taken into Consideration, the Matters recommended in his Honour's said Message ; and in Consequence thereof, have pass'd a Bill, for issuing *Thirty Thousand Pounds* in Bills of Credit ; Part whereof is appropriated to the equipping One Hundred Rangers ; to paying for a general Magazine of Arms and military Stores ; to defraying the Expence of the late Detachment, and to the further Continuance of the Troops posted on our Frontiers : And the Surplusage then remaining, is subject to such further Appropriations, as the Legislature, in their Direction, shall think expedient for his Majesty's Service : Which Bill, being of such general Utility, leaves us no room to doubt of his Honour's ready Concurrence : Observing with Pleasure and Gratitude, his early and prudent Application to the Earl of LOUDOUN, for a Company, to garrison the Block-houses ; which if granted, and our Troops already there should be otherwise well employed in Scouting Parties, we have Reason to hope (thro' Divine Aid) will be sufficient to guard the Frontiers. And permit us to observe, that should Ten Men to One be granted, and at the same Time remain inactive Spectators of the Enemy's Ravages, the Increase of their Numbers would only add to the Expence, but not the Defence of the Province ; which demands our serious Notice, and constrains us to intreat his Honour, in case he should hear any Complaint of the Behaviour of our Troops, and, on strict Enquiry, find the same to be true, instead of calling us to add to the Number, he will please to exhort the Officers charged with the Command of those already on Foot, to a vigorous and effectual Discharge of their Duty, under Penalty of being cashiered with Disgrace, for Neglect thereof ; to the End the Province may receive that Protection from them, which (under God) they have a Right to expect.

That

That we are sorry, his Honour's present Indisposition renders him unable to meet us here, and are not inclinable to be adjourned to *Trenton*; firmly intending to reassume the constitutional Right of sitting at *Perth-Amboy* and *Burlington*; tho' for some Time past we have dispensed therewith, thro' tender Compassion to the advanced Age, and great Infirmary of our late Governor; but his Death leaves us at Liberty, and our Duty to the Publick now enjoins us, to assert our Right in the strongest Manner; lest a continued Suspension of an unalienable Privilege, should hereafter prompt future Governors to repeat the Precedent, of calling their Assemblies to unconstitutional Places, to the great Prejudice of the Publick Good; and therefore, we rely on his Honour's just Assurance of meeting us at the usual Places, when the Impediment he at present labours under shall be removed.

And, that the late Agreement between the Branches of the Legislature, may justly furnish his Honour with Reason to hope for the Continuance thereof, not doubting his hearty Endeavours to render the same lasting.

*Gentlemen of the General Assembly,*

THE Secretary will lay before you, a Letter from the Right Honourable the Earl of *Loudoun*, in Answer to a Request I had made to him : You will perceive, by his Lordship's Letter, that he had made fruitless Enquiries, as to the Situation of our Frontiers, and Number of our Block-houses : I shall immediately send Answer to the Queries he has made. The Secretary will also lay before you, a Letter from the Honourable *James De Lancey*, Esq; Lieutenant Governor of *New-York*, giving such Information as ought justly to alarm us : I must therefore recommend it to you, in the most serious and tender Manner, to re-consider the distressed State of the Frontiers, and the unhappy Situation of a People, who, besides the Labour necessary for the Support of their Families, are worn out with guarding their Habitations from the Cruelty and Violence of the Savage Enemy ; which I apprehend has been occasioned by the Number of Forces stationed there being too few to guard so extensive a Frontier ; and as the Number and Continuance of the Regular Forces, if we should be favoured with them, is uncertain, I must recommend it to you, to increase the Number of the Frontier Guard.

S I R,

**I** AM ordered to inform you, that it is a considerable Pleasure to this House, as well as most of the Inhabitants of this Colony, that the Government has in the Course of Providence, devolved upon a Gentleman, whose great Age and Experience, Estate and Residence among us, and known good Dispositions, must naturally prepossess us in favour of your future Conduct, and render it a Matter of little Doubt with us, that Love and Esteem will as naturally follow you in a publick Capacity, as it has done in many private Ones : And that there may be no Occasion hereafter administred, to interrupt that Harmony with which we please ourselves the publick Affairs will be done, during your Administration ; we must intreat your Honour, to remove to one of the usual Places of doing the publick Business : Your advanced Age and precarious State of Health, makes it absolutely necessary : And when your Honour considers the great Disadvantages under which the publick Business has lately been done ; the great Expence it has occasioned, and the many Hardships those concerned in the doing it, have been obliged to expose themselves to ; we doubt not, your Honour will be of Opinion with us, that such a Measure will greatly facilitate his Majesty's Service, and dispatch the publick Business, conformable to his Majesty's Instructions and the established Constitution of the Colony, and be a great Ease to all concerned.

I am also ordered to acquaint your Honour, that the House have resolved to pay for your Honour's House-Rent in the usual Manner, while your Honour shall reside at Burlington or Amboy.

## Votes of the General Assembly.

BURLINGTON, *Thursday, March 23, 1758.*

PURSUANT to his Honour's several Prorogations to this Day, the House met, and adjourned till Nine o'Clock To-morrow Morning.

*Friday, March 24, 1758.*

The House met.

*Ordered,*

That Mr. *Stevens* and Mr. *Paxson* do wait on the President, and inform him, that a sufficient Number of Members to proceed upon Business are met, and are ready to receive any Thing he will please to lay before them.

Mr. *Stevens* reported, that Mr. *Paxon* and himself delivered the above Message to his Honour the President, who was pleased to say, the House should hear from him immediately.

A Message from the President by Mr. Secretary.

Mr. *Speaker*; His Honour is in the Council-Chamber, and requires the Attendance of this House immediately.

Whereupon Mr. *Speaker* left the Chair, and with the House attended on his Honour: And being returned, Mr. *Speaker* resumed the Chair, and reported, that his Honour had made a Speech to both Houses; of which Mr. *Speaker* said he had, to prevent Mistakes, obtained a Copy.

*Ordered;*

That his Honour's Speech be read; which was done accordingly, and is as follows;

*Gentlemen of the Council, and General Assembly;*

HAVING the Honour of his Majesty's Commands of the Thirtieth Day of *December* last, signified to me by the Right Honourable *William Pitt*, Esq; one of his Majesty's principal Secretaries of State, it became my Duty to call you immediately together, that you might, by your Vigour and Dispatch, have the Opportunity of shewing the most grateful Return to his Majesty, for the tender Concern he manifests for his loyal Subjects in this Part of his Dominions, so far removed from his Royal Presence. The unexampled Expence *Great-Britain* cheerfully subjects herself to for the Security of these Colonies; demands the utmost Exertion of your Force, to co-operate with the King's Regular Troops, for the reducing Enemies, whose sole View must evidently be the Destruction of your Liberty, Property, civil and religious Rights, and every Thing that is dear to you. Experience shews you, how destructive all Delays are in military Operations, and that every Year brings on a Load greater than the former; it is therefore consistent with Prudence and good Oeconomy, as well as your Duty to his Majesty, by the most vigorous Efforts, to second the King's pious Intentions, of making the future Security of the Colonies, under Providence, the Work of one Campaign. His Majesty has been graciously pleased, in order to alleviate the Expence of  
the

‘ the Colonies, to furnish the Provincial Troops with Arms, Provisions, and  
 ‘ Camp Equipage ; and as a signal Mark of his Favour and Confidence, to  
 ‘ establish a Rank for the Officers who shall serve in those Levies ; which, I  
 ‘ have Reason to hope, will induce Gentlemen of Knowledge and Influence to  
 ‘ enter into the Service ; and by their Example, infuse into the People, a  
 ‘ Love of their Country, and a Willingness to enlist : And in the Disposition  
 ‘ of the Commissions on this Occasion, I assure you, Merit shall be my single  
 ‘ View. As a further Inducement to the Colonies to make their utmost Ef-  
 ‘ forts, his Majesty has been graciously pleased to declare, that strong Recom-  
 ‘ mendations shall be laid before the Parliament, to grant a proper Compen-  
 ‘ sation for the Expence of the Colonies, according as their active Vigour and  
 ‘ strenuous Efforts shall respectively appear to merit ; and on this Occasion his  
 ‘ Majesty has not thought proper to limit the Ardour of any of his Colonies ;  
 ‘ but, justly, expects from each as large a Body of Men as they are able to raise,  
 ‘ on this critical and important Occasion. Mr. Secretary *Pitt*’s Letter, which  
 ‘ demonstrates his Majesty’s Care and Affection for the Colonies, shall be laid  
 ‘ before you, under the Confidence he is pleased to express in it.

‘ *Gentlemen of the General Assembly,*

‘ As no Time or Occasion has ever happened in the Colonies, wherein it  
 ‘ became so necessary to involve your Country in Expence, I must recommend  
 ‘ it to you, in the most fervent Manner, to act with a Spirit and Resolution  
 ‘ becoming a People, who esteem their Liberty of more Value than the small  
 ‘ Part of their Estate requisite for the Maintenance of all the Men this Colony  
 ‘ can spare. I have the Favour of a Letter from his Excellency Governor  
 ‘ *Pownall*, informing me, that the Colony of the *Massachusetts* have voted  
 ‘ Seven Thousand Men ; and, as Lieutenant Governor of this Colony, he re-  
 ‘ commends this extraordinary Service in the strongest Manner. I am also fa-  
 ‘ voured with a Letter from the Honourable *James De Lancey*, Esq; Lieut.  
 ‘ Governor of *New-York*, and thereby am acquainted, that the Assembly of that  
 ‘ Colony have voted Three Thousand Six Hundred and Eighty Men, to be raised  
 ‘ for the Service of this present Year. As the Supplies of Money must constitu-  
 ‘ tionally arise in your House, you will consider, that the raising a Sum inade-  
 ‘ quate to the Service, will cramp the Operations of this Colony, and lose the  
 ‘ Reputation we have justly acquired in preceeding Campaigns.

‘ *Gentlemen of the Council and General Assembly,*

‘ The Secretary shall lay before you a Letter I have received from his Excel-  
 ‘ lency General *Abercrombie*, whom his Majesty has been pleased to appoint  
 ‘ Commander in Chief of his Troops in *North-America*, in the Room of the  
 ‘ Earl of *Loudoun*, and with the same Power and Authorities ; in which he  
 ‘ recommends the utmost Application and Dispatch in forming the Levies.

‘ I must intreat you, not to suffer any Jealousy of the Conduct of the other  
 ‘ Colonies to enter into your Councils ; but to act for yourselves independantly,  
 ‘ and detached from every other Consideration, than the emergent Necessity  
 ‘ of securing to yourselves and your Posterity, the happy Enjoyment of the Li-  
 ‘ berties of *Englishmen*, under the Administration of the best of Kings, who  
 ‘ has always had a just Regard for the Liberties of his Subjects, and has given  
 ‘ the most evident Proofs, that he esteems his Happiness as interwoven with  
 ‘ that of his People.

‘ I must

‘ I must strongly recommend it to you, to fall upon the speediest and best Method of raising the greatest Body of Troops this Colony can furnish. And in case the proposed Number should not be voluntarily enlisted within a limited Time, by the Methods you shall fall upon, that I should be, by a Law for that Purpose, enabled to compleat them, so that they may be ready in Time to assist in the general Attempt, of obtaining, by Force of Arms, that Repose and Security, which past Events plainly shew us, we can never by any other Method expect to enjoy.

‘ Colonel *Peter Schuyler* is now here, and has considerable Arrearages and Demands. That Gentleman’s Conduct has done Honour to the Colony, and entitles him to its Esteem; and his humane Disposition, which extended to all his captive Countrymen, has endeared him to *America*. I shall postpone the Recommendation of his Affairs, and those of Captain *Shaw*, who brought home the Troops who were captivated by the *Indians* after the Surrender of Fort *William-Henry*, and of the Troops returned by the Way of *Europe* from *Oswego*, until you have taken Resolutions respecting the Forces now to be raised, as that Consideration ought to be paramount to every other; but doubt not, but in the Course of this Session, their particular Circumstances, of which I shall inform you, will meet with due Regard from you, as well as the future Care of the Frontiers; which, by the Blessing of Providence on the Vigilance of our Troops, have been protected through the Winter; and a Quiet, for a long Time before, unknown to the upper Inhabitants, happily preserved.’

The Committee appointed to consider of a proper Estimate, relating to Barracks, made the following Report :

‘ We the Committee appointed to consider of a Plan for building Barracks  
‘ for 1500 Men ; and computing the Expence thereof, do hereby report, that  
‘ we are of Opinion, it will be proper to build one at *Burlington* for 300 Men ;  
‘ one at *Trenton*, for 300 Men ; one at *Brunswick*, for 300 Men ; one at *Am-*  
‘ *boy*, for 300 Men ; and one at *Elizabeth-Town*, for 300 Men. And it appear-  
‘ ing to us, that the Expence of Building will very much vary, according to  
‘ the Place where the Building is erected : And that it may be necessary also  
‘ to vary the Method of Building in several Places, the Expence and Method  
‘ are therefore both too uncertain for us to form any tolerable Estimate : Our  
‘ Opinion therefore is, that the best Method the House can fall upon, will be  
‘ to appoint three responsible Freeholders in each of the above Places, and to  
‘ empower any two of them to draw on the Treasury for any Sum not exceed-  
‘ ing £.1400, for *Burlington* ; nor the Sum of £.1400, for *Trenton* ; nor the  
‘ Sum of £.1400, for *New-Brunswick* ; nor the Sum of £.1400, for *Amboy* ; nor  
‘ the Sum of £.1400, for *Elizabeth-Town* ; and with the Money so received, to  
‘ compleat the said Buildings, in the most cheap, expeditious, and convenient  
‘ Manner they are capable of. All which is, nevertheless, submitted to the  
‘ House, by

Whereupon Mr. Speaker left the Chair, and with the House went to wait on his Honour; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Honour, and presented their Address in the Words following.

To the Honourable JOHN READING, Esq; President of his Majesty's Council, and Commander in Chief of the Colony of New-Jersey.

The humble Address of the Representatives of the Colony of New-Jersey, in General Assembly convened.

May it please your Honour;

*WE* the Representatives of the Colony of New Jersey, in General Assembly convened, gratefully sensible of his Majesty's paternal Care over his Dominions in North-America, think ourselves bound in Duty to observe, that we esteem the Instance of it communicated in Secretary Pitt's Letter, a Proof thereof that carries with it evident Marks of Wisdom in the Planning, and every promising Method in the Execution, that a free People would naturally expect from an Administration so deservedly fam'd.

The exacting Obedience to any determinate Proposal, from a People willing and desirous to do their utmost in a Cause that so intimately concerns them, would, in our Opinion, not answer the Design, and would essentially vary from that constitutional Method, which has heretofore for many Generations honourably distinguished the English Name.

Excited by Duty to his Majesty, the Preservation of our Country, and the constitutional Method in which we are called upon to give our Assistance to the common Cause, and in Confidence of his Majesty's gracious Assurances, we have now augmented our Regiment to double the usual Number; and tho' this will be attended with an extreme heavy Expence to a young Country, already greatly in Debt, as well thro' the Effect of former Expeditions and Mis-carriages, and the Loss of our Regiment in two successive campaigns, as for the Purchase and Improvement of our Lands, we have the Satisfaction to say, we have done our Endeavours with Dispatch and Alacrity. And when to these Considerations are added, the Smallness of our Trade, and our Number of Inhabitants, their scattering Situation and Distance from Markets; the Expence of our Frontiers, and Winter-Quartering of the King's Forces, the Numbers of Inhabitants that are already listed among the Regulars, and others that are gone a Privateering, the large Assistance other Provinces have now both in Money and Arms, in the last of which we have had no Assistance; your Honour will permit us to say, we cannot help being surprized at some un-neighbourly Misrepresentations to the King's Generals, respecting our Abilities and Numbers. That such must be the Case, we think, can want no further Evidence than the repeated Fault that has been found with our Measures; tho' upon a fair and just Estimate, we doubt not, that we should be found to have

done all that we ever gave Expectation of doing ; and upon the Whole, have assisted, at least proportionably with our Neighbours, and now are conscious, that we have acted up to his Majesty's Expectation ; not doubting but this will very clearly appear to any that will examine particularly into our Circumstances.

Before we have done with the Subject of our Regiment, we cannot help remarking, that we should have esteemed it both a provincial Favour and an Act of Humanity, if the late General of the King's Forces had been kind enough to have used his Endeavours for the Release of Colonel Schuyler : That Gentleman's Attachment to his Majesty, and Exertion of his Abilities in the common Cause, we think deserved this Favour, and the Granting it could have had no ill Effect that we know of.

With Regard to the Horses mentioned by Sir John St. Clair, we doubt not but they may be had readily at the Places he wants them, upon their being paid for as they are on the like Occasions in England.

The other Matters mentioned in several of your Honour's Messages, we believe are such as need not now have a particular Answer.

By Order of the House,

ROBERT LAWRENCE, *Speaker.*

*Ordered,*

1. That a second Volume of the Laws of the Province be prepared for the Press.

2. That exact Copies of the Laws in force in this Colony from the Twenty-fifth Year of the Reign of King George the Second, where the first Volume ends, to the present Time, be collated in one Volume.

3. That each Act be carefully examined and corrected by the Original in the Secretary's Office.

4. That Search be made (where it shall be necessary) in the Council Books, and Journals of the General Assembly, in order to distinguish what Acts have had the Royal Assent, what are repealed, what are expired, and disallowed of by the Crown.

5. That a Table be composed, wherein the Titles of all the publick Acts passed within the said Series of Time, shall be inserted in their proper Order, distinguishing therein, (if temporary) when the said Acts were revived, when repealed, and when expired ; as also another Table, wherein the Titles of all the private Acts, passed within the said Series of Time, shall likewise be inserted in their proper Order.

6. That all the publick Acts now in force, be distributed into Chapters, each Act a Chapter, and each Chapter shall be sub-divided in Sections, and numbered.

7. That the Substance of each Section be abstracted, and a marginal Note made thereof.

8. That proper References be made from one publick Act to another, where the Matter in one Act, may relate to a Head or principal Matter in another.

9. That a complete Index be compiled of all the principal Matters contained in the Body of the Book, alphabetically digested, with exact References to each Matter in every Act and Section ; so that the Reader may at one View discover any particular Matter in the whole Body of the Laws.

10. That a complete Copy of the whole Work, be prepared and made ready for the Press by Samuel Nevill, Esq; and laid before the General Assembly, for their Revival and Approbation, as soon as conveniently may be.

The

The Petitions from *Salem* and *Woodbury*; praying for the stopping and cleaning the Creeks they mention ; was read the second Time.

A Message from his Excellency by Mr. Secretary:

*Mr. Speaker, his Excellency is in the Council-Chamber, and requires the Attendance of this House immediately.*

Mr. Speaker then left the Chair, and with the House went to wait upon his Excellency: Being returned, Mr. Speaker resumed the Chair, and reported, that the House had attended his Excellency; and that he was pleased to make a favourable Speech to the Council and Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy.

*Ordered,*

That his Excellency's Speech be read: Which was read accordingly, and is as follows:

*Gentlemen of the Council, and Gentlemen of the General Assembly,*

HAVING received his Majesty's Commands to serve him in this high Office, I reflect with great Pleasure, that I am to preside over a Province that has given repeated Proofs of its Loyalty to the King, and Affection to his Person and Government; and promise myself, that whilst I am endeavouring to follow the Example of my great Master, by making the Welfare of his Subjects the sole Object of my Care, I shall receive from you all the Assistance which a grateful People can give to the Government of the best of Kings.

The

*x Arrived at Perth Amboy the 13 June 1758.*

‘ The Excellence of the *Englyb* Constitution consists in a due Ballance of its  
 ‘ several Powers : For my Part, I cannot more certainly recommend myself to  
 ‘ my Royal Master, than by preserving the Rights and Privileges of his  
 ‘ People ; nor can you more effectually serve the People, than by supporting  
 ‘ the Power and Authority of the Crown.

‘ Under such an Union, established in and directed by the known Laws of  
 ‘ our Country, I hope we shall be able to support and defend this Province in  
 ‘ the Time of Danger, and to cultivate and adorn it, when it shall please God  
 ‘ to grant us Peace.

‘ Upon my Arrival here, I found the Frontiers of this Province infested with  
 ‘ Indians. As the President had before ordered some Detachments of Militia  
 ‘ to reinforce the Frontier Guard, I, with the Advice of you, *Gentlemen of the*  
 ‘ *Council*, ordered a further Reinforcement, but with a very sparing Hand,  
 ‘ being apprised of the Inconvenience it must be to the Country, to order Men  
 ‘ from their Business at that Time of the Year. I have since relieved those  
 ‘ that were first ordered, by fresh Detachments from other Regiments, that I  
 ‘ might make this necessary Service as little burthensome to Particulars as  
 ‘ possible.

‘ As soon as I had taken care of this necessary Business, I went to *Philadelphia*,  
 ‘ at the Desire of General *Forbes*, and the Lieutenant Governor of that Province,  
 ‘ to confer with them, concerning the best Means of putting a Stop to these  
 ‘ Irruptions, and preventing them for the future. With their Advice, and  
 ‘ the Approbation of all the principal Persons of this Province, that I had  
 ‘ an Opportunity of consulting, I sent a Message to the *Minisink* and *Pompton*  
 ‘ Indians. Which Message, together with their Answer, shall be laid before  
 ‘ you.

‘ *Gentlemen of the General Assembly,*

‘ I recommend to you to provide for the Expences already incurred in the  
 ‘ several Businesses which I have before mentioned ; and that in estimating the  
 ‘ Compensation to be made to those of the Militia, who have served in the  
 ‘ Room of the established Forces, you will have Regard to the Time of Year  
 ‘ in which they were obliged to march. But I am especially bound most  
 ‘ earnestly to desire, that you would effectually provide for the Defence of the  
 ‘ Frontiers for the Future. Many of the Enemies you have to deal with are  
 ‘ not known, or, if known, at a great Distance from you, and if we can  
 ‘ depend upon those with whom we cultivate Peace, there will yet remain  
 ‘ many whose savage Natures no Acts of Friendship or Benevolence can civilise  
 ‘ and reclaim : You must therefore, at all Events, and at all Times, consider  
 ‘ your Frontier to be in a State of War. And as it is the singular Happiness  
 ‘ of this Province, that it is able to form an impassable Barrier against the  
 ‘ common Enemy, neglect not this Advantage, but establish Peace and Security  
 ‘ on your Borders ; and you will, by the Encrease of the Strength and Wealth  
 ‘ of the Province, which will necessarily follow, be amply repaid for the  
 ‘ Charge of defending it.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly,*

‘ I come among you with a Heart intirely devoted to the Service of this  
 ‘ Country ; the Care of which must now become my sole Business : And I  
 ‘ trust, that my Assiduity and Integrity will most properly recommend me to  
 ‘ your good Opinion. Until they are better known to you than they can be  
 ‘ at

‘ at present, I must desire you to give me Credit for that Confidence, which  
 ‘ will be necessary to enable me to exert myself to the best Purposes of your  
 ‘ Service. And may the Great God, on whom we must all depend for Success  
 ‘ in our Undertakings, so direct our Councils, that they may be most con-  
 ‘ ducive to that Supreme of all Laws the Publick Safety.

*To His Excellency FRANCIS BERNARD, Esq; Captain General and Governor in Chief in and over His Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor, and Vice-Admiral of the same, &c.*

May it please your Excellency ;

*WE, His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly convened, beg Leave to congratulate your Excellency on your safe Arrival with your Lady and Family : And in the Name of the Inhabitants of this Province, do give the Whole a hearty Welcome.*

*Among many recent Proofs of parental Regard, which the Provinces of North-America have received from His Majesty, the Appointment of your Excellency to be our Governor, in this Time of common Difficulty, is a Part which very much pleases such among us, as have had an Opportunity of your Acquaintance.*

*Were your Excellency's personal Qualifications unknown, and you a Stranger, yet your Appointment to that Honourable Station, since the late glorious Revival of British Wisdom and Spirit, would have been an effectual Recommendation to our Confidence, a Part wherein we can very readily credit your Excellency : But at the same Time must beg a mutual Return, and hope for the Continuance of your favourable Sentiments.*

*As the little Time you have spent among us, has given us an Opportunity to form rational Prepossessions in your Excellency's Favour ; permit us to say, that as far as those may be allow'd the Test of Futurity, the united Calls of Gratitude and Duty oblige us on this Occasion, to every respectful Acknowledgment, that a free People can pay to a gracious Sovereign. As such, we shall take the several Matters recommended by your Excellency into immediate Consideration, and do therein as we shall apprehend may most conduce to that Supreme of all Laws; the Publick Safety.*

By Order of the House,

ROBERT LAWRENCE, *Speaker.*

To which Address, his Excellency was pleased to make the following Answer ;

*Gentlemen,*

*I Heartily thank you for this kind and affectionate Address; wherein you give such earnest Expressions of your Duty and Gratitude to his Majesty, and your favourable Opinion of me his Servant. From these happy Auspices, I promise myself, that a firm and lasting Harmony will be established among us, that will be productive of the best Consequences to the common Weal of this Province.*

The Commissioners appointed to enquire into *Indian Affairs*, made the following Report in Writing.

WE the Subscribers, four of the Commissioners appointed by Law, to enquire into the Claims of the *Indians*, Inhabitants of this Colony ; having, in Pursuance of that Power, met the *Indians* at *Crosswicks*, in the County of *Burlington*, in *February* last ; in full and open Council, received from the *Indians* a Declaration of their Rights, and a Release of what Lands were not therein contained ; reserving the Right the *Minisink* and *Pompton* *Indians* may have to Lands in the Northerly Parts of this Province : An exact Copy of which Proceeding, we herewith lay before the honourable House.

We further beg Leave to inform the House, that soon after the Arrival of his Excellency the present Governor, General *Forbes* and the Lieutenant-Governor of *Philadelphia*, in a Conference had at their Request with him, pressed upon him the Necessity of inviting the *Minisink* *Indians* to a Conference with this Colony, and to make a strict Enquiry into the Cause of their Uneasiness and Claims, if any they have. The Message and Instructions given on that Occasion, with the Advice of three of the Commissioners in the Act of General Assembly named, his Excellency has, at this Sitting, laid before the honourable House : In Consequence whereof, we have received Intelligence, that some *Minisink* *Indians* arrived Yesterday at *Philadelphia*, and may be hourly expected here, when their Claims will be known.

We further beg Leave to report to the honourable House, that it is our Opinion, that there are many Tracts of Land which are purchas'd within the Limits of the several Indian Claims, for which Deeds may be found ; and that there may be also many more purchas'd, for which the Deeds are lost or mislaid ; the Neglect of recording Indian Deeds having generally prevailed.

‘ We further report it as our Opinion, that the only Method of satisfying the Indians, and obviating their future Claims, would be, to empower his Excellency and a Set of Commissioners, to draw from the Treasury, a certain limited Sum, in order, in a general Conference with the several Indian Nations, to conclude a Bargain for the Release of the Claims of their whole Nation to Lands within the same; as separate and private Purchases would be attended with great Inconvenience, if not utterly impracticable.

Charles Read,  
John Stevens.*

A Message from his Excellency, by Mr. Secretary; which is in the Words  
following;

' *Gentlemen,*

' I AM informed, that in a Bill depending before you, there is a Clause for  
' striking Paper Money; I therefore send you a Copy of his Majesty's In-  
' structions to me on that Subject, and hope you will conform thereto. I also  
' send you a Copy of his Majesty's Instruction to me concerning the Support of  
' Government; which, as you have been acquainted with it, I hope you have  
' conformed to.'

F R A. B E R N A R D.

*A Copy of said Instructions, is as follow, viz.*

XXII. ' **W**HEREAS Acts have been passed in some of Our Plantations in  
' America, for striking Bills of Credit, and issuing out the same  
' in Lieu of Money, in order to discharge their publick Debts, and for other  
' Purposes, from whence several Inconveniences have arisen: *It is therefore Our*  
' *Will and Pleasure*, that you do not give your Assent to, or pass any Act in  
' Our said Province of *New-Jersey*, under your Government, whereby Bills of  
' Credit may be struck or issued in Lieu of Money, without a Clause be inserted  
' in such Act, declaring, that the same shall not take Effect, until the said Act  
' shall have been approved and confirmed by Us, Our Heirs and Successors:

F

' And

‘ And it is Our further Will and Pleasure, That you do not give your Assent to, or pass any Act in Our said Province of *New-Jersey*, under your Government, for Payment of Money, either to you the Governor, or to any Lieutenant-Governor or Commander in Chief, or to any Members of Our Council, or to any other Person whatsoever, except to Us, Our Heirs and Successors, without a Clause be likewise inserted in such Act, declaring that the same shall not take Effect, until the said Act hath been approved and confirmed by Us, Our Heirs and Successors.

XXIII. ‘ Whereas several Inconveniencs have arisen to Our Governments in the Plantations, by Gifts and Presents made to Our Governor by the General Assemblies; you are therefore to propose unto the Assembly, at their first Meeting after your Arrival, and to use your utmost Endeavour with them, that an Act be passed for raising and settling a publick Revenue, for the defraying the necessary Charge of the Government of Our said Province; and that therein Provision be particularly made, for a competent Salary to yourself, as Captain-General and Governor in Chief of Our said Province; and to other Our succeeding Captains Generals and Governors in Chief, for supporting the Dignity of the said Office; as likewise, due Provision for the contingent Charges of Our Council and Assembly, and for the Salaries of the respective Clerks, and other Officers thereunto belonging; as likewise, all other Officers necessary for the Administration of that Government: And particularly, that such Salaries be enacted to be paid in Sterling, or Proclamation Money, or in Paper Bills of Credit current in that Province, in Proportion to the Value such Bills should pass at in Exchange for Silver; that thereby, the respective Officers may depend on some certain Income, and not be liable to have their Stipends varied, by the uncertain Value of Paper Money: And that in such Act, all Officers Salaries be fixed to some reasonable yearly Sum, except the Members of the Council and Assembly, and the Officers attending them, or others whose Attendance on the Publick is uncertain, who may have a reasonable Pay established *per Diem*, during their Attendance only. And when such Revenue shall have been so settled, and Provision made as aforesaid, then Our express Will and Pleasure is, that neither you, Our Governor, nor any Governor, Lieutenant-Governor, Commander in Chief, or President of Our Council, of Our said Province of *New-Jersey*, for the Time being, do give your or their Consent to the passing of any Law or Act, for any Gift or Present to be made to you or them by the Assembly: And that neither you nor they do receive any Gift or Present from the Assembly, or others, on any Account, or in any Manner whatsoever, upon Pain of Our highest Displeasure, and of being recalled from that Our Government. And We do further Direct and Require, that this Declaration of Our Royal Will and Pleasure, be communicated to the Assembly, at their first Meeting after your Arrival in Our said Province, and entered in the Register of Our Council and Assembly; that all Persons whom it may concern, may govern themselves accordingly.’

Which said Message and Instructions were read.

On a Motion made,  
Ordered,

That the Report of the Board of Trade, respecting the late Paper Money Bill, be entered on the Minutes.

The same is as follows ;

To

*To the Right Honourable the Lords of the Committee of His Majesty's Most Honourable Privy Council for Plantation Affairs.*

‘ MY LORDS,

‘ **P**URSUANT to your Lordships Order, dated 16th November last, we have taken into Consideration the humble Petition of *Richard Partridge*, Agent for and in behalf of the House of Representatives of the Colony of *New-Jersey*, humbly praying, for the Reasons therein contained, that his Majesty will be graciously pleased to signify his Royal Pleasure to the Governor or Commander in Chief of the said Colony for the Time being, to give his Assent to a Bill prepared by the said House of Representatives in March last, entitled, *An Act for making current Sixty Thousand Pounds in Bills of Credit, to be emitted on Loan within the Colony of New-Jersey, the Interest whereof to sink the further Sum of Twenty-nine Thousand Pounds, to be also made current for the immediate Service of the Crown, if the same should be needed, otherwise for the Relief of the said Colony*: And having been attended by the said Agent and his Council, and heard what they had to offer in support of the Petition, we beg Leave to acquaint your Lordships, that this Bill appears to us to be liable to many very material Objections.

1st. ‘ By the Manner in which the Clause of Appropriation is expressed, the House of Representatives seem to have assumed to themselves, not only a Power of joining with the Governor and Council in the Disposal and issuing the Money granted for his Majesty's Service, but likewise to have made themselves Judges of the Services to which it is to be applied.

2dly. ‘ The Surplus of the Interest arising from the Loan of the Bills of Credit which shall remain after sinking the £. 29,000, granted for his Majesty's Service, is to be substituted as a Fund for sinking Bills of Credit heretofore emitted, in Lieu of Taxes which have been already established for that Purpose.

3dly. ‘ The Bills of Credit are declared to be legal Tenders in Payment of all Debts and Contracts.

‘ With Respect to the first of these Objections, we must observe, that the Assembly's assuming to themselves a Right to join in the Disposal and issuing of publick Money, is, in all Cases, a Deviation from the fundamental Principles of the Constitution of that Colony; as established by his Majesty's Commission and Instructions. That, independent of this Consideration, as the Services to be performed by this Grant, ought not to be in their Nature either local or provincial; the Assembly cannot be the proper Judges of them; and therefore, the Money granted by this Bill to his Majesty's Use, ought to have been appropriated to such Services in general, as his Majesty, or the Commander in Chief of his Forces in *America*, should think proper to direct or recommend, to be issued and disposed of by Warrant of the Governor and Council to such Services only.

‘ With Respect to the second of these Objections, it will be necessary to state to your Lordships, That in the Year 1755, 1756, and 1757, Paper Bills of Credit, to the Amount of £. 82,500, have been issued and made current for Five Years, and Taxes are imposed to constitute a Fund for sinking them within that Term. That by substituting the Interest of this Loan in Lieu of those Taxes, the Provision made for sinking them within a reasonable Time, will be set aside, and the Currency of them protracted to a much longer Time; which is such a Violation of the publick Faith, as has in other Colonies, always produced a Depreciation of the Credit of the Paper Currency, and

and was one of those Evils which gave Rise to the Necessity of the Act of Parliament passed in the Year 1750, for restraining the Paper Currency in the four Colonies of *New-England*.

With Regard to the 3d Objection, the making Bills of Credit legal Tenders in all Payments, is contrary to the Sense of Parliament, as expressed in their Resolutions of the 5th of *April*, 1740, and in the above-mentioned Act, passed in the Year 1750, as we have frequently had Occasion to observe in former Reports: In which we have declared, that though a Paper Currency may be advantageous to a trading Colony, yet it ought never to be admitted, unless it can be effected without enforcing the Legality of the Tender of the Bills so to be issued; which, we are of Opinion, is by no Means impracticable, if some Part of the Interest raised upon such Bills should be appropriated to support their Circulation: And this Method, we believe, might not only be easily and successfully pursued, but would be likewise, with the strictest Propriety, an Application of the Whole, and every Part of the Money so raised to the publick Service: But however this be, we were of Opinion in our former Reports, and still continue to be so, that the Inconveniences of making Bills of Credit legal Tenders, so greatly over-balance the Advantage which can accrue to the Publick from the Interest of them, that the latter ought not to be accepted, unless the former can be avoided.

Having stated to your Lordships the Objections to which this Bill appears to be liable, with such Observations as have occurred to us in Support of them, it only remains for us to take Notice of the two principle Reasons assigned in the Preamble of the Bill for establishing this Paper Currency; namely, the Inability of the People in their present Circumstances, to carry on Trade, or even their Dealings for the common Necessaries of Life; and to continue their Assistance to the common Cause, in carrying on the War against his Majesty's Enemies.

With Respect to the first of these Reasons, we find upon Enquiry into the present State of the Paper Currency in *New-Jersey*, that the Bills now outstanding and current in that Colony, amount in the Whole, to £. 107,000. And as that Sum appears to us sufficiently large for all Purposes in the ordinary Course of commercial Dealings, we conceive there can be no Room to pretend an immediate Necessity of that Sort.

As to the Plea of Necessity arising from their Inability to contribute towards the Prosecution of the War, it may be obviated, by his Majesty's permitting his Governor to give his Assent to any Bill or Bills for issuing such Quantity of Paper Currency as may be necessary for defraying the Expence of such military Services, as shall be required by his Majesty, or his Commander in Chief in *America*; provided the Credit of such Bills be properly ascertained, and Funds be established for sinking them within a reasonable Time, not exceeding five Years, according to the Directions prescribed in the like Cases by his Majesty's Instructions to his late Governor of the Province of *New-York*.

*We are, My Lords,*

*Your Lordships most Obedient*

*And most Humble Servants,*

W. SLOPER.

A Message from the Council, by Mr. *Ashfield*, acquainting the House, that the Council have passed the Bill for the Support of his Majesty's Government of *New-Jersey*, &c. without any Amendment.

*Ordered,*

That Mr. *Read*, Mr. *Spicer*, Mr. *Wetherill*, and Mr. *Leaming*, do wait on his Excellency, and acquaint him, in Answer to his Message of this Morning, That this House have taken the same into Consideration, together with the Copies of his Majesty's Royal Instructions communicated therewith ; and find by the Journal of 28th *November*, 1748, that the 22d Instruction is in the same Words with an Instruction given by his present Majesty to his late Excellency Governor *Belcher* ; and this House do conceive it to have been an Instruction to several of his Governors of his Colonies abroad. That no Inconveniences have arisen from the Passing any Act for striking of Bills of Credit in this Colony to any Person whatever, as the Bills struck by former Acts have been punctually sunk, according to the different Periods in the Act expressed, whereby the Bills have not in the least diminished in their Credit, altho' the Colony have, through their Zeal for his Majesty's Service, in keeping up a standing Regiment acting with his Majesty's Forces, and the pressing Call of the Frontier Inhabitants, issued large Sums; great Part of which lyes at present as a Debt on the Colony. That this Colony have no practicable Methods to raise a Sum for immediate Service, but by striking Bills of Credit to be sunk by a future Tax : The doing of which, not only the Governors of this, but also of the neighbouring Colonies, have thought it necessary and expedient to assent to, notwithstanding the aforesaid Instruction, and to prolong the Times of sinking the same, according to the different Circumstances of the Colonies : Nor have the House the least Reason to believe, but their Conduct in that Respect has been approved of by his Majesty and his Ministers. That they inform his Excellency, that the House has taken his Recommendation of the Frontiers, and the Affliction of the Inhabitants there, into their most serious Consideration, and have formed a Bill, which they hope, with the Assistance of Divine Providence, will effectually protect them ; but as they have not Money in the Treasury for that Service, they have no other Method of supporting that Expence, but by issuing of Bills of Credit, which must militate against that Instruction. That this House entertain Hopes, that his Excellency will, from the Calamity of the Times, and the Conduct of other his Majesty's Governors, be induced to give his Assent to a Bill *for striking Bills of Credit, for the Protection of this his Majesty's Colony* ; to be sunk at such Periods as shall be in the Power of the Colony to comply with : That they earnestly request his Excellency, to represent the Zeal and Loyalty of this Colony to his Majesty ; and that, without an Indulgence in striking Bills of Credit, to be sunk at reasonable Periods, on a solid and secure Fund, this Colony will not be able to give his Majesty that Aid which would be most agreeable to their Inclinations ; nor contribute that Protection to the Frontiers which they are in Duty bound to do. And as there are frequently Calls for Expences of this Kind, that he will be pleased to make the Application, so that we may hope for his Majesty's Licence on this Head, before any future Necessity shall embarrass the Branches of the Legislature.

A Petition was presented to the House, from sundry of the Inhabitants of *Perth-Amboy*, praying *Daniel Casnor* may not be deprived of the Privilege of carrying on the Stage between *Burlington* and *Perth-Amboy* ; which was read, and ordered a second Reading.

The House adjourn'd till To-morrow Morning Eight o'Clock.

Mr. *Read* reported, that Mr. *Spicer*, Mr. *Wetherill*, Mr. *Leaming* and himself, delivered the Message with them intrusted to his Excellency.

A Message from his Excellency, by Mr. Secretary; in the Words following;

*Gentlemen,*

' I Will transmit to *England*, to be laid before his Majesty, your Petition for  
' a Licence to raise Money for his Service; and will use my utmost Endeavours to obtain a Power for that Purpose. As for the present Necessity, the Service you want to provide for, is of so important a Nature, that it would give me great Concern to have it defeated through my Disability: I must therefore desire that you would, if possible, find some Expedient, that, if not strictly conformable to the Letter of my Instructions, may be at least agreeable to the Spirit and Intent of it.'

F R A. B E R N A R D.

Mr. *Hancock* reported, that Mr. *Stokes* and himself delivered the Bill with them entrusted to Mr. *Salter*, one of the Gentlemen of the Council.

The House resolved itself into a Committee of the whole House, on the Bill for the further Defence of the Frontiers of this Colony, &c. And after some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Hancock*, Chairman of the Committee, reported, that the Committee had gone through the said Bill, and made sundry Amendments thereto; which he is ready to report, when the House will please to receive the same.

*Ordered,*

That the said Report be made immediately.

Whereupon he reported the Bill, with the Amendments made thereto. To which the House agreed.

And on the Question, whether the said Bill be engrossed or not? it was carried in the Affirmative.

*Ordered,*

That the said Bill as amended be engrossed.

The House adjourn'd till Two P. M.

The House met.

Mr. *Leaming*, 'from the Committee appointed on the Western Treasurer's Accounts, made the following Report; which was read.

*Cape-May* was then deficient £. 156; which the Loan-Officers of that County have since paid to Mr. Treasurer *Smith*, and was laid before these Committees, and burned.

*Hunterdon* was deficient £. 144-18-0; there not being any Mistake in that Account, as was then suggested; which the Commissioners of that County have since paid to Mr. Treasurer *Smith*, in cancelled Bills; and they were now laid before the Committees and burned.

By all which it appears, that *Hunterdon*, *Gloucester* and *Cape-May*, have fully cancelled and paid into the Treasury, all the Principal-Money that was payable from them Counties respectively, on the £. 20,000 and £ 40,000 Emissions, in the Years 1748, 1749, 1750, 1751, 1752, and 1753; and the same is destroyed by burning.

{ These

‘ These Committees submit it to the House, whether some effectual Measures should not be taken to recover the aforesaid old Arrears’.

PETER KEMBLE,  
AARON LEAMING.

To all which the House agreed.

On a Motion of Mr. *Smith*, that the present Hurry had prevented his examining into the above Accounts.

*Ordered,*

That he have Leave to rectify any Mistake, if any such he makes appear, at some future Sitting.

*Resolved,*

That if the respective old Deficiencies in the above Report are not paid before the next Support Bill passes, they ought then to be levied on the respective Counties from which they are due.

*Ordered,*

That Mr. *Smith* and Mr. *Ladd* do wait upon his Excellency, and acquaint him, that this House have received a Complaint from *Moses Totamy*, an *Indian*, that he is unjustly kept out of certain Lands on the River *Raritan*; that he hath a legal Right to; and it being out of our Province to enter into Matters of Controversy of that Kind, the House would be glad, if his Excellency would give him such legal Redress as may lie in his Power.

The Bill, entitled, *An Act for altering one Part of a Six-Rods Road, which leads from Perth-Amboy Ferry to Burlington*; passed at last Sitting by the Council and Assembly, was now read, and the Stile changed from “the President to the Governor” agreed to, and sent up to the Council by Mr. *Stevens* and Mr. *Wetherill*.

Mr. *Stevens* reported, that Mr. *Wetherill* and himself delivered the Bill with them entrusted to Mr. *Ashfield*, one of the Gentlemen of the Council.

Two Petitions were presented to the House, from sundry of the Inhabitants of the Township of *Lebanon*, *Tukesbury*, *Bethlehem*, and *Kingwood*, complaining of the Hardship of having two of their Neighbours whipped, by Order of a Court-Martial; and praying Redress; which was read, and ordered a second Reading.

Mr. *Stevens* reported, that Mr. *Spicer* and himself delivered the Bill with them entrusted, to the Speaker in Council.

The House being informed by the Speaker, that a Person made a Purchase of Land, containing several Hundred of Acres in this Colony, in the Year 1722, got the Deed recorded at *Amboy*, and soon after went to Sea, and never yet returned to this Colony again : And a few Years ago, a Person in this Province took out Letters of Administration on said Purchaser's Estate, though he was no Ways a-kin to him ; and then the Administrator's Mother, as she was Executrix to the said Administrator's Father, brought a Suit against her Son, and declared against him as Administrator, on an old Book of Accounts of near thirty Years Standing ; to which said Administrator confess'd Judgment, with a great Sum of Interest for said Book-Debt : By Virtue whereof, the said Purchaser's Lands were sold by the Sheriff : Which Proceedings, if not prevented by a Law for that Purpose, may divest any Person of his Lands that dwells out of this Colony.

And then his Excellency was pleased to prorogue the House by the following Speech.

*Gentlemen,*

**T**HE dangerous Situation in which the *American* Provinces are put by this just and necessary War, must make me very cautious of divesting myself of the Advice and Assistance of a General Assembly, for an Interval in which Events may happen, that may make it most critically necessary for me to call you together: And as you have already sat for a Time short of what many former Assemblies have been continued for; I don't see that there is any Occasion at present for me to run such a Risk: But I will bear your Request in my Mind; and when I think that I can comply with it, with Safety to the Country, will embrace the Opportunity. I thank you for your Care in providing for the Support of his Majesty's Government, and for your ready Dispatch of such other Business as has come before you: And as this Season of the Year will make it very agreeable to you, to return to your Homes, I prorogue this General Assembly until Thursday the twelfth Day of September next ensuing, to meet then at *Perth-Amboy*.

Fra. Bernard.

## Votes of the General Assembly.

PERTH-AMBOY, *Thursday, March 8, 1759.*

PURSUANT to His Excellency's several Prorogations of the General Assembly from Time to Time to this Day, a sufficient Number of the Members to proceed upon Business met, and Mr. *Smith* produced a Letter he had received from Mr. Speaker, desiring him to inform the Members, that he was so indisposed in Body, as not likely to be able to attend this Session. Whereupon Mr. *Nevill* and Mr. *Johnston* were desired by the Members, to wait on his Excellency, and acquaint him therewith, and desire his Leave to chose another Speaker, in the Room of *Robert Lawrence*, Esq;

Mr. *Nevill* informed the Members, that Mr. *Johnston* and himself, had delivered the Message with them intrusted to his Excellency, who was pleased to say, That he readily consented, that the Members (considering the present Exigency) might proceed to the Choice of another Speaker, but that he thought it most proper that he be chosen only *pro tempore*; but should leave that Point to the Determination of the Members.

The Members taking the above Matters into Consideration, and being of Opinion, that chusing a Speaker *pro tempore*, is not warranted by Custom of Parliament in such Cases; and therefore proceeded and chose the Honourable *Samuel Nevill*, Esq; Speaker, in the Room of *Robert Lawrence*, Esq; and placed him in the Chair accordingly.

*Ordered,*

That Mr. *Wetherill* and Mr. *Stevens* wait on his Excellency, and desire to be informed when the House may attend him, to present their Speaker for Approbation.

Mr. *Stevens* reported, that Mr. *Wetherill* and himself, delivered the Message of the House with them entrusted to his Excellency, who was pleased to say, the House should hear from him very soon.

A Message from his Excellency by Mr. Secretary, acquainting the House, *That his Excellency is in the Council-Chamber, ready to receive the Presentation of the Speaker.*

Whereupon Mr. Speaker left the Chair, and with the House, went to wait on his Excellency. Being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, and presented their Speaker; and that his Excellency was pleased to declare his Approbation in the following Words:

'Gentlemen,

'I Recommended to you, to chuse a Speaker *pro tempore*. only; for which I have the Authority of my Predecessor, and the Persuasion of my own Judgment. But as you have been of a different Opinion, I will not put a Stop to Business on this Account: However, as this Question deserves to be well considered before it has the Force of a standing Rule; I desire it may be remember'd, that my Assent to your present Choice, is not to be made a Precedent upon future Occasions: Upon this Condition, I approve of the Election of your Speaker.'

FRANCIS BERNARD.

After which Mr. Speaker desired of his Excellency, that the House might, at all Times, be protected in all their usual Privileges: Which his Excellency readily granted.

A

And

And then his Excellency made a Speech to the Council and House of Assembly ; of which Mr. Speaker, to prevent Mistakes, obtained a Copy ; which, by Order, was read, and is in the Words following ;

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly,*

‘ I HAVE had the Honour to have his Majesty’s Commands signified to me by Mr. Secretary PITT, by which I am required to use my utmost Endeavours, to induce you to raise, with all possible Dispatch, at least as large a Body of Men as you did for the last Campaign, and as many more as the Number of the Inhabitants of this Province may allow ; to act in Conjunction with his Majesty’s *British* Forces, under the Command of his Commander in Chief in *America*. I have therefore called you together as soon as I possibly could, that you may take this great and important Business into your immediate Consideration.

‘ When we reflect upon the happy Success that has lately attended his Majesty’s Arms, we cannot sufficiently adore the Divine Providence. The Justice of his Cause, and the Steadiness and Unanimity of his Councils, have produced the desired Effects ; and have shown, that *France* is not so formidable as her own Insolence, and the Timidity of her Neighbours, have heretofore represented her.

‘ In *Europe*, by the extraordinary Virtue of one Man, the great and glorious King of PRUSSIA, supported moderately by *Great-Britain*, we have seen the whole Land-force of *France*, assisted, as it has been, by its unnatural Alliance with most of the *Germanick* and Northern Powers, repulsed and kept at Bay. By which lucky Diversion, whilst they have been defeated and disabled in those Fields, where they chose to exert their Force, they have render’d themselves defenceless in all other Parts. Hence a Terror has been struck throughout their Coasts ; their Fleets have been blocked up, their Fortifications have been dismantled, and their Shipping has been destroyed in their own Ports ; and their Trade has been ruined, by the cutting off their Communication with their Colonies abroad.

‘ In *Africa* they have lost the rich Settlement of *Senegal*. In the *West-Indies*, we have just received certain Advice, that the valuable Island of *Guadaloupe*, has been taken by our Forces. In *North-America*, their only Fortress of any great Strength, fortified to the best Advantage, defended by a large Garrison, and provided with all necessary Stores, has been obliged to submit to the *British* Arms. And tho’ another Expedition had not the Success that was expected, yet that Disappointment was, almost immediately after, retrieved by the taking Fort *Frontenac*, by a Detachment of Provincials : An Event, which, if it had produced no other Advantage, than the Change it has contributed to in the Minds of the Neighbouring *Indians*, is of the greatest Consequence.

‘ Nor have our Negotiations in *America* been less successful than our Arms. At the Treaty of *Easton*, (which was brought about by the wise Measures of the Governor of *Pennsylvania*, and in which this Province bore a considerable and honourable Part) a firm Peace has been concluded between the confederated *Indians*, with the Nations dependent on them, and the *English* ; and all Matters of Difference between them, have been amicably and fully adjusted. In Consequence of which, by the prudent and steady Conduct of Brigadier-

‘ Brigadier-General *Forbes*, the *French* have been obliged to abandon the Country about the *Ohio* : And those very *Indians* who had hitherto defended them in the Possession of it, have received the *English*, and desired to be restored to that good Friendship, which they formerly had with them. We are also assured by them, that many Nations to the Westward and Southward of that Country, intend to take this Opportunity to put themselves under the Protection of the *British* Empire ; some renewing, and others now first commencing, an Alliance with the *English* Nation.

‘ Under these Circumstances, what have we not to hope for ? The Forces that were before necessarily divided, may now be conveniently united ; and the Subduer of *Louisbourg* is to command the Invasion of *Canada*. With this fair Prospect before you, you would be injurious to yourselves, as well as ungrateful to your King, if you should not contribute all in your Power to the common Cause.

‘ *Gentlemen of the General Assembly,*

‘ I shall order the Letter I have received from Mr. *PITT*, and one other from Major-General *AMHERST*, to be laid before you, under the Confidence expressed in them, that no unnecessary Communication of the Designations mentioned therein should be made. I shall also communicate to you, some Extracts from other Letters from General *AMHERST* ; from all which, you will perceive, that it is expected that you will send into the Field this Year, a greater Force than you did the last. I must therefore earnestly recommend to you, that, if you think the Circumstances of the Province will possibly admit of it, you will make an Addition to the Number of the Forces granted by you last Year. I shall have other Things to recommend to your Consideration ; but till you have formed your Resolutions on this Business, I shall not interrupt it with any lesser Concerns.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly,*

‘ I should trifle with you, if I was to endeavour to use any Arts of Persuasion on this Subject : Your own Breasts will furnish you with more forcible Arguments for exerting yourselves to the utmost of your Power at this critical Time, than I can suggest ; every Motive that can influence the human Mind to Action, must incite you to this : Your Honour, your Interest, your Religion, your Property, your present Safety, and the Preservation of your Posterity ; in short, if you have a Mind to have the Freedom and Independence of your Country secured to all future Times, the present is that, in which it must be effected.’

*Perth-Amboy, Council-Chamber,  
March 3, 1759.*

*Francis Bernard.*

His Excellency, by Mr. Secretary, laid before the House the several Letters, &c. referred to in his Speech : Which were also read.

*Ordered,*

That his Excellency’s Speech, with the Letters and Papers aforesaid, have a second Reading To-morrow Morning.

*Resolved,*

That *William Bloodgood* be Door-keeper of this House this Session.

The House adjourn’d till To-morrow Morning Nine o’Clock.

*Friday*

Friday, March 9, 1759.

The House met.

His Excellency's Speech was read the second Time; and with the Letters therein referred to, was committed to a Committee of the whole House.

The House accordingly resolved itself into a Committee of the whole House on his Excellency's Speech, and Matters aforesaid. After some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Hancock*, Chairman of the Committee, reported that the Committee had come to several Resolutions; which by Leave, he reported as follows:

*Resolved,*

That One Thousand Men be raised, to act in Conjunction with his Majesty's Regular Forces the ensuing Campaign; and that the said Number of Men shall consist of Volunteers only. To which the House agreed.

*Resolved,*

That for the Levying, Cloathing, and Paying the aforesaid Forces, and for other Services, there be immediately *Fifty Thousand Pounds* struck in Paper Bills of Credit; to be sunk by Provincial Taxes, in the Years 1764, 1765, 1766, and 1767. To which the House agreed.

*Resolved,*

That for an Encouragement to the said Volunteers to enter into the said Service, there be allowed a Bounty of *Twelve Pounds* to each. To which the House agreed.

And Mr. *Hancock*, (in Behalf of said Committee) desired Leave to sit again. To which the House agreed.

*Ordered,*

That Mr. *Stevens*, Mr. *Leaming*, Mr. *Yard*, Mr. *Wetherill*, Mr. *Fisher*, and Mr. *Ogden*, be a Committee to prepare a Bill for the Purposes aforesaid.

The House adjourn'd till Two, P. M.

The House met.

Mr. *Stevens*, from the Committee appointed for that Purpose, brought in a Bill, entitled, *An Act for raising One Thousand effective Volunteers, Officers included, for his Majesty's Service for the ensuing Campaign, and making Provision for the same, &c.* Which was read, and ordered a second Reading.

A Message from his Excellency by Mr. Secretary, in the Words following,

' *Gentlemen,*

' **H**AVING been informed, that you have resolved to raise the same Number of Men which you granted last Year, I have some few Things to recommend to you, concerning the forming them for the best Purposes of Service.

' 1. A Thousand fresh Men are too many to be fitted for the Field by one Set of Field-Officers: There should be two Majors; and in such Case it will be better to have two Colonels, than a Colonel and Lieutenant-Colonel. I shall thereby be able to form the Men into two Regiments or Battalions; which I am desirous of doing on many Accounts; particularly, as they will thereby be sooner disciplined, and made more servicable when in the Field.

' 2. In the Regiment of last Year, there were not Officers enough in Proportion to the Men: Three Officers are not sufficient for a Company of One Hundred Men: Among the Regulars there are four. I must therefore recommend to you, that you would either provide for Ten Companies, with four Officers each,

‘ each, or for Twelve Companies with three Officers each. The latter is the least expensive, and I think the best Method; as it will facilitate the raising the Men.

‘ 3. There must be an Adjutant to each Regiment or Battalion. This necessary Service was provided for last Year from the Pay of Non-effective Drums : If you approve of it, it may be so this Year.

‘ 4. In the former Regiment, the Pay of the Serjeants and Corporals was the same. This is subject to an Inconvenience ; for the Equality of Pay tends to destroy the Subordination ; besides, it leaves the Corporal nothing to expect as the Reward of his doing well. I must recommend to you, therefore, that without increasing the Charge, you add something to the Serjeants Pay, and take something from the Corporals, that there may be a material Difference between them.

‘ 5. The Men raised for last Year, were listed to serve to a certain Day : But I hope it will not be so this Year. It is impossible to foresee, where and how the Men may be employed at any certain Day towards the End of this Year : Possibly they may be at such a Distance, and engaged in such Business, as will be very agreeable to you all, and which you would be very unwilling they should desert. I must therefore particularly desire, that the Men may be enlisted to serve to the End of the Campaign : And will assure you, that they shall not be continued in Pay for any longer Time than the King’s Service shall require, and that no unnecessary Expence shall be incurred.’

The House adjourn’d till To-morrow Morning Nine o’Clock.

A Message from his Excellency, by Mr. Secretary, in the Words following,

‘ *Gentlemen,*

‘ I am sorry I am obliged to take Notice of your Disregard of the Message I sent you Yesterday ; every Word of which was dictated by my Concern for the King’s Service and your Credit.

‘ In regard to the Article I most earnestly recommended to you, the not confining the Service of the Men so much as it was last Year, you have acted directly contrary, and have confined it more. For this is alledged the Example of the Assembly of *New-York*. But if you would make their Proceedings a Precedent for yours, you should do it in all Things, and grant a larger Bounty and more Men : For to follow them in what makes against the Service, and to dissent from them in what makes for it, is to distinguish yourselves to your Disadvantage.

‘ I therefore desire, that you would reconsider that Article : For to me, there seems to be not the least Probability of the Campaign’s being over on the First of *November* next.’

*Ordered,*

*Ordered,*

That Mr. *Hancock* and Mr. *Leaming* do wait on his Excellency, and in Answer to his Message of this Day, inform him, that this House do not conceive that they have treated his Message of Yesterday with any Disrespect, having taken the several Matters therein referred to, into their Consideration: And altho' they did not think it expedient to fall into all the Measures recommended, it was only in Consequence of their differing in Opinion with his Excellency; a Right which they ought, in Duty to their Constituents and themselves, at all Times to exercise; and since the Message of this Day, they have reconsidered the same, and are of Opinion, that there will no Difficulty arise in levying the Troops from the Sum allotted as a Bounty; and that the Difficulty and Distress our Troops met with in their Return home from the Camp the last Campaign, induced the House to provide for them no longer than the first of *November*; after which Time the Weather is usually very inclement in those Parts where we suppose the Operations of the Campaign may be; and we are further confirmed in the Rectitude of this Resolution, by the Practice of our neighbouring Colonies.

*To His Excellency FRANCIS BERNARD, Esq; Captain General and Governor in Chief in and over his Majesty’s Province of New-Jersey, and Territories thereon depending in America, Chancellor, and Vice-Admiral in the same, &c.*

May it please your Excellency,

**W**E his Majesty’s dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly convened, have taken Mr. Secretary PITT’s Letter into Consideration; and in Pursuance of the Method proposed, have, without Loss of Time, gone through the Necessary Measures for completing the Levies, with all the Expedition that the Nature of the Case seems to require.

*We concur with your Excellency, that the happy Success which has lately attended his Majesty’s Arms, is a sufficient Cause to adore the Divine Providence. Those who can soon forget the Difference between the Situation of Things now, and but a little Time past, must let very distinguishing Turns of superior Direction soon escape their Notice, and but unthankfully receive the Blessings, that infinite Wisdom has been pleased to render very conspicuous among our Fellow Subjects of the English Nation: A Memento, that to a considerate Mind is not less extraordinary in its Nature, than it is a standing Obligation to Vigilance and Gratitude.*

*When we reflect upon the late happy Change, as restricted to Indian Affairs; the Part your Excellency bore in the promoting, and afterwards in the happy Execution of the Treaty at Easton; and this, tho’ almost one of the first Acts of your Government, and against very popular Prejudices, we must acknowledge your Excellency is intitled to the Thanks of the Publick: The Event has proved the Wisdom of the Action, and we hope the Success will still continue to evince its Utility.*

*As it was but just, to repair any Oversights respecting Indian Purchases in this Province, if any such there were; we cannot therefore but approve of your Excellency’s Conduct, in Conjunction with the Commissioners for Indian Affairs; and with Pleasure reflect, that whatever Omissions there may have formerly been, the same are now compleatly supplied; and the whole Province (excepting a small Claim of Totamie’s, and such Lands as the Indians hold by English Titles, in a Manner common to all Freeholders,) entirely exempted from Indian Claims, both to our and their full Satisfaction.*

Whereupon

Whereupon Mr. Speaker left the Chair, and with the House, went to wait on his Excellency : Being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to give his Assent to the following Bill, enacting the same, viz.

*An Act for raising One Thousand effective Volunteers (Officers included) for his Majesty's Service the ensuing Campaign, and making Provision for the same ; and for other Purposes therein mentioned.*

After which his Excellency made a Speech to the Council and House of Assembly ; of which Mr. Speaker said he had (to prevent Mistakes) obtained a Copy ; which was ordered to be read ; and is in the Words following,

*' Gentlemen of the Council, and Gentlemen of the General Assembly,*

**I** THANK you for the speedy Dispatch of this important Business : The Readiness and Unanimity with which you have proceeded therein, are manifest Proofs of your Duty to the King, and Zeal for his Service. I am sensible, that the Proportion of your Contribution to the common Cause, ought not to be reckoned by the Number of your Forces only : The Manner in which you cloath and furnish them, and the Punctuality with which you compleat your Numbers, (in both which you exceed almost all other Colonies) make your Men both more expensive, and more serviceable ; and the large Sums you are obliged to raise for this Purpose, will, I hope, sufficiently prove, that your Efforts on this Occasion, are the greatest that you think the Circumstances of the Province will bear. In this Light I shall represent you to such of his Majesty's Ministers, as I shall have the Honour to write to.

*' Gentlemen of the General Assembly,*

' When I spoke to you at the Opening of this Session, I told you, that as soon as you had formed your Resolutions on this Business, I should have other Things to recommend to you ; accordingly I now propose to you, to consider of the keeping up your Frontier Guard ; the Provision for which, will expire on the Twenty-first of May next. It is a Business that ought to be well weighed : On the one Hand, there is, to all Appearance, a perfect Peace with the *Indians* in that Neighbourhood ; and those at a Distance have given strong Assurances of their Intentions to live in Friendship with the *English* : On the other Hand, you know very well, that these Professions, however sincere when they are made, are not always to be depended upon in their Consequences. Trifling Causes ; a Misunderstanding with our People on the Frontiers ; a false Report circulated with Credit ; a little Advantage gained over us by the *French*, or, too quick a Progress in our Advantages over them, have, at different Times, occasioned the *Indians* to invade our Frontiers, when we have been lulled in a fatal Security, trusting to the Sincerity of friendly Professions, and the Faith of solemn Treaties : You will therefore consider well, whether it be advisable to leave the Frontiers intirely defenceless. However, I shall think it proper at this particular Time, to disband the whole Frontier Guard ; and if you should think it necessary to keep a Guard on the Frontiers, they will be easily raised, after the Regiment is sent into the Field.

' Another Thing I have to recommend to you, is, to consider of some Means to carry on a Trade with the neighbouring *Indians* : I have been assured by those that are well acquainted with *Indian* Affairs, that the firmest Peace

' you

‘ you can make with them will not be durable, unless you keep up an Inter-  
 ‘ course with them to their Advantage; and this is to be effected best by Trade,  
 ‘ which may be made to turn to your Advantage also. This Trade should be  
 ‘ publick, and not private; as the latter, by its selfish and unconscionable  
 ‘ Conduct, frequently does more Harm than Good. This public Trade may be  
 ‘ either managed by Commissioners on Account of the Province, or by an  
 ‘ incorporated Company, with a joint Stock, with an Exclusion of private  
 ‘ Traders in either Case. The Trading-House should be fortified and garri-  
 ‘ soned, as well to prevent Surprise, as to command Respect. This should be  
 ‘ done at the Charge of the Province; and in one Case, may be considered as  
 ‘ Part of the Expences of the Trade; in the other, as a Bounty for the En-  
 ‘ couragement of it. Besides the securing the Affections of the *Indians*, other  
 ‘ Benefits must accrue to the Province, from the Introduction of a new Branch  
 ‘ of Trade into it. This Province is well situated for all the Purposes of Com-  
 ‘ merce, but at present, wants both private Spirit, and public Encouragement.  
 ‘ For which Reason, I must further recommend to you, that if you should  
 ‘ determine to establish this Trade, you would make it one of the Terms of it,  
 ‘ that after a certain Time, all Imports and Exports thereof, from and to *Great-*  
 ‘ *Britain*, shall (as much as possible) be made directly and immediately, to and  
 ‘ from some Port of this Province.

‘ *Gentlemen,*

‘ It gives me great Pleasure to find, that my Service has been so acceptable to  
 ‘ you and your Constituents. I must not expect, that my Endeavours for the  
 ‘ Public Good, will often have such great Consequences, as the Negotiation at  
 ‘ *Easton* produced; but I hope I shall act with the same Spirit, Attention and  
 ‘ Industry, in all other public Business as I did in that: And tho’ Success is not  
 ‘ to be commanded, I shall always endeavour to deserve it.’

FRANCIS BERNARD.

Being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows.

*Gentlemen of the Council, and Gentlemen of the House of Representatives,*

**I** AM honoured with his Majesty's commands to the same purpose with those which I communicated to you last year; to induce you to raise with all possible dispatch, within this Government, at least as large a body of men as you did for the last Campaign, and as many more as the Number of its inhabitants may allow, to act in conjunction with his Majesty's British troops, under the command of his Commander in chief in *America*, for the further Reduction of *Canada*. I have called you together with all possible expedition, that you may lose no time of shewing your gratitude to his Majesty, by a most ready and hearty obedience to his gracious Commands, which are wholly dictated by his fatherly care for the preservation of his Subjects on this Continent.

‘ At the opening of the last Session, I had great occasion to congratulate you on the Success of his Majesty’s Arms: but how rapid has the progress of them been since? Victories and Acquisitions have followed one another so close, that we have not been able to keep pace with them in our Thanksgivings: We have been lost in Amazement at the great things God hath done for us, and have found our hearts too full to express our sense of his mercies.

‘ The time is now come, which a few years ago was the object of our wishes more than our hopes. The exorbitant and heretofore formidable Power of *France* is humbled to the dust, her Trade lost, her Credit sunk, her Treasury exhausted, and her Fleets destroyed, even to what she owned to be her last Resource. *Canada* the inveterate and implacable Enemy of these Provinces is hunted down, and waits only for the March of the British Army to surrender the yet-unreduced parts of it: These are (under God,) the effects of the Wisdom and Steadiness of his Majesty’s Councils, and the Conduct and Bravery of his Forces; These are the fruits of those Armaments, to which you have contributed your proportional, tho’ small, Share; and These are the Encouragements, which will induce you to continue the same Efforts till the whole Work shall be compleated.

‘ *Gentlemen of the House of Representatives,*

‘ I shall order the letter I have received from Mr. Secretary *Pitt* and also one other from Major General *Amherst* to be laid before you; from whence you will see the Necessity of furnishing your full Complement of Men for the service of this Year: Two Provinces on this Continent have already set the example. I am also to inform you that the Lords of the Treasury have out of the money granted by the parliament of *Great-Britain* for that purpose allotted to this Province near 10,000 pounds Sterling for its service in the year 1758, which is to be paid to the order of the whole Legislature. It will therefore be proper, either by a concurrent Resolve, or by a Clause in an Act, to give the Treasurers a special Power to receive this Money and place it to the publick account.

‘ *Gentlemen,*

‘ I shall have occasion to speak to you again, when the important Business I now commit to you has had your full consideration. At present I have nothing more to add, but to desire that you would maintain the credit you have acquired in the Prosecution of this War, by your Earnestness, Unanimity and Dispatch, in providing for the speedy Ending of it.

**FRA. BERNARD.**

His Excellency, by Mr. Secretary, laid before the House the Letters referred to in the above Speech.

Col. *Schuyler* laid before the House, an Account of a Surgeon's Mate, formerly belonging to the *Jersey* Regiment, procuring Medicines for a Detachment of said Regiment, omitted being charged in any former Account; which was read, and ordered a second Reading.

To which the House agreed.

The House met.

The House again resolved itself into a Committee of the whole House, on the Bill, entitled, *An Act for raising 1,000 effective Volunteers*, &c. After some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Hancock*, Chairman of the Committee, reported, that the Committee had gone through the said Bill, and made several Amendments thereto: Which said Bill, as amended, being again read, was agreed to by the House, and ordered to be engrossed.

A written Message from his Excellency, by Mr. Secretary, in the following Words.

‘ *Gentlemen,*

‘ I SEE in your Minutes of Yesterday, that you have resolved to strike £. 45,000 in Bills of Credit, to be sunk in the Years 1768, 1769, 1770, 1771, 1772, and 1773.

‘ I must desire you would consider the Restrictions I am under, in Regard to striking Bills of Credit, as they have appeared to you from the Papers and Messages I have heretofore had Occasion to send to you. And though I have, upon Account of the Emergencies of the War, taken the Liberty to depart from the Letter of my Instructions, where apparent and urgent Necessity hath required it; yet, I shall not think myself excusable in so doing, when there is no Necessity. It appears plain to me, that all the Money wanted for the Service of this Year (by appropriating thereto, the Money now due from the Treasury in *England*;) may be sunk within the Year 1768, without charging any Year with more than the Present is, and some other Years are now charged. How then can I answer for postponing the Sinking this Money for Five Years more than there is an Occasion for?

‘ It hath been considered as an happy Circumstance for these Provinces, that at a Time when they have been called upon to raise large Sums for the Support of the War, they have been furnished with extraordinary Means for so doing: There has been great Plenty of Money brought into the Country; and in Consequence of it, the Produce of Lands has bore an extraordinary high Price. When the War is over, the Price of Produce will be continually sinking, and Money will gradually grow scarce. Therefore, to postpone the Payment of the Provincial Debt, from a Time of Plenty to a Time of Scarcity, (or at least of less Plenty) will be removing a light Burthen from yourselves, by laying an heavy One on Posterity.

‘ I must therefore earnestly recommend to you, to reconsider this Resolve, and make it practicable for me to consent to it. But if you desire that it should stand, I will Mention to you the only Terms upon which I can admit it; namely, that you add another Resolve, that all the Money that has been, or shall be, given to this Province, for their Service in this War, by the Parliament of *Great-Britain*, shall, in the first Place, be applied to the sinking of the Money to be raised for the Service of this Year. In such Case I shall be justified, by considering the latter as the principal Fund, and the former as a supplemental One.

*The Humble ADDRESS of the House of Representatives of said Colony, in General Assembly met.*

May it please your Excellency,

**WE** His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly conven'd, beg Leave to return your Excellency our hearty Thanks for the early Advice you gave the Members of the General Assembly, of the Necessity of their meeting on a Matter very important to the Welfare of this Colony, and for your favourable Speech at the opening the Session.

We assure your Excellency, that we entertain the most grateful Sense of his Majesty's paternal Care over his Colonies; and shall exert ourselves to the utmost of our Power, to add as great a Number of Troops to his Majesty's Army, as our Circumstances will admit of.

We esteem the great Blessings of Providence on his Majesty's Arms, as a certain Indication of the Justice of his Cause; and with the utmost Thankfulness, adore the Divine Goodness, in the extraordinary Interposition of Heaven in our Favour.

The Steadiness and Wisdom of his Majesty's Councils; the Confidence of the Nation in his Ministers; the Bravery of his Forces both by Sea and Land, give us the most joyful Expectations, that he will, by the Favour of Providence, be enabled to oblige the French King to submit to equitable Terms of Peace, and to restrain him from making such unjustifiable Encroachments on his Neighbours, as have occasioned, in their Consequences, the Ruin of his Navy, Loss of his Trade, the Dismembering his Dominions, and greatest Distress among all his Subjects.

The Letter from the Right Honourable Mr. Secretary PITT, and his Excellency General AMHERST, laid before the House by your Excellency, convince us of the Necessity of supplying Troops for the general Service, and we have resolved to send this Year a compleat  
and

and well-appointed Regiment into the Field, to act under the Direction of his Majesty's Commander in Chief; and hope, that both the Officers and Men, will support the Credit and Honour our Regiment hath justly obtained in the Course of the American Wars.

We shall take effectual Care to authorize proper Persons, to receive, and place in the Treasury, the Sum allotted for the Quota of this Colony, out of the Money which the Tenderneſs of his Majesty and the British Parliament for these Infant Colonies, have induced them to grant, in Aid of the heavy Taxes to which the vigorous Prosecution of this War has subjected the Colonies: And we most thankfully receive this Bounty.

By Order of the House,

March 22, 1760.

SAMUEL NEVILL, *Speaker.*

To which his Excellency was pleased to give the following Answer.

After which his Excellency made a Speech to the Council and House of Assembly; of which Mr. Speaker obtained a Copy; which, by Order of the House, was read, and is in the Words following;

Gentlemen

*Gentlemen of the Council, and Gentlemen of the House of Representatives,*

I RETURN you thanks for your unanimous and quick dispatch of the important Business which I proposed to you by his Majesty's especial command. I will make the best use that I can of the Powers you have given me to raise a Regiment for the service of the next Campaign.

When I received his Majesty's Commands to attend his Service in the Province of *Massachusetts Bay*, I was ordered to stay here till Mr. *Boone*, appointed to this Government should arrive. I have been advised by his letter dated from *Charles-Town*, the 14th day of *February* last, that He will set out for this Province with all convenient dispatch. As He will desire to meet you soon after his arrival, I suppose it will be agreeable to you to postpone the rest of your business until He shall have an opportunity of calling you together. This you will consider of upon your return to your House,

*Gentlemen,*

I do assure you that I shall leave this Province with regret: your good disposition towards his Majesty's Government and your kind acceptance of my Services had given me the fairest prospect of an easy and creditable Administration. I had flatter'd myself, that I might have done lasting Service to this Province, in assisting to compose the Differences that still prevail in it; to remove the few Fears and Jealousies, if any, that now remain; to rectify the little errors in policy, which have inadvertently crept into the Administration; and above all, to establish a perfect Harmony in the general Government, upon the surest Foundation, an exact Balance of the several Political Powers which compose it.

These good Works I had promised myself success in, trusting more to your Knowledge and Discretion than to my own Abilities and pretending to no greater Merit, than an earnest Desire to contribute all that I could to the service of the public. This will become the business of another Gentleman, from whose known Candour and Prudence, every thing that I could have done and more may be well expected. I can now only contribute to this purpose by reminding you with my last words of, what I proposed to you with my first, this Political Truth; that in order to keep the *British* Constitution in good Health. It is necessary to preserve the legal Distinctions of the Regal and Popular Rights and to take good Care that neither shall encroach on the other.

*Gentlemen,*

I take this opportunity to wish you all possible Prosperity; and to return you and, through you, the rest of the Province, my sincere thanks for the Favours I have received, assuring you, that I shall always bear in my Mind a grateful Remembrance of them.

FRA. BERNARD.

The House taking into Consideration the above Speech, agreed upon an Address to his Excellency, in Answer thereto.

*Ordered,*

Mr.

Mr. Read reported, that Mr. Stevens and himself, delivered the above Message to his Excellency; who was pleased to say, he would send for the House immediately.

A Message from his Excellency, by Mr. Secretary, acquainting the House, that his Excellency is in the Council-Chamber, ready to receive their Address.

Whereupon Mr. Speaker left the Chair; and with the House, went to wait on his Excellency: Being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, and presented their Address, in the Words following:

To His Excellency FRANCIS BERNARD, Esq; Captain General and Governor in Chief in and over his Majesty's Province of *New-Jersey*, and Territories thereon depending in *America*, Chancellor, and Vice-Admiral in the same, &c.

*The Humble ADDRESS of the House of Representatives of the said Province, in General Assembly met:*

May it please your Excellency,

**WE** His Majesty's dutiful and loyal Subjects; the Representatives of the Colony of *New-Jersey*, in General Assembly conven'd, beg Leave to assure your Excellency, that the Unanimity and Dispatch with which we have prepared the Bill passed this Day, proceeded from our being truly sensible of the Importance of those Matters, which you, by his Majesty's Command, laid before the House: And we are assured, that your Zeal for his Majesty's Honour, and the Interest of *America*, will induce you to exert your utmost Efforts for completing the Levies, and speedily ordering the Regiment to the general Rendezvous.

The Matters which now lie before the House are numerous, and of Consequence; therefore must necessarily employ us for a considerable Time, whenever we enter upon them: And the Season of the Year pressing upon our private Affairs, as the postponing them at present cannot be of any great Diservice to the Publick, we incline to defer proceeding on them till the Arrival of Mr. Boone, who may perhaps indulge us with a Recess till we have got in our Harvest; unless his Majesty's Commands, or the Safety of the Colony, should require our meeting sooner.

We return your Excellency our hearty Thanks, for the Regard you have manifested for the Colony, since your first Arrival among us. The Confidence we and our Constituents have deservedly placed in you, would have put it more in your Power to have convinced us of any Errors which you suppose have, through Inadvertance, crept into the Polity of the Colony: As we are truly sensible, that the Body Politick may be disempowered as well as the natural Body, and that it can only be kept in Order, by preserving to the Crown and the People, the true and exact constitutional Rights of each; we do assure your Excellency, that we have not the least Inclination to encroach on the known Rights of any other Branch of the Legislature; and shall steadily and inviolably adhere to the Preservation of the Privileges of our House, and Liberties of our Constituents, and conscientiously transmit these invaluable Blessings to our Posterity without Diminution.

Your Excellency's leaving this Government, we esteem as a publick Loss, having in our Minds anticipated the Happiness we had the greatest Probability of enjoying under your Administration; Your Knowledge in the Profession you exercised antecedent to his Majesty's Appointment of you to preside here, flattered us with Hopes of a speedy and equitable Decision in the only Litigation of Consequence which exists in the Colony; and your general Conduct will remain gratefully impressed on the Minds of the People, who will ever consider themselves in a Manner interested in your future Ease and Happiness.

*The*

*The Character you are pleased to give us of your Successor in the Administration, gives us great Satisfaction ; and if he should, like yourself, be so happy as to come to an early Knowledge of the Genius of the People, and fortunate in receiving his Information concerning us, from such as know, and are Friends to the Colony, we hope all our publick Affairs will still continue to be carried on with Harmony and Dispatch.*

*Gentlemen of the Council, and Gentlemen of the General Assembly.*

**A**NIMATED with Zeal for His Majesty's Service, and affected with a most grateful Sense of His Royal Favour conferred upon me, I feel myself, Gentlemen, uncommonly happy, when I reflect, that the Acknowledgement expected of me, the pleasing Return required for His Majesty's gracious Condescension, is no other, than that I should promote, to the Utmost of my Power, what the best of Sovereigns has most at Heart, the Happiness of his People. Your's, Gentlemen, is now become my Duty and peculiar Concern; and the very Circumstance of my being till this Time a Stranger to you in your Legislative Capacities, is an Argument of my having preferred your Convenience to my own Inclination to meet you earlier.

I bring with me, Gentlemen, a Heart disposed to Harmony; and though our Form of Government calls, at all Times, from those in my Sphere, for a strenuous Assertion of His Majesty's lawful Authority, yet whilst I have the Honour to be at the Head of this Province, you may depend, Gentlemen, upon your Rights and Privileges being safe from every Violation or Infringement,

I have Nothing in particular from His Majesty's Ministers to lay before you. But,

*Gentlemen of the General Assembly,*

The Support Bill is some Time since expired. You know, by the 23d Instruction, already entered upon your Journals, what I am ordered to propose to you; you know also what is prescribed me, with regard to the Disposal and Issuing of Publick Money; nor can you be ignorant how grossly the late Method pursued, is a Deviation from the Principles of the Constitution. There never was a Reign, Gentlemen, when the Hands of Government might be strengthen'd with more Security to the People, nor ever Times more auspicious for receiving Confidence, and banishing Jealousy from your Bosoms. To Power well employed, you owe your present Ease and Security; to that you owe the inoffensive Condition that a perfidious and once formidable Enemy is reduced to. Consult the Spirit of the Constitution, and yield to the Emotions of Gratitude, which His Majesty's Parental Attention (so happily and effectually directed to the Preservation of every Thing dear to you) must have excited; and I shall indulge myself, with the pleasing Hopes of my Administration's being rendered memorable, by fresh Instances of your Affection, Fidelity and Loyalty.

*Gentlemen of the Council, and Gentlemen of the General Assembly,*

After so fortunate a Campaign, I cannot but wish you Joy, on the strongest Probability of Peace and Affluence being secured to you by the Wisdom of His Majesty's Councils, and the prudent and spirited Efforts of His Arms. You have now little to dread from without; maintain therefore Tranquillity within, and make a Return to God for the Blessings vouchsafed you, by a charitable and benevolent Behaviour to one another.

As to me, Gentlemen, I am urged by the strongest Incentives to interest myself in your Welfare; for from the Prosperity of the Province, I shall derive publick Consideration, and from your good Opinion, my private Happiness.

To His Excellency THOMAS BOONE, Esquire; Captain General, Governor and Commander in Chief in and over the Province of Nova-Cæsarea, or New-Jersey, and Territories thereon depending, in America, Chancellor, and Vice-Admiral in the same, &c.

The Humble ADDRESS of the Representatives of the said Province, in General Assembly convened.

May it please Your Excellency,

**WE**, His Majesty's dutiful and loyal Subjects; the Representatives of New-Jersey, in General Assembly convened, sensible of the many Blessings we derive under the present Administration, and warmed by the glorious Prospect of having the antient Enemy to the Quiet of North-America, disabled from interrupting her future Progress, are desirous to demonstrate the grateful Sentiments we entertain of the Importance of such Benefits; and therefore think it a Duty indispensable, to return our Acknowledgments, first to the King of Kings, and then to the King our Sovereign, for these, with the many other Instances of Parental Regard, which hath long distinguished his illustrious Reign; and for Years past brightened up with a Lustre unknown to former Generations. Late, very late, may that Period arrive, which is to finish a Life so valuable! And may the Monuments of National Exertion, particularly the Monument of Canada, remain, to bless Britain and her Colonies, whilst Britain and her Colonies shall remain sensible of the Importance and Value of such a Blessing! And that we trust will be till Time shall be no more.

As to the late Methods of issuing Publick Money, we believe they are capable of a better Construction, than seems at first to have occurred to your Excellency; it being no other than what has been usual with your Excellency's Predecessors, during all the last and present War; who doubtless thought the Methods warrantable; and no-Inconvenience that we know of, has ever attended it; but on the contrary, a considerable Promotion of his Majesty's Service.

Your Excellency's preferring our Convenience to your own Inclination, in delaying the Time of our Meeting, is not the only Presage of future Kindness, that the little Time you have been among us, has given Reason to expect. Happy in the Prospect, that your Administration will be beneficial to the Publick, and easy to yourself, permit us to embrace this first Opportunity of congratulating your Accession to this Government; and Arrival in it, at a Period when the signal Success of his Majesty's Arms seems to promise happier Times than have lately been known; and when, in all Probability, your Excellency will have an ample Field for exerting those Talents, at promoting publick and private Happiness, which, we have Reason to conclude, you are both by Inclination and Abilities qualified for.

And

*And as Harmony in all publick Busines, upon a proper Foundation, is a most desirable Attainment, we can assure you, Nothing on our Part shall interrupt it.*

*We have agreed to Support his Majesty's Government, in as ample a Manner as usual, and hope it may prove to your Satisfaction.*

*We heartily wish Your Excellency may long live among us, to enjoy the Satisfaction of having rendered a whole People happy: The publick Consideration it gives, is an interesting Motive; the conscious internal Superiority which invariably attends it, is a Recompence that Diadems cannot give, nor the Accidents of Time impair: Your Excellency well knows its Advantages; nor have we the least Reason to doubt, but that the happy Experience will be yours.*

Signed by Order of the House,

Burlington, Nov. 21, 1760.

SAMUEL NEVILL, Speaker,

To which his Excellency was pleased to return the following Answer.

*“ Mr. Speaker, and Gentlemen of the House of Representatives,*

*“ I AM happy to receive your cordial Acknowledgements of the Advantages derived to you, by his Majesty's Concern and Tendernefs for North-America: Your Conduct will, I dare flatter myself, correspond with these Declarations of Gratitude; but it was scarce necessary, Gentlemen, to point out any Thing that regards your future Security, to those to whom you owe your Preservation.*

*“ I am extremely obliged to you, Gentlemen, for giving me a Gleam of Hope; that the Inconsistency which I represented touching the publick Money, may have its Period with the War, during which it has continued.*

*“ Every Mark of Confidence, I shall set the utmost Value upon; and every Instance of your Bounty, shall be employed in maintaining the Rank of your Governor: In both these Lights, I return you, Gentlemen, my hearty Thanks, for the Manner in which you have provided for the Support of Government.*

*“ I hope, by an invariable Pursuit of the true Interests of this Province, to improve in your Esteem; and to be thought not unworthy hereafter of your entire Confidence.*

A Petition was presented to the House, and read, from *John Hammond*, setting forth, That the Petitioner served many Years as a Soldier in the Regiment of this Province, and has not received his full Pay for the Service of the Year 1759; and being now, thro' Age and Sickness, reduced to great Want, humbly craves such Relief, as the House in their Goodness shall see meet.

*Ordered,*

That the said Petition be referred for further Consideration.

" Mr. MORRIS,

" Mr. KEMBLE,

" Mr. WOODRUFF,

" Mr. SMITH.

" Mr. Kemble, from the Committee, to whom the Bill, entitled, *An Act for building a Court-House and Goal in the County of Suffex*, was referred; reported, " That they had considered the said Bill, and Petitions relating to the same, sent up " from the House of Assembly: That it did not appear to the Committee, that the " said Place, by the Bill fixed for building the Court-House and Goal, was the most " convenient and proper for that Purpose; nor were the Committee, for Want of " sufficient Information, able to say what Place was the most convenient:

" Whereupon it was *ordered*,

" That the said Bill and Petitions do lie on the Table.

" *Ordered*,

*Ordered*,

That the Committee of Correspondence, do write to the Agent of this Colony, acquainting him, that the Reason no Name is inserted in the Support-Bill of this Session, as Chief-Justice of this Province, is because the House would not interfere in the Dispute between the two Gentlemen claiming the said Office, and not out of any Disrespect to the Gentleman who at present does the Duty of that Station, and who, it is said, acts therein by Virtue of his Majesty's Commission during Good Behaviour; on which Account, the House is informed, the Dispute lies before his Majesty, who, we doubt not, will take Order therein as shall be most agreeable to Justice and the known Laws of the Land.

*Ordered*,
